Disney Frozen Arendelle Palace Dollhouse Instruction Manual

Model: 65945

1. PRODUCT OVERVIEW

The Disney Frozen Arendelle Palace Dollhouse offers an immersive play experience with its detailed design and multiple rooms. This dollhouse is suitable for dolls up to 12 inches (30 cm) tall and features three levels and five distinct rooms, providing ample space for imaginative play. The construction includes composite wood panels, molded plastic staircases, and a chandelier, ensuring durability and an authentic Arendelle feel.

3. ASSEMBLY AND SETUP

Assembly of the Disney Frozen Arendelle Palace Dollhouse is required. Please follow the instructions carefully. An estimated assembly time is approximately 1.5 to 3.5 hours for one person. A screwdriver and an Allen wrench (often included in the hardware pack) are typically required.

3.1. Assembly Video Guide

Your browser does not support the video tag.

Video: This video provides a 3D interactive assembly guide for the Disney Frozen Arendelle Palace Dollhouse, demonstrating step-by-step construction of the dollhouse structure, stairs, and furniture pieces. It highlights the use of the BILT app for detailed instructions.

3.2. Key Assembly Steps

1. **Unpack and Organize:** Lay out all parts and hardware. Refer to the parts list to ensure everything is accounted for.
2. **Assemble Base Structure:** Connect the side panels and floor panels according to the numbered instructions.
3. **Install Floors and Walls:** Securely attach the floor and wall sections for each level.
4. **Attach Roof:** Carefully position and secure the roof section.
5. **Assemble Staircase:** Construct the spiral staircase and attach it to the dollhouse. Ensure it is properly aligned for stability.
6. **Place Furniture:** Arrange the included furniture pieces in the desired rooms.

4. OPERATING THE DOLLHOUSE

The Disney Frozen Arendelle Palace Dollhouse is designed for imaginative play. Place your favorite 12-inch dolls and accessories within the various rooms to create stories and scenarios. The dollhouse encourages creative storytelling and role-playing.

- **Doll Placement:** Position dolls in any of the five rooms or on the staircase.
- **Furniture Arrangement:** The included furniture can be moved and rearranged to customize the dollhouse layout.
- **Interactive Elements:** Utilize the staircase for movement between floors and the chandelier for added realism.

5. MAINTENANCE

To ensure the longevity and appearance of your dollhouse, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, as they may damage the finish.
- **Material Care:** The dollhouse is made from MDF, solid wood, plastic, fabric, and steel. Avoid prolonged exposure to direct sunlight or excessive moisture to prevent warping or fading.
- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight. Tighten as necessary to maintain structural integrity.

6. TROUBLESHOOTING

If you encounter any issues with your dollhouse, refer to the following common solutions:

- **Stairs Not Secure:** The plastic staircase is designed to be removable for flexible play. If it frequently detaches during normal use, ensure the connecting points on the dollhouse structure are not obstructed

and that the staircase is fully seated. Some users have found loosening the screws on the adjacent side panel slightly, inserting the stairs, and then re-tightening can improve stability.

- **Furniture Instability:** If small furniture pieces like the fireplace or chairs seem unstable, ensure they are placed on a flat surface. The dollhouse floors are designed to be level.
- **Dolls Don't Fit Beds:** The dollhouse is designed for dolls up to 12 inches. Some specific doll models may have unique dimensions that make them a tight fit for the included beds. This is a design characteristic and not a defect.
