## Zojirushi NP-NVC10

# Zojirushi NP-NVC10 Induction Heating Pressure Rice Cooker and Warmer User Manual

Model: NP-NVC10 | Brand: Zojirushi

## INTRODUCTION

The Zojirushi NP-NVC10 is a 5.5-cup Induction Heating Pressure Rice Cooker and Warmer designed to deliver perfectly cooked rice and other grains. This appliance features advanced fuzzy logic technology with artificial intelligence to optimize cooking cycles, ensuring consistent results. Its superior induction heating (IH) technology and platinum-infused nonstick inner cooking pan contribute to enhanced flavor and texture.

Key features include:

- Automatic selection from three pressure levels based on the menu.
- Platinum-infused nonstick inner cooking pan for sweeter tasting rice and easy cleaning.
- Superior Induction Heating (IH) technology for efficient and even heat distribution.
- Detachable and washable stainless steel inner lid with a filter to prevent clogging.
- Advanced fuzzy logic technology with AI for precise cooking adjustments.
- Easy-to-read colored LCD control panel with clock and delay timer.
- Multi-menu cooking functions for various rice types (white, mixed, sushi/sweet, porridge, brown, GABA brown, quick cooking) and specialized settings (Umami, Steam-Reduce, Scorch).

## SETUP

Before first use, carefully unpack all components and remove any packaging materials. Wash the inner cooking pan, inner lid, and any included accessories (like the spatula) with warm, soapy water. Rinse thoroughly and dry completely. Place the rice cooker on a stable, flat surface away from direct heat or moisture. Ensure proper ventilation around the unit.

## OPERATING INSTRUCTIONS

The NP-NVC10 offers a variety of cooking functions and settings for optimal rice preparation.

### Basic Rice Cooking

1. Measure the desired amount of rice using the provided measuring cup.
2. Rinse the rice thoroughly in a separate bowl until the water runs clear.
3. Place the rinsed rice into the platinum-infused inner cooking pan.
4. Add water to the corresponding water level mark inside the inner pan for your chosen rice type.
5. Place the inner pan into the main unit and close the outer lid securely.
6. Press the **MENU** button to select the desired cooking setting (e.g., White Rice, Brown Rice).
7. Adjust the texture (Regular, Softer, Harder) if available for the selected menu.
8. Press the **START/REHEAT** button to begin cooking.

### Specialized Settings

- **Umami:** This setting extends the soaking and steaming time to enhance the flavor of the rice.
- **GABA Brown:** Designed to activate and increase naturally occurring gamma-aminobutyric acid in brown rice by holding it at a low temperature before cooking.
- **Steam-Reduce:** Reduces steam output by up to 50% compared to regular settings.
- **Scorch:** Toasts the rice to a crispy golden brown, ideal for specific dishes.

## MAINTENANCE

---

Regular cleaning ensures optimal performance and longevity of your rice cooker. Always unplug the unit and allow it to cool completely before cleaning.

### Inner Cooking Pan

The platinum-infused nonstick inner cooking pan should be hand washed with a soft sponge and mild dish soap. Avoid abrasive cleaners or scouring pads that can damage the nonstick coating. Do not wash rice directly in the inner pan to prevent scratches.

### Detachable Inner Lid

The stainless steel inner lid is detachable and fully washable. Remove it after each use and wash with warm, soapy water. Pay attention to the filter to ensure no food particles are stuck, which could affect pressure regulation. Rinse and dry thoroughly before reattaching.

## Outer Body

Wipe the exterior of the rice cooker with a damp cloth. Do not immerse the main unit in water or any other liquid.

## TROUBLESHOOTING

If you encounter any issues with your Zojirushi NP-NVC10, please refer to the comprehensive troubleshooting guide in the full product manual. Common issues may include rice not cooking properly (too hard/soft), error codes on the display, or steam leakage. Ensure all parts are correctly assembled and clean before operating.

## SPECIFICATIONS

Feature	Detail
Model Number	NP-NVC10
Capacity	5.5 Cups (1 Liter)
Dimensions (W x D x H)	10.12" x 15.37" x 8.62"
Item Weight	13 Pounds
Power Source	Corded Electric
Voltage	120 Volts
Wattage	1240 Watts
Material	Stainless Steel
Color	Stainless Brown
Included Components	Rice Cooker, Spatula

## **WARRANTY AND SUPPORT**

---

For detailed warranty information and customer support, please refer to the warranty card included with your product or visit the official Zojirushi website. Keep your proof of purchase for warranty claims.
