## Oster CKSTWF2000

# Oster® Belgian Waffle Maker User Manual

Model: CKSTWF2000

## INTRODUCTION

Welcome to the Oster® Belgian Waffle Maker user manual. This guide provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your new appliance. Please read all instructions carefully before first use.

## IMPORTANT SAFEGUARDS

When using electrical appliances, basic safety precautions should always be followed, including:

- Read all instructions.
- Do not touch hot surfaces. Use handles or knobs.
- To protect against electrical shock, do not immerse cord, plugs, or appliance in water or other liquid.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts, and before cleaning the appliance.
- Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions, or has been damaged in any manner. Return appliance to the nearest authorized service facility for examination, repair, or adjustment.
- The use of accessory attachments not recommended by the appliance manufacturer may cause injuries.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or touch hot surfaces.
- Do not place on or near a hot gas or electric burner, or in a heated oven.
- Extreme caution must be used when moving an appliance containing hot oil or other hot liquids.
- To disconnect, turn any control to "off," then remove plug from wall outlet.
- Do not use appliance for other than intended use.

## PRODUCT FEATURES

- Makes 8-inch round Belgian-style waffles.
- Non-stick plates for easy food release and cleaning.
- Adjustable temperature control for customized waffle browning.

- Cool-touch handle for safe operation.
- Power and Ready to Cook indicator lights.
- Stylish stainless steel finish.

## Stylish stainless steel finish

The waffle maker features a stylish stainless steel finish.

## Nonstick, easy-clean plates

Non-stick, easy-clean plates ensure effortless food release.

# Power and Ready to Cook lights

Adjustable temperature control allows for customized browning, from light to crispy.

Cool-touch  
handle for safety

The cool-touch handle provides safe and comfortable operation.

## COMPONENTS

- Waffle Maker Base
- Upper and Lower Waffle Plates (Non-stick)
- Temperature Control Dial
- Power Indicator Light (Red)
- Ready to Cook Indicator Light (Green)
- Cool-Touch Handle
- Power Cord

Overview of the Oster Belgian Waffle Maker's main components.

## SETUP

1. Unpack the waffle maker and remove all packaging materials.
2. Wipe the cooking plates with a damp cloth or sponge to remove any dust or residue. Dry thoroughly.
3. For best results, lightly coat the non-stick cooking plates with cooking oil or non-stick spray before first use.
4. Place the waffle maker on a clean, flat, heat-resistant surface near an electrical outlet.

## OPERATING INSTRUCTIONS

1. **Preheating:** Close the waffle maker and plug the power cord into a 120V AC electrical outlet. The red Power indicator light will illuminate, indicating the unit is heating. The green Ready to Cook light will turn on when the waffle maker has reached the desired cooking temperature.
2. **Adjusting Temperature:** Use the temperature control dial to select your preferred browning level, from 'Min' for lighter waffles to 'Max' for crispier waffles.
3. **Cooking Waffles:**
  - Once the green Ready light illuminates, open the waffle maker.

- Pour approximately 3/4 cup of waffle batter onto the center of the lower cooking plate. Do not overfill.
  - Carefully close the lid. The green Ready light may turn off temporarily as the unit maintains temperature.
  - Cook for 3-5 minutes, or until steam stops escaping and the waffles are golden brown and crispy to your liking. The green Ready light will cycle on and off during cooking.
  - Open the lid and carefully remove the cooked waffle using a heat-resistant plastic or wooden utensil. Do not use metal utensils, as they can damage the non-stick coating.
4. **Subsequent Waffles:** Close the lid and allow the waffle maker to reheat until the green Ready light illuminates again before cooking the next waffle.
5. **After Use:** Unplug the waffle maker from the outlet and allow it to cool completely before cleaning or storing.

## Adjustable temperature control for light and fluffy or crispy waffles

Enjoy perfectly cooked Belgian waffles with your favorite toppings.

### CLEANING AND MAINTENANCE

Always unplug the waffle maker and allow it to cool completely before cleaning.

- **Cleaning Plates:** The non-stick cooking plates are not removable. Wipe them clean with a damp cloth or sponge. For

stubborn residue, pour a small amount of cooking oil onto the residue and let it sit for 5 minutes, then wipe clean. Do not use abrasive cleaners or scouring pads.

- **Exterior Cleaning:** Wipe the exterior of the waffle maker with a soft, damp cloth. Do not immerse the appliance in water or any other liquid.
- **Storage:** Store the waffle maker in a clean, dry place. The unit can be stored vertically to save space.

## TROUBLESHOOTING

Problem	Solution
Waffles sticking	Ensure plates are lightly oiled before each use. Do not use metal utensils. Allow unit to preheat fully.
Waffles not browning evenly	Ensure unit is fully preheated. Adjust temperature dial to a higher setting for crispier results. Ensure batter is evenly spread.
Green 'Ready' light not coming on	Ensure the unit is plugged in and the red 'Power' light is on. Allow sufficient time for preheating (typically 3-5 minutes). If problem persists, contact customer support.

## SPECIFICATIONS

- **Model:** CKSTWF2000
- **Brand:** Oster
- **Color:** Silver
- **Material:** Stainless Steel (exterior), Non-stick (plates)
- **Product Dimensions:** 4"D x 10"W x 8"H
- **Wattage:** 1080 watts
- **Voltage:** 120 Volts
- **Item Weight:** 3.19 pounds (1.45 Kilograms)
- **Special Features:** Cool Touch, Non Stick Coating, Temperature Control
- **Cable Length:** 27.5 Inches

Product dimensions for easy storage and placement.
