HON HBV-P4224.2310GRE.Q

HON Basyx Verse Panel Instruction Manual

Model: HBV-P4224.2310GRE.Q (42"H x 24"W, Gray)

1. INTRODUCTION

The HON Basyx Verse Panel is designed to provide efficient and flexible space division in various office environments. This manual provides essential information for the proper setup, safe use, and maintenance of your 42"H x 24"W panel. Please read these instructions thoroughly before installation and retain for future reference.

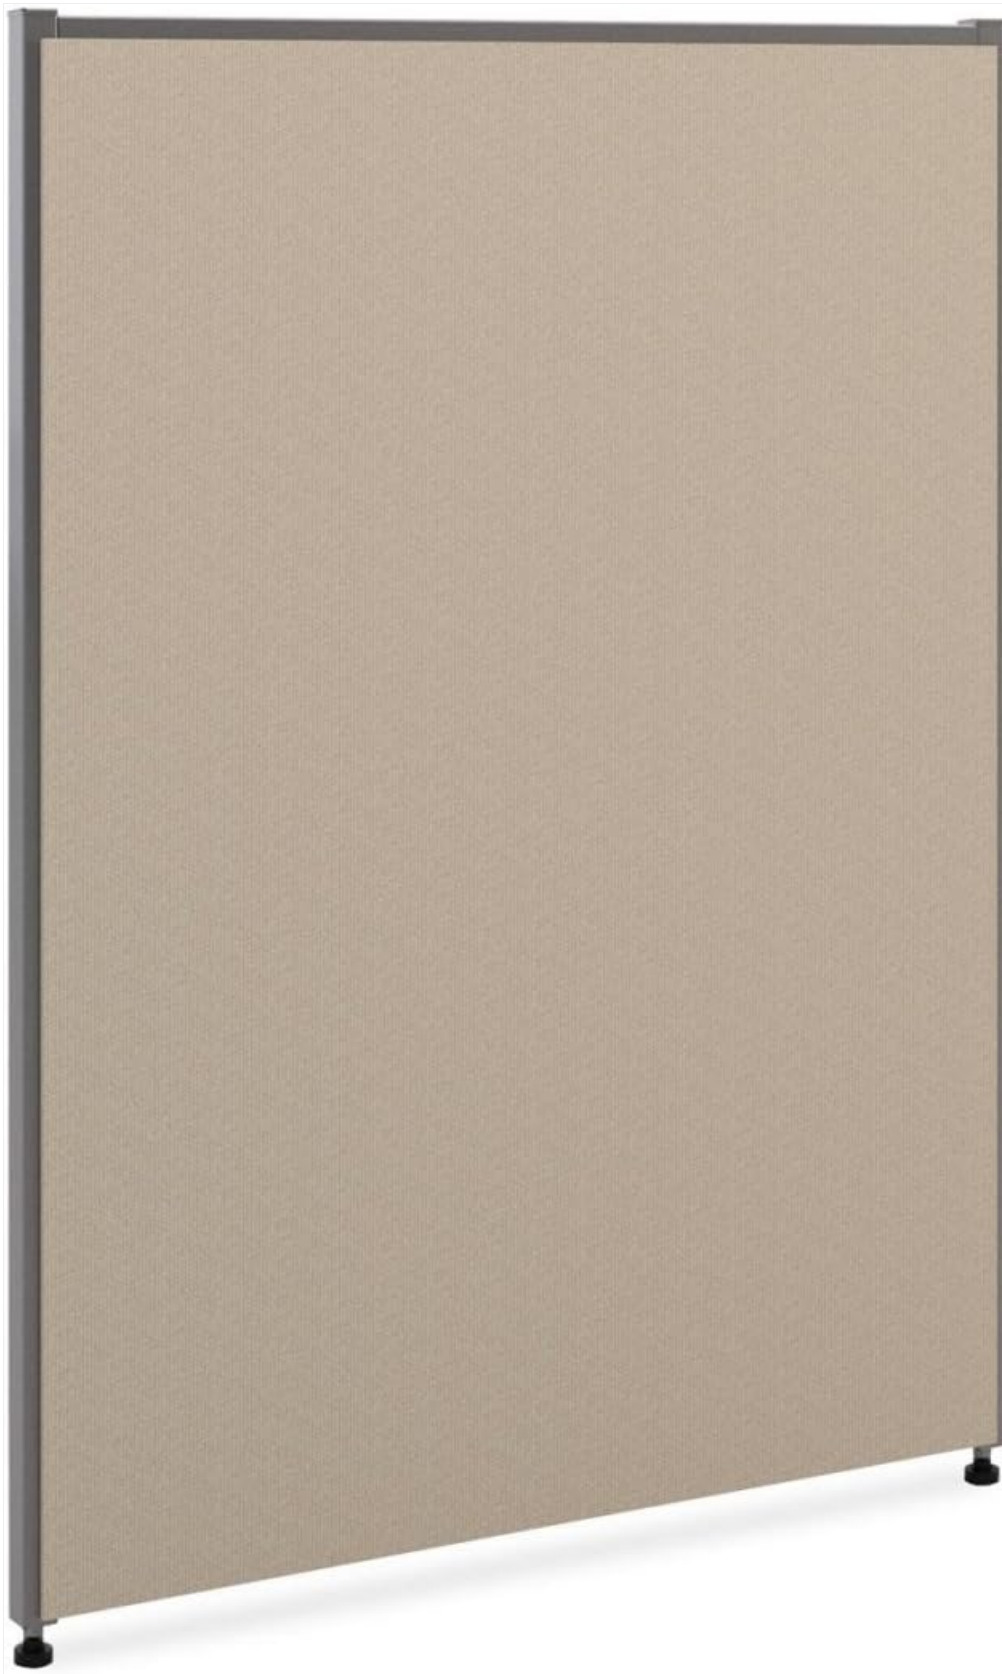

Image 1.1: A single HON Basyx Verse Panel, showcasing its gray fabric surface and light gray frame.

2. SAFETY INFORMATION

- Ensure all components, especially connectors and feet, are securely fastened before placing the panel into service.
- Do not overload or lean excessively on the panel, as this may compromise stability and cause injury or damage.
- Keep small parts and packaging materials away from children to prevent choking hazards.
- Use appropriate lifting techniques or seek assistance when moving the panel to prevent personal injury.

- This product may contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm (Proposition 65 warning).

3. PACKAGE CONTENTS

Your package should contain the following item:

- One (1) HON Basyx Verse Panel (42"H x 24"W, Gray fabric with Light Gray trim)

Note: Connecting hardware (e.g., straight connectors, corner connectors) and panel feet/stabilizers are sold separately and are essential for proper installation and stability of the panel. These items are required for the panel to stand independently or connect to other panels.

4. SETUP AND ASSEMBLY INSTRUCTIONS

The HON Basyx Verse Panel is designed for straightforward assembly. Please follow these steps carefully:

1. **Unpack Components:** Carefully remove the panel from its packaging. Inspect for any damage during transit.
2. **Identify Accessories (Sold Separately):** Ensure you have the necessary panel feet/stabilizers and connecting hardware (if connecting multiple panels).
3. **Attach Panel Feet/Stabilizers:** If the panel is to stand independently, attach the appropriate feet or stabilizers to the bottom edges of the panel frame. Follow the instructions provided with the feet for secure attachment. Ensure they are tightened firmly to prevent wobbling.
4. **Connect Panels (Optional):** If connecting multiple panels, align the panels as desired. Use the appropriate connecting hardware (e.g., straight, 90-degree, or 120-degree connectors) to join the panels. Securely fasten all connectors according to their specific instructions.
5. **Position Panel:** Carefully move the assembled panel(s) to the desired location. Ensure the panel is on a level surface and does not obstruct pathways or emergency exits.

