nanoblock NBC-064

KAWADA NanoBlock Snowman NBC-064 Instruction Manual

Introduction

The KAWADA NanoBlock Snowman NBC-064 is a miniature building block set designed for intricate construction. NanoBlock pieces are among the smallest building blocks available, measuring approximately 4mm x 4mm, allowing for highly detailed and elaborate models. This manual provides guidance for assembling and maintaining your NanoBlock Snowman model.

Assembly Instructions

Assembling your NanoBlock model requires attention to detail due to the small size of the components. Always refer to the detailed diagrammatic instructions included in your product packaging for precise step-by-step guidance.

Step 1: Preparation

- Carefully unpack all components from the packaging.
- Sort the NanoBlock pieces by color and size. This will significantly aid in the assembly process.

Step 2: Building the Base

Begin construction from the base of the snowman, working upwards. Follow the numerical or sequential steps provided in the physical instruction booklet to ensure correct layering and block placement.

Step 3: Constructing the Body

Connect the blocks firmly but gently. Due to their miniature size, precise alignment is crucial for a stable and accurate model. Ensure each block is securely seated before proceeding to the next layer.

Step 4: Adding Details

Once the main body is complete, attach the smaller, intricate details such as the black top hat with its blue band, the orange carrot nose, black eyes and buttons, the green scarf, and the brown stick arms with red

mittens. Refer to the visual guide for exact placement.

Usage Guidelines

The NanoBlock Snowman NBC-064 is designed as a display model. Once assembled, it can be placed on a flat, stable surface. While durable, avoid excessive handling or dropping to prevent pieces from detaching.

Maintenance

- **Cleaning:** To remove dust, use a soft brush or a can of compressed air. Avoid using wet cloths or harsh cleaning agents, as these may damage the plastic or cause discoloration.
- **Storage:** If disassembling for storage, keep all pieces in a sealed container to prevent loss. Store the assembled model in a location away from direct sunlight and extreme temperatures to preserve its color and structural integrity.

Troubleshooting

Missing Pieces

In the rare event of missing pieces, please contact the retailer or the manufacturer's customer support with your product details and proof of purchase.

Difficulty Connecting Blocks

Ensure that the blocks are correctly oriented and aligned before attempting to connect them. Apply gentle, even pressure. Avoid forcing blocks together, as this can cause damage.

Product Specifications

Feature	Detail
Brand	nanoblock
Model Number	NBC-064 (NAN-NBC064)
Material	Plastic
Number of Pieces	160
Product Dimensions (H x W x D)	48mm x 90mm x 40mm
Weight	18.1 g
Target Age	12 years and older
Educational Objective	Creative Thinking
Assembly Required	Yes
