

Fenton SHFT60B

Fenton SHFT60B HiFi Tower Speaker Instruction Manual

Model: SHFT60B

INTRODUCTION

This manual provides essential information for the safe and efficient operation of your Fenton SHFT60B HiFi Tower Speakers. Please read this manual thoroughly before use and retain it for future reference.

SAFETY INSTRUCTIONS

- Ensure proper ventilation around the speakers.
- Do not expose the speakers to rain or moisture.
- Avoid placing speakers near heat sources or direct sunlight.
- Use only specified power sources and cables.
- Do not attempt to open or service the speakers yourself. Refer all servicing to qualified personnel.
- Keep out of reach of children.

PACKAGE CONTENTS

Upon opening the package, verify that all components are present and undamaged:

- 2 x Fenton SHFT60B HiFi Tower Speakers
- Audio Cables
- Instruction Manual (this document)

SETUP

Speaker Placement

For optimal sound quality, place the speakers on a stable, flat surface. Ensure there is adequate space around each speaker for proper sound dispersion and ventilation. The speakers are designed for floor placement.

Image: Front view of the Fenton SHFT60B tower speakers, showing their design with and without the protective grille.

Connecting the Speakers

The Fenton SHFT60B speakers are passive and require connection to an amplifier or receiver. Use the provided audio cables to connect the speakers to your audio system.

1. Identify the positive (+) and negative (-) terminals on the back of each speaker and on your amplifier/receiver.
2. Connect the positive terminal of the speaker to the positive terminal of the amplifier.
3. Connect the negative terminal of the speaker to the negative terminal of the amplifier.
4. Ensure all connections are secure to prevent signal loss or short circuits.