Image 4.1: Example of HON Basyx Verse Panels used to create a private workspace, demonstrating how panels connect to form a cubicle.

Image 4.2: Multiple HON Basyx Verse Panels dividing a larger office area into distinct workstations.

5. OPERATION AND USAGE

The HON Basyx Verse Panel is designed for simple and effective space management:

- **Space Division:** Use the panel to create visual and acoustic separation between workstations, meeting areas, or other office zones.
- **Tackable Surface:** The upholstered fabric surface is tackable, allowing you to pin notes, photos, or other lightweight items directly onto the panel.
- **Flexibility:** Panels can be reconfigured as needed by adjusting connectors and feet, offering adaptability to changing office layouts.

6. MAINTENANCE AND CARE

To ensure the longevity and appearance of your HON Basyx Verse Panel, follow these care guidelines:

- **Cleaning:** Wipe the fabric surface with a dry cloth to remove dust and light debris. For more stubborn marks, consult a professional upholstery cleaner or use a mild, fabric-safe cleaning solution on a small, inconspicuous area first.
- **Frame Care:** The light gray trim can be wiped clean with a damp cloth and mild soap, then dried thoroughly.
- **Regular Inspection:** Periodically check all connections and fasteners to ensure they remain tight and secure. Tighten any loose screws or bolts as necessary.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the fabric or frame finish.

7. TROUBLESHOOTING

If you encounter issues with your panel, consider the following:

- **Panel is Unstable or Leans:**
 - Ensure that appropriate panel feet or stabilizers are installed and securely tightened. Panels require these accessories to stand independently.
 - Verify that the panel is placed on a level surface.
 - If connecting multiple panels, check that all connecting hardware is correctly installed and tightened.
- **Difficulty Connecting Panels:**
 - Confirm that you are using the correct type of connecting hardware for your desired configuration (e.g., straight, corner).
 - Ensure panels are properly aligned before attempting to attach connectors.
- **Fabric Damage:**
 - For minor snags, carefully trim loose threads with scissors. Do not pull.
 - For significant damage, contact HON customer service for repair or replacement options.

8. SPECIFICATIONS

Brand	HON
Model Number	HBV-P4224.2310GRE.Q
Panel Dimensions (H x W)	42 inches x 24 inches
Product Dimensions (Overall)	2.5 x 27 x 42 inches
Color	Grey (Fabric), Light Gray (Trim)
Material	Alloy Steel (Frame), Upholstered Fabric (Surface)
