## Honeywell HFD320

# Honeywell Air Genius 5 Air Purifier HFD320 Instruction Manual

Model: HFD320

Brand: Honeywell

## INTRODUCTION

---

The Honeywell Air Genius 5 Air Purifier HFD320 is designed to improve indoor air quality by capturing microscopic airborne particles such as dust, pollen, pet dander, dust-mite debris, and smoke. This unit features permanent washable filters, reducing the need for frequent replacements. It offers multiple cleaning levels, quiet operation, and an optional accent light, making it suitable for various room environments.

## IMPORTANT SAFETY INFORMATION

---

- Read all instructions before using this appliance.
- Always place the air purifier on a firm, level surface.
- Do not block air openings.
- Unplug the appliance before cleaning or performing any maintenance.
- Keep electrical cords away from heated surfaces.
- This product is for indoor use only.

## PACKAGE CONTENTS

---

- Honeywell Air Genius 5 Air Cleaner/Odor Reducer
- Odor-Reducing Pre-filter
- Owner's Manual

## PRODUCT OVERVIEW

---

The Honeywell Air Genius 5 Air Purifier (Model HFD320) is a sleek, black tower unit designed for effective air purification. Its control panel is located on the top, providing easy access to all functions.

## SETUP

1. **Unpacking:** Carefully remove the air purifier from its packaging.
2. **Placement:** Place the unit on a firm, level, and flat surface. Ensure there is adequate space around the unit for proper air circulation. Avoid placing it directly against walls or furniture that might obstruct air intake or output.
3. **Power Connection:** Plug the power cord into a 120V AC electrical outlet.

## OPERATING INSTRUCTIONS

The control panel on top of the unit allows you to manage all functions.

## Power On/Off

Press the **Power** button (usually indicated by a circle with a vertical line) to turn the unit on or off.

## Purification Levels

The unit offers five purification levels to suit different needs:

- **Sleep (Level 1):** Quiet operation for nighttime use.
- **Germs (Level 2):** Optimized for reducing airborne germs.
- **General (Level 3):** Standard purification for everyday use.
- **Allergen (Level 4):** Enhanced filtration for allergy sufferers.
- **Max (Level 5):** Maximum air cleaning power for rapid purification.

Press the **Purification Level** button repeatedly to cycle through the levels.

## Auto-Off Timer

Set the unit to automatically turn off after a specified period. Options typically include 2, 4, 6, 8, 10, or 12 hours. Press the **Auto-Off Timer** button to select the desired duration.

## Accent Light

The unit features an optional accent light at its base. Press the **Accent Light** button to toggle between high, low, or off settings.

# PATENTED FILTRATION TECHNOLOGY CLEANS AIR LIKE A MAGNET

Patented **ifD<sup>®</sup>** technology electronically charges, pulls in, and captures microscopic airborne particles

*\*From air that passes through the filter 0.3 microns and larger.*

Image: The Honeywell Air Genius 5 Air Purifier HFD320 displaying its blue accent light at the base, providing a subtle glow.

## Oscillation

Activate the oscillation feature to distribute purified air across a wider area. Press the **Oscillate** button to turn this function on or off.

## MAINTENANCE

Regular maintenance of your Honeywell Air Genius 5 Air Purifier is crucial for optimal performance.

### Filter Status Indicator

The **Filter Status** indicator on the control panel will show the remaining life of your filters. When the indicator suggests it's time, clean the filters.

### Cleaning the Permanent Washable **ifD<sup>®</sup>** Filter

1. Turn off and unplug the air purifier.

2. Open the rear grille to access the filters.
3. Remove the permanent washable ifD® filter.
4. Rinse the filter under tap water until clean. Do not use soap or detergents.
5. Allow the filter to air dry completely before reinserting. Ensure it is fully dry to prevent mold growth.
6. Reinsert the dry ifD® filter and close the rear grille.
7. Plug in the unit and press and hold the **Check Filters** button until the indicator resets.

Image: A person washing the red-framed permanent ifD filter under running water, demonstrating the washable nature of the filter.

### **Cleaning the Washable Pre-Filter**

1. Turn off and unplug the air purifier.
2. Open the rear grille and remove the washable pre-filter (a black foam filter).
3. Rinse the pre-filter under tap water. Mild soap can be used if necessary, but rinse thoroughly.
4. Allow the pre-filter to air dry completely before reinserting.
5. Reinsert the dry pre-filter and close the rear grille.

# WASHABLE FILTERS WITH OPTIONAL ODOR PROTECTION

## PERMANENT WASHABLE ifD® FILTER

Electrically charged particles are attracted to the filter and captured.

## WASHABLE PRE-FILTER

Helps pickup large airborne particles that enter the rear grille

## INCLUDED OPTIONAL ODOR REDUCING PRE-FILTER

Helps reduce household odors and VOCs\*

\*When operated with the odor reducing pre-filter, it is recommended that the pre-filter be replaced every 3 months to effectively reduce common household odors and VOCs in a room.

## TROUBLESHOOTING

- **Unit not turning on:** Ensure the power cord is securely plugged into a working outlet. Check if the power button has been pressed.
- **Reduced airflow or unusual noise:** Check if filters are clean and properly installed. Ensure no objects are obstructing air intake or output.
- **Filter Status light remains on after cleaning:** Make sure to reset the filter indicator by pressing and holding the **Check Filters** button after cleaning and reinserting the filters.

## SPECIFICATIONS

Feature	Detail
Model Number	HFD320
Brand	Honeywell

Color	Black
Product Dimensions	11.5"D x 28.9"W x 9.9"H
Item Weight	5 pounds
Floor Area Coverage	250 Square Feet
Noise Level	60 Decibels
Filter Class	ifD®
Contaminant Filtration	Dust, Pollen, Pet Dander, Dust-Mite Debris, Smoke
Special Features	Air Purifier, Auto Shutoff, Oscillating, Quiet Operation, Washable Filter
Certifications	AHAM Certified, EPA Certified, Energy Star Certified
Manufacturer	Kaz
