Goki 56716

Goki Ladybug Wooden Domino Game Instruction Manual

Model: 56716

Brand: Goki

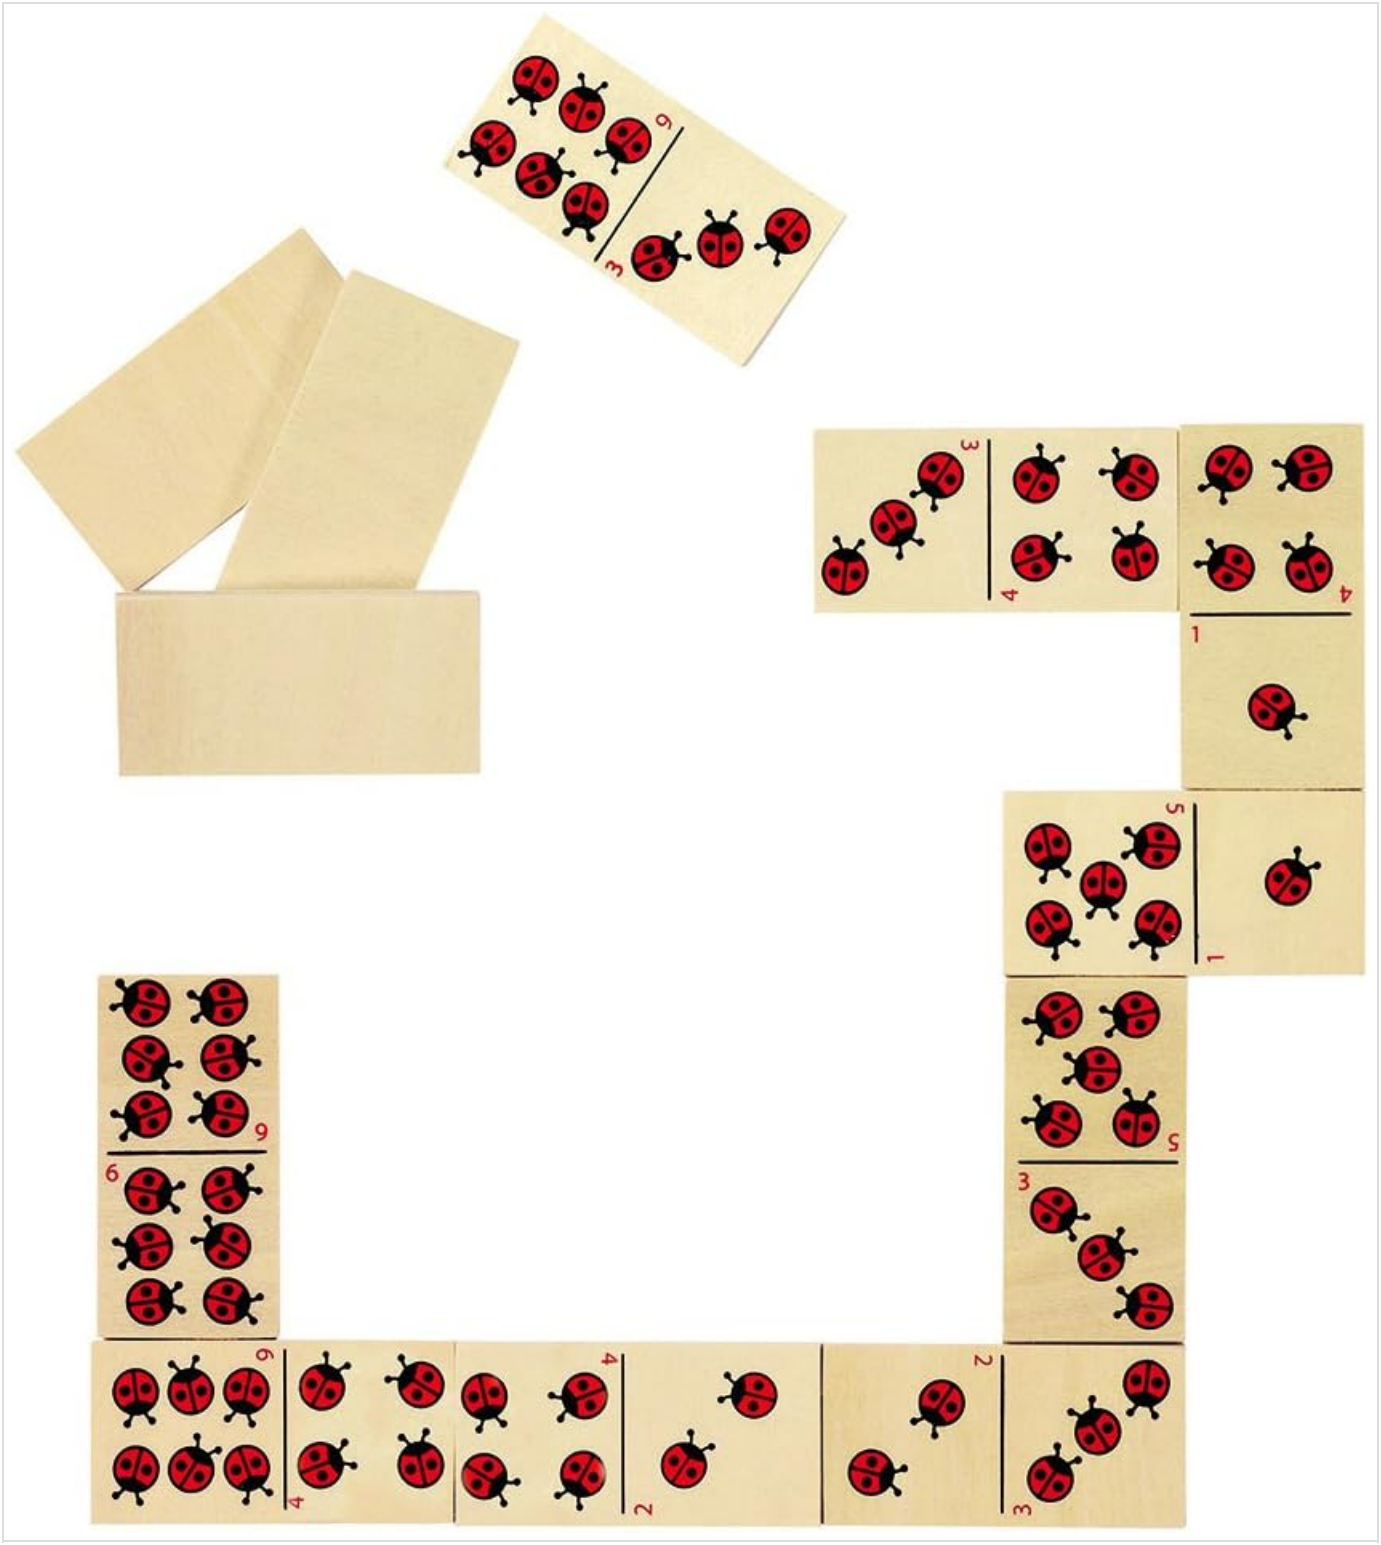

Introduction

Welcome to the Goki Ladybug Wooden Domino Game. This classic game, featuring charming ladybug illustrations, is designed to be both fun and educational. It helps children recognize numbers and patterns while developing association skills. This manual provides comprehensive instructions for setup, gameplay, and care to ensure a delightful experience.

Product Overview

The Goki Ladybug Wooden Domino Game consists of 28 wooden domino tiles. Each tile is adorned with ladybug illustrations representing numbers, making it easy and engaging for young players.

- Material: Wood
- Number of Pieces: 28 domino tiles
- Recommended Age: 3 years and up
- Dimensions (per tile, approximate): 6 x 3 cm

This image displays the complete Goki Ladybug Wooden Domino Game set, including all 28 wooden tiles. The tiles are light-colored wood with red ladybug illustrations, representing numbers from 0 to 6 on each half of the domino.