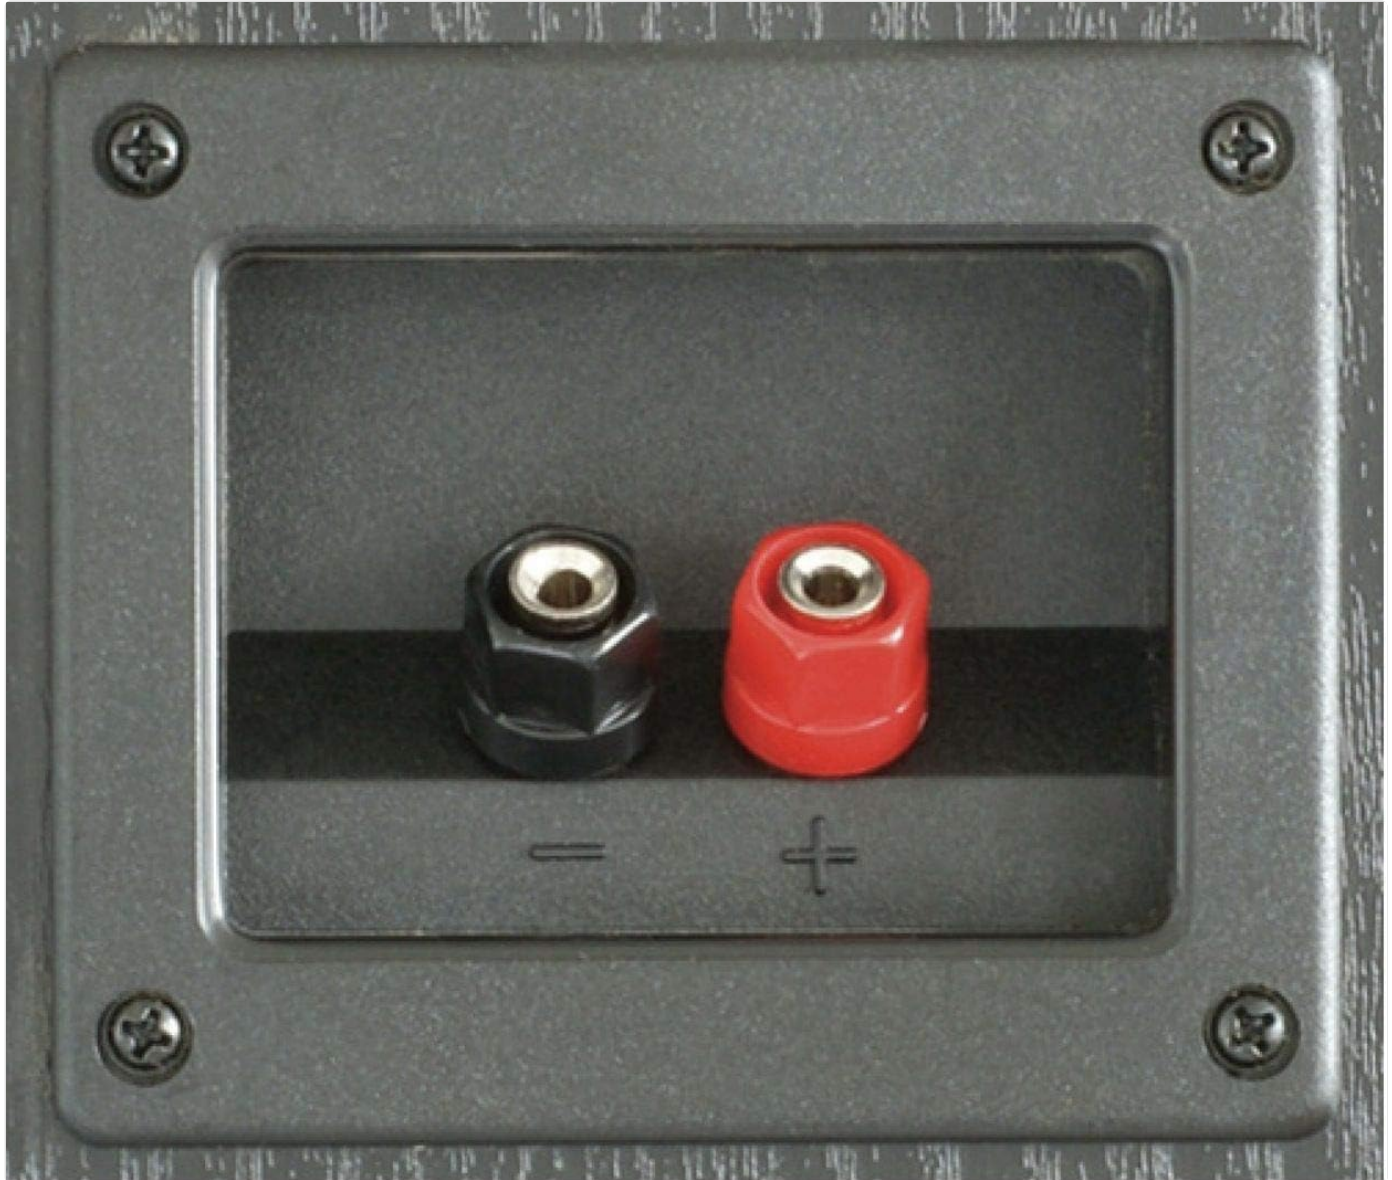

Image: Rear view of the speaker connection terminals, indicating positive (red) and negative (black) inputs.

OPERATING

Initial Power On

Once connected to your amplifier, turn on your amplifier and select the appropriate input source. Gradually increase the volume to a comfortable listening level.

Sound Adjustment

Adjust the bass, treble, and balance settings on your amplifier to suit your personal preference and room acoustics. The

SHFT60B speakers are designed to deliver clear highs and deep bass.

MAINTENANCE

Cleaning

To clean the speaker cabinets, use a soft, dry cloth. Do not use liquid cleaners or abrasive materials, as these may damage the finish. For the speaker grilles, gently vacuum or brush away dust.

Storage

If storing the speakers for an extended period, ensure they are kept in a cool, dry place, away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No sound from speakers	Incorrect wiring; Amplifier off or wrong input selected; Damaged cables.	Check all speaker connections (positive to positive, negative to negative). Ensure amplifier is on and correct input is selected. Test with different audio cables if available.
Distorted sound	Volume too high; Amplifier clipping; Damaged speaker driver.	Reduce volume. Check amplifier's power output and ensure it matches speaker's impedance. If distortion persists at low volumes, contact support.
One speaker not working	Loose connection; Damaged cable; Faulty amplifier channel.	Check connections for the non-working speaker. Swap speaker cables to determine if the issue is with the speaker or the cable/amplifier channel.

SPECIFICATIONS

Feature	Detail
Brand	Fenton
Model	SHFT60B
Speaker Type	Tower, Passive
Configuration	3-way (2 x 6.5" woofers, 1 x Neodymium tweeter)
Max Power Output	500 Watts (PMPO)
RMS Power	180 Watts
Frequency Response	28Hz - 22kHz
Impedance	8 Ohms

Feature	Detail
---------	--------

Dimensions (H x W x D)	860 x 200 x 250 mm
Weight per unit	7.5 kg
Color	Black

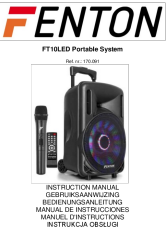

WARRANTY AND SUPPORT

This product comes with a limited warranty. For detailed warranty information and support, please refer to the documentation provided at the time of purchase or visit the official Fenton website. For technical assistance or service inquiries, please contact your retailer or authorized service center.

Manufacturer: Skytronic
Product Number: 100.260
