SONGMICS LSF005

SONGMICS LSF005 Mobile Laundry Hamper

Instruction Manual

INTRODUCTION

Thank you for choosing the SONGMICS LSF005 Mobile Laundry Hamper. This manual provides essential information for the safe assembly, operation, and maintenance of your product. Please read it thoroughly before use and retain it for future reference.

SAFETY INSTRUCTIONS

- Ensure all parts are present and undamaged before assembly. Do not use if any parts are missing or broken.
- Assemble the product on a soft, clean surface to prevent scratches.

- Do not overload the hamper. The maximum total load capacity is 40 kg (88 lbs).
- Keep small parts away from children during assembly to avoid choking hazards.
- Regularly check all connections and fasteners to ensure they remain tight.
- Use the brakes on the wheels when the hamper needs to remain stationary.
- Avoid exposing the product to direct sunlight or high humidity for extended periods to prevent material degradation.

PACKAGE CONTENTS

Please verify that all components listed below are included in your package:

- Steel frame components
- 4 x Removable 600D Oxford fabric bags with metal handles
- 4 x Swivel wheels (2 with brakes)
- Assembly hardware (screws, wrench, etc.)
- Illustrated instruction manual

SETUP AND ASSEMBLY

Assembly is designed to be straightforward. Follow the illustrated instructions provided in the package. A simple structure ensures quick and easy setup.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface.
2. **Assemble Frame:** Connect the steel frame components according to the diagrams in the instruction manual. Ensure all connections are secure.
3. **Attach Wheels:** Insert the four swivel wheels into the designated slots at the base of the frame. Ensure the two wheels with brakes are positioned as desired for easy access. Lock the brakes after attachment to prevent movement during further assembly.
4. **Install Bags:** Hang the four removable fabric bags onto the top bars of the frame using their metal handles. Ensure they are evenly spaced.

OPERATING INSTRUCTIONS

The SONGMICS LSF005 is designed for efficient laundry sorting and transport.

- **Sorting Laundry:** Utilize the four separate bags to sort laundry by color (e.g., darks, lights, colors) or material type (e.g., delicates, towels). This pre-sorting saves time on laundry day.
- **Moving the Hamper:** Unlock the wheel brakes and push the hamper to your desired location. The smooth-rolling wheels allow for easy movement between rooms, such as from the bedroom to the laundry room.
- **Securing the Hamper:** Once in position, engage the brakes on the two designated wheels to prevent the hamper from moving unintentionally.
- **Removing Bags:** When a bag is full or ready for washing, simply lift it off the frame using its metal handles. The bags are portable and designed for easy transport to your washing machine.
- **Returning Bags:** After emptying, re-hang the bags onto the frame.

MAINTENANCE

- **Cleaning the Bags:** The 600D Oxford fabric bags have a PVC coating, making them water-resistant and easy to clean. Wipe them with a damp cloth and mild detergent as needed. Do not machine wash or tumble dry the bags, as this may damage the coating and structure.
- **Cleaning the Frame:** Wipe the steel frame with a soft, damp cloth. Avoid abrasive cleaners that could damage the finish.
- **Wheel Maintenance:** Periodically check the wheels for lint or debris that might hinder their movement. Clean as necessary.
- **Storage:** If storing the hamper for an extended period, ensure it is clean and dry. Store in a cool, dry place away from direct sunlight.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Hamper is wobbly or unstable.	Loose connections in the frame.	Check all screws and fasteners. Tighten them securely.

Problem	Possible Cause	Solution
Wheels do not roll smoothly.	Debris caught in wheels or brakes engaged.	Clear any debris from the wheels. Ensure brakes are disengaged.
Bags do not hang properly.	Bags are overloaded or incorrectly attached.	Reduce the load in the bags. Ensure metal handles are correctly hooked onto the frame bars.
Product appears damaged after assembly.	Manufacturing defect or shipping damage.	Do not use the product. Contact customer support for assistance.
