MAINTENANCE AND CARE

To ensure the longevity and appearance of your AFI Madison Platform Bed, follow these simple care guidelines:

- **Cleaning:** Wipe the furniture surfaces with a dry, soft cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the non-toxic finish.
- **Spills:** Immediately blot any spills with a clean, dry cloth.
- **Sunlight:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration over time.
- **Humidity:** Maintain a consistent humidity level in your room to prevent wood from expanding or contracting excessively.

- **Hardware:** Periodically check and tighten all assembly hardware to ensure the bed remains stable and secure.

TROUBLESHOOTING

If you encounter any issues with your AFI Madison Platform Bed, consider the following common solutions:

- **Squeaking or Instability:** Check all bolts and screws to ensure they are securely tightened. Loose hardware is a common cause of squeaking.
- **Drawers Not Sliding Smoothly:** Ensure the casters on the bottom of the drawers are clean and free of debris. Verify that the drawers are properly aligned under the bed.
- **USB Charger Not Working:** Confirm the USB charger is correctly plugged into a functional power outlet and securely attached to the bed frame. Test with a different USB cable and device to rule out cable or device issues.
- **Missing or Damaged Parts:** If you received missing or damaged components, please contact AFI Customer Support immediately for assistance.

For further assistance, refer to the detailed Installation Manual or contact customer support.
