Classic LT32L2

Classic Remote Control Instruction Manual for Daewoo LT32L2

INTRODUCTION

This Classic remote control is a direct replacement for your original Daewoo LT32L2 remote control, offering all original functions. No programming is required; simply insert batteries to begin operation. The Classic range of remote controls has been a preferred choice for European TV repair technicians for over 10 years. Unlike many 'generic' remotes, the Classic remote is custom-developed to integrate all functions of the remote it replaces. The mechanical design maintains the quality of the original product, and the buttons, with associated text, are optimized for clear readability and ease of use. Materials and components are selected for reliability.

SETUP

1. Battery Installation

Locate the battery compartment on the back of the remote control. Insert two AAA batteries, ensuring correct polarity (+/-). Close the battery compartment cover securely.

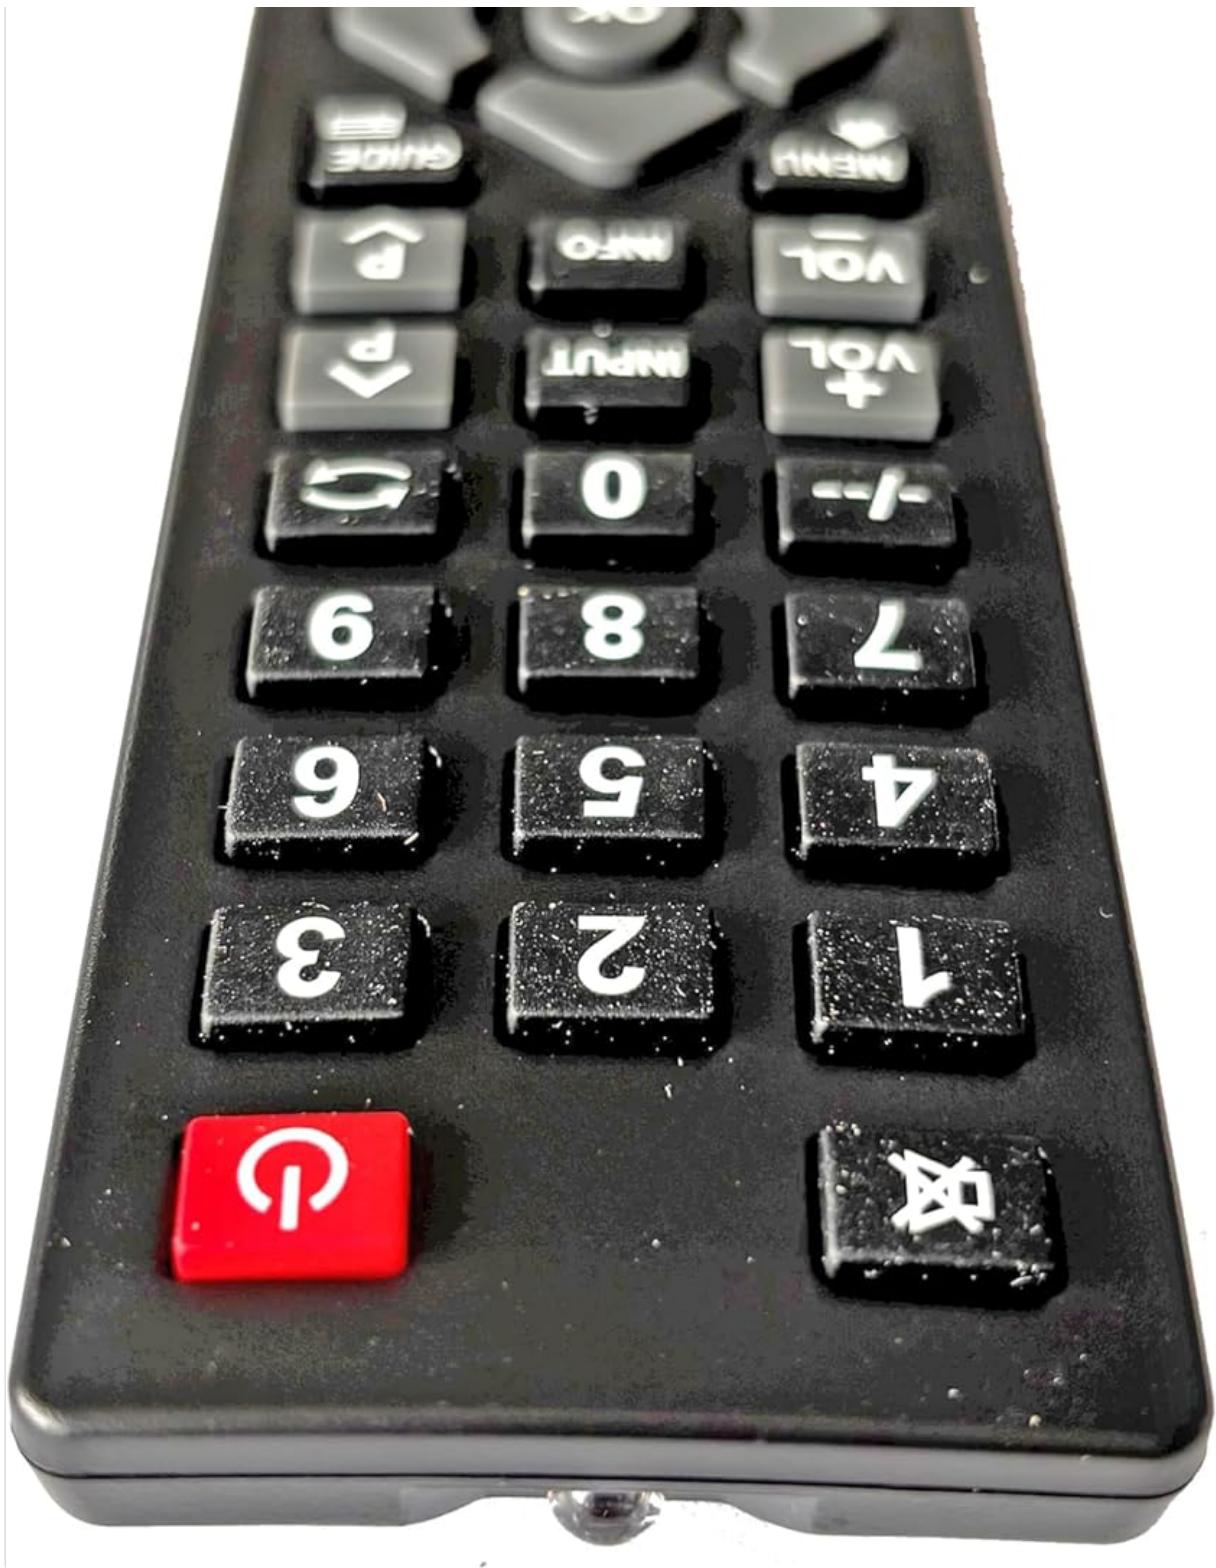

Image: Front view of the Classic remote control, illustrating the general design and the typical location of the battery compartment on the rear.

2. First Use

No programming is necessary. Once batteries are installed, the remote control is ready for immediate use with your Daewoo LT32L2 television. Point the remote control directly at the television's infrared sensor.

OPERATING INSTRUCTIONS

This remote provides access to **ALL** functions of the original remote control (excluding programmable keys).

Image: Close-up of the upper part of the Classic remote control, highlighting the power button, number pad, and volume controls.

- **Power Button:** Press to turn the television on or off.
- **Number Buttons (0-9):** Use to select channels directly.
- **Volume Up/Down (VOL +/-):** Adjust the sound volume.
- **Channel Up/Down (CH +/- or P +/-):** Change television channels.