Setup

1. **Unpack**: Carefully remove all 28 wooden domino tiles from their packaging.
2. **Inspect**: Check all tiles for any damage or missing pieces.
3. **Shuffle**: Place all domino tiles face down and shuffle them thoroughly.
4. **Draw Tiles**: Each player draws a set number of tiles. For 2 players, typically 7 tiles each. For 3-4 players, typically 5 tiles each. Remaining tiles form the "boneyard" or "stock."

How to Play

The objective of the game is to be the first player to empty your hand of domino tiles.

1. **Starting the Game**: The player with the highest double domino (e.g., two 6s) starts the game by placing it in the center of the playing area. If no player has a double, the player with the highest single domino (e.g., a 6-5) starts.
2. **Taking Turns**: Players take turns placing one domino tile from their hand onto the playing area.
3. **Matching Tiles**: A domino can only be placed if one of its ends matches the number of ladybugs on an open end of a domino already on the table. For example, if a 6-6 is on the table, a player can place a 6-X domino next to it, matching the 6s.
4. **Drawing from the Boneyard**: If a player cannot make a move with any of their current tiles, they must draw one tile at a time from the boneyard until they can make a valid move or the boneyard is empty.
5. **Passing a Turn**: If the boneyard is empty and a player still cannot make a move, they must pass their turn.
6. **Winning the Game**: The first player to place all their dominoes wins the round. Points can be scored based on the remaining tiles in opponents' hands.

This image illustrates the Goki Ladybug Wooden Domino Game in progress. Several wooden domino tiles are connected in a chain, with matching ladybug numbers at their ends, showing how players link tiles during gameplay.

Maintenance

To ensure the longevity of your Goki Ladybug Wooden Domino Game:

- **Cleaning**: Wipe the wooden tiles with a dry or slightly damp cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Storage**: Store the dominoes in their original box or a suitable container in a dry place, away from direct sunlight and extreme temperatures.
- **Avoid Moisture**: Wood can warp or swell if exposed to excessive moisture. Keep the tiles dry.
- **Supervision**: For younger children, adult supervision is recommended during play and handling to prevent loss or damage to the small pieces.

Troubleshooting

This section addresses common questions or minor issues you might encounter.

Missing or Damaged Pieces

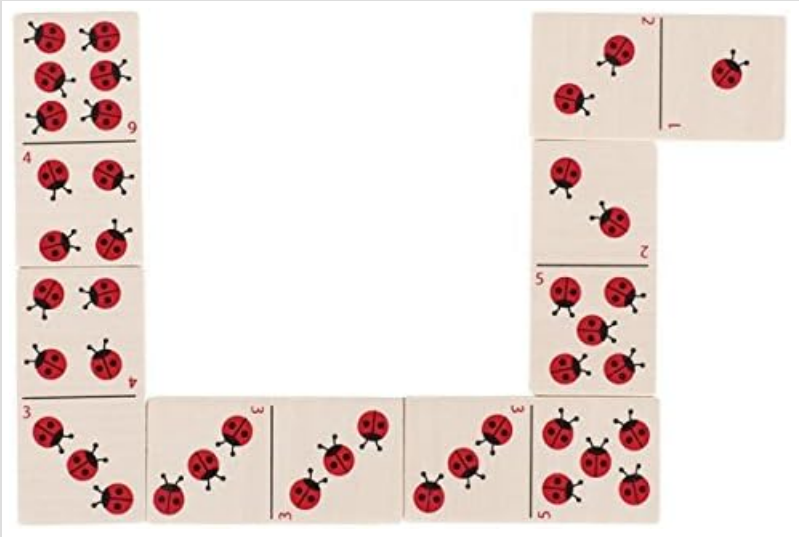

If you find any missing or damaged pieces upon opening the product, please contact Goki customer support immediately.

Tiles Not Matching

Ensure you are matching the correct number of ladybugs on the ends of the dominoes. Each half of a domino must connect to a half with the identical number of ladybugs.

Specifications

Feature	Detail
