Bajaj ICX 8 Plus

Bajaj Majesty ICX 8 Plus 2000-Watt Induction Cooktop User Manual

Model: ICX 8 Plus | Brand: Bajaj

1. Introduction

Thank you for choosing the Bajaj Majesty ICX 8 Plus Induction Cooktop. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your new appliance. Please read these instructions carefully before use and retain them for future reference.

2. Safety Instructions

- Ensure the cooktop is placed on a stable, flat, and heat-resistant surface.
- Do not immerse the appliance, power cord, or plug in water or any other liquid.
- Use only induction-compatible cookware. Non-compatible cookware will not heat.
- Keep metallic objects such as knives, forks, spoons, and lids away from the cooktop surface as they can become hot.
- Do not touch the hot surface immediately after cooking. The residual heat from the cookware can make the glass surface hot.
- Ensure adequate ventilation around the cooktop during operation.
- Unplug the appliance from the power outlet when not in use and before cleaning.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory, or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Do not operate the appliance with a damaged cord or plug.

3. Product Overview

The Bajaj Majesty ICX 8 Plus Induction Cooktop features a sleek design with intuitive controls for efficient cooking.

Front view of the Bajaj Majesty ICX 8 Plus induction cooktop, showing the cooking surface and control panel.

Key components include the induction cooking surface, the control panel with 'Tak switch controls', and the power cord.

4. Setup

1. **Unpacking:** Carefully remove the cooktop from its packaging. Retain the packaging for future transport or storage.
2. **Placement:** Place the cooktop on a dry, stable, and level surface, ensuring there is sufficient space around it for ventilation (at least 10 cm from walls or other appliances).
3. **Power Connection:** Plug the power cord into a standard electrical outlet. Ensure the voltage matches the specifications of the appliance.
4. **Initial Cleaning:** Wipe the cooking surface with a soft, damp cloth before first use.

5. Operating Instructions

The Bajaj Majesty ICX 8 Plus features user-friendly 'Tak switch controls' for various cooking functions.

1. **Power On/Off:** Press the 'On/Off' button to activate or deactivate the cooktop.
2. **Placing Cookware:** Place an induction-compatible vessel centrally on the cooking zone before selecting a function. The cooktop will automatically shut off if no vessel is detected for 1 minute.
3. **Using Preset Menus:** The cooktop offers 7 preset menus. Select the desired menu by pressing the corresponding button. Each preset is designed to provide optimal temperature and wattage for specific cooking tasks.
4. **Keep Warm Mode:** Activate the 'Keep Warm' mode to maintain your food at a serving temperature without further cooking.
5. **Booster Function:** Use the 'Booster' function to temporarily operate the induction cooker at its full 2000-watt power for rapid heating.
6. **Adjusting Power/Temperature:** Use the '+' and '-' buttons to manually adjust the power or temperature settings if not using a preset menu.

6. Maintenance and Cleaning

Regular cleaning ensures the longevity and optimal performance of your induction cooktop.

- Always unplug the cooktop and allow it to cool completely before cleaning.
- Wipe the glass cooking surface with a soft, damp cloth and mild detergent. For stubborn stains, use a non-abrasive cleaner specifically designed for glass cooktops.
- Do not use abrasive pads, harsh chemicals, or steel wool, as these can scratch or damage the surface.
- Clean the control panel with a soft, dry cloth. Avoid getting moisture into the control area.
- Ensure the ventilation openings are free from dust and debris.

7. Troubleshooting

If you encounter issues with your cooktop, refer to the following common problems and solutions:

- **Cooktop not turning on:** Check if the power cord is securely plugged into the outlet. Ensure the main power switch (if any) is on.
- **No heating:** Verify that an induction-compatible vessel is placed correctly on the cooking zone. The vessel must have a flat bottom and be made of ferromagnetic material.
- **Error codes displayed:** Refer to the specific error code in the full product manual (if available) or contact customer support. Common errors relate to overheating, incorrect cookware, or internal faults.
- **Uneven heating:** Ensure the cookware base is flat and covers a significant portion of the cooking zone.
- **Cooktop automatically shuts off:** This is a safety feature. It may occur if no vessel is detected for 1 minute, if the cooktop overheats, or if the wrong type of cookware is used.

8. Specifications

Brand	Bajaj
Model	ICX 8 Plus
Power	2000 Watts
Item Weight	3 kg 200 g (7.05 Pounds)
Special Feature	Induction Cooktop
Controls Type	Knob
