MG217 Psoriasis Medicated Conditioning 3% Coal Tar Shampoo Instruction Manual

Model: 5208

PRODUCT OVERVIEW

MG217 Psoriasis Medicated Conditioning 3% Coal Tar Shampoo is designed to relieve symptoms associated with psoriasis, dandruff, and seborrheic dermatitis. This medicated shampoo helps to soothe an itchy scalp, reduce irritation, control scaling and flaking, and slow down cell growth to prevent build-up. It also works to restore the scalp's healthy appearance while leaving hair feeling soft and clean.

Key Benefits:

- Relieves itchy scalp, irritation, scaling, and redness.
- Slows cell growth and controls build-up.
- Helps restore the scalp's healthy appearance.
- Conditioning formula leaves hair soft and clean.
- Recognized by the National Psoriasis Foundation.

SETUP AND PREPARATION

Before using the MG217 Psoriasis Medicated Conditioning 3% Coal Tar Shampoo, ensure your hair is wet. No special preparation is required beyond wetting the hair thoroughly.

OPERATING INSTRUCTIONS

1. **Wet Hair:** Thoroughly wet your hair with water.
2. **Apply Shampoo:** Apply a liberal amount of MG217 Psoriasis Medicated Conditioning 3% Coal Tar Shampoo to your wet hair.
3. **Massage into Scalp:** Gently massage the shampoo into your scalp, ensuring even distribution and contact with affected areas.
4. **Allow to Sit:** Let the shampoo remain on your scalp for a few minutes to allow the active ingredients to work.

5. **Rinse Thoroughly:** Rinse your hair and scalp thoroughly with water until all shampoo is removed.

For best results, use at least twice a week or as directed by a physician.

MAINTENANCE

Consistent use as directed is key to managing psoriasis, dandruff, and seborrheic dermatitis symptoms. Continue using the shampoo regularly to maintain a healthy scalp and prevent symptom recurrence. Store the product at room temperature, away from direct sunlight.

TROUBLESHOOTING

If you experience any adverse reactions or if your symptoms do not improve with regular use, discontinue use and consult a healthcare professional. Some users may find the scent strong; if this is an issue, ensure thorough rinsing and consider

using a conditioner afterward. If scalp dryness occurs, consult your doctor for advice on managing this side effect.