- **Mute Button:** Mute or unmute the television sound.
- **Input/Source Button:** Select different input sources (e.g., HDMI, AV).
- **Menu Button:** Access the television's main menu.
- **Navigation Buttons (Up, Down, Left, Right, OK):** Navigate through menus and confirm selections.

- **Return/Back Button:** Go back to the previous screen or menu.

Image: Angled view of the Classic remote control, displaying a wider range of function buttons for various television operations.

Note on Button Layout: As this is a replacement remote, the position of some buttons may differ from your original remote. Some keys might have dual functions if the original remote had fewer buttons. Refer to your television's user manual for specific function details if needed.

MAINTENANCE

- Keep the remote control clean by wiping it with a soft, dry cloth. Avoid using liquid cleaners or abrasive materials.
- Do not expose the remote control to extreme temperatures, high humidity, or direct sunlight.
- If the remote control will not be used for an extended period, remove the batteries to prevent potential leakage and damage.

TROUBLESHOOTING

Remote not responding:

- Check battery polarity. Ensure batteries are inserted correctly according to the +/- markings.

- Replace batteries with new ones. Low or depleted batteries are a common cause of unresponsiveness.
- Ensure there are no obstructions between the remote control and the television's infrared sensor.
- Point the remote control directly at the television's infrared sensor.

Some functions not working:

- Verify that the specific function was present on your original Daewoo LT32L2 remote. This replacement remote is designed to replicate original functions.
- Refer to your television's user manual for specific function details and compatibility.

SPECIFICATIONS

Brand	Classic
Model Number	5052745613477
