Keter 17197948

Keter Novel Cushion Box User Manual

Model: 17197948 / 212835

Brand: Keter

INTRODUCTION

The Keter Novel Cushion Box is a versatile outdoor storage solution designed to keep your garden tools, equipment, furniture cushions, and other outdoor accessories protected and organized. Its durable, weather-resistant plastic construction ensures longevity and protection from the elements, while its robust design also allows it to function as a convenient outdoor bench.

SAFETY INFORMATION

Please read and understand all safety instructions before using the Keter Novel Cushion Box.

- Always ensure the lid is securely closed to prevent accidental entrapment, especially if children are present. Do not allow children to play inside the box.

- Do not overload the box beyond its stated capacity.
- Place the box on a flat, stable surface to prevent tipping.
- Do not stand or jump on the box. When used as a bench, ensure the lid is fully closed and latched.
- Keep hands and fingers clear of the lid hinges when opening or closing to avoid pinching.

PACKAGE CONTENTS

Before beginning assembly, please verify that all components are present and undamaged. If any parts are missing or damaged, contact Keter customer support.

- Lid
- Front Panel
- Back Panel
- Side Panels (x2)
- Bottom Panel
- Lid Support Mechanism
- Fasteners/Connectors (e.g., screws, clips)

SETUP (ASSEMBLY)

Assembly of your Keter Novel Cushion Box is designed to be straightforward. It is recommended to have two people for easier assembly. Follow these general steps:

1. **Prepare the Area:** Choose a flat, level, and clean surface for assembly. Ensure you have enough space to work around the box components.
2. **Assemble Base:** Connect the side panels to the front and back panels according to the instructions provided in your product packaging. Ensure all connections click securely into place. Then, attach the bottom panel.
3. **Attach Lid:** Secure the lid to the main body using the provided hinges and lid support mechanism. Follow the specific instructions for attaching the lid support to ensure proper function.
4. **Secure Connections:** Double-check all connections to ensure they are firm and secure. Apply gentle pressure to all joints to confirm they are fully engaged.

For detailed visual instructions, please refer to the assembly diagram and step-by-step guide provided in the product packaging.

OPERATING (USAGE)

Storage Function

To store items, simply lift the lid using the integrated handle. The lid support mechanism will hold the lid open for convenient access, preventing it from slamming shut. Place items inside, ensuring they do not exceed the internal dimensions of 115 x 48.2 x 56.6 cm (L x W x H). Close the lid firmly to protect contents from dust, moisture, and other outdoor elements. The box features a lockable option for added security (lock not included).

Bench Functionality

The Keter Novel Cushion Box is designed with a sturdy top surface, allowing it to be used as an outdoor bench. Ensure the lid is fully closed and latched before sitting on it. It is suitable for seating one adult. Do not exceed the recommended weight capacity for seating.

MAINTENANCE

The Keter Novel Cushion Box is made from durable, weather-resistant plastic, requiring minimal maintenance to keep it in excellent condition.

- **Cleaning:** Clean regularly with a damp cloth and a mild, non-abrasive soap solution. Rinse thoroughly with water and wipe dry. Avoid using harsh chemicals, abrasive cleaners, or stiff brushes, as these can damage the plastic surface.
- **Weather Protection:** While weather-resistant, for prolonged periods of extreme weather (e.g., heavy snow, prolonged freezing temperatures), it is advisable to store the box indoors or cover it to extend its lifespan.
- **Moisture Control:** Ensure the box is dry before closing the lid for extended periods to prevent moisture buildup and potential mildew growth inside.
- **Inspection:** Periodically check all connections and hinges for tightness and proper function. Tighten any loose fasteners as needed.

TROUBLESHOOTING

If you encounter any issues with your Keter Novel Cushion Box, refer to the following common problems and solutions:

- **Lid not closing properly:** Check for any items obstructing the lid's path or along the edges of the box. Ensure the box is placed on a completely flat and level surface, as uneven ground can cause misalignment.
- **Water accumulation inside:** Verify that the lid is fully closed and securely latched. Ensure the box is not placed in an area where water can pool around its base, which could lead to minor ingress during heavy rain.
- **Difficulty opening/closing lid:** Inspect the lid support mechanism and hinges for any damage, bending, or misalignment. If hinges feel stiff, a small amount of silicone-based lubricant can be applied.
- **Box feels unstable:** Confirm that all assembly connections are fully engaged and secure. Ensure the box is on a firm, level surface.

If the issue persists after attempting these solutions, please contact Keter customer support.

SPECIFICATIONS

Feature	Specification
Brand	Keter
Model Number	17197948 / 212835
Material	Durable, weather-resistant plastic
Color	Beige / Brown
Capacity	340 Liters
External Dimensions (L x W x H)	124 x 55 x 62.5 cm (48.82"L x 21.65"W x 24.61"H)
