Joker Machine 10-210-4B

Joker Machine Rain Sock for 4-inch Air Cleaners (Model 10-210-4B) Instruction Manual

This manual provides detailed instructions for the proper installation, operation, and care of your Joker Machine Rain Sock.

1. PRODUCT OVERVIEW

The Joker Machine Rain Sock is a water-repellent prefilter designed to protect 4-inch Joker Machine air cleaners equipped with K&N filters during wet weather conditions. It is manufactured in the USA.

- Water-repellent prefilter for riding in rainy weather.
- Compatible with all Joker Machine air cleaners utilizing 4-inch K&N filters.
- Features hook-and-loop attachment for straightforward installation and removal.
- Manufactured in the USA.

2. INSTALLATION INSTRUCTIONS

The Joker Machine Rain Sock is designed for easy installation and removal. Follow these steps for proper attachment:

1. Ensure your Joker Machine air cleaner is equipped with a 4-inch K&N filter.
2. Position the rain sock over the air cleaner, ensuring it fully covers the filter element.
3. Secure the rain sock using its integrated hook-and-loop fastening system. Ensure it is firmly attached to prevent dislodgement during operation.

3. OPERATING INSTRUCTIONS

Once installed, the rain sock functions as a protective barrier, repelling water from your air filter during wet riding conditions. This helps maintain optimal air filter performance and extends its lifespan by preventing water saturation.

The rain sock is intended for use during rain or wet conditions. It can be easily removed when not required, for example, during dry weather riding or for cleaning.

4. CARE AND MAINTENANCE

To ensure the longevity and effectiveness of your Joker Machine Rain Sock, follow these guidelines:

- **Cleaning:** If the rain sock becomes dirty, gently hand wash it with mild soap and cold water. Avoid harsh detergents or abrasive cleaning methods.
- **Drying:** Allow the rain sock to air dry completely before reinstallation or storage. Do not machine dry.
- **Inspection:** Periodically inspect the rain sock for any signs of wear, tears, or damage to the hook-and-loop fasteners. Replace if significant damage is observed to ensure continued protection.

5. TROUBLESHOOTING

This section addresses common concerns regarding the Joker Machine Rain Sock.

- **Rain Sock Does Not Stay On:** Ensure the hook-and-loop fasteners are clean and securely attached around the air cleaner. Verify that the rain sock is correctly sized for your 4-inch Joker Machine air cleaner with a K&N filter.
- **Water Penetration:** Confirm the rain sock is properly installed and fully covers the air filter. Inspect for any tears or damage that might compromise its water-repellent properties.

6. PRODUCT SPECIFICATIONS

Feature	Detail
Brand	Joker Machine
Model Name	Rain Sock for Joker Air Cleaner - 4in.
Model Number	10-210-4B
Item Weight	0.352 ounces
