## 4. OPERATING INSTRUCTIONS

---

Follow these steps for effective toilet cleaning:

1. Grasp the handle and lift the toilet brush from its holder.
2. Apply a suitable toilet bowl cleaner to the inside of the toilet bowl.
3. Use the brush to scrub all surfaces of the toilet bowl, including under the rim.
4. Once cleaning is complete, rinse the brush thoroughly in the toilet bowl by flushing while holding the brush in the water.
5. Return the clean brush to its holder.

## 5. MAINTENANCE

---

Regular maintenance ensures hygiene and extends the product's lifespan:

- **Daily Cleaning:** After each use, ensure the brush head is rinsed thoroughly in the toilet bowl.
- **Holder Cleaning:** Periodically clean the inside and outside of the brush holder with a mild disinfectant and water. Allow it to air dry completely before returning the brush.
- **Brush Head Replacement:** The brush head is designed to be removable. Replace the brush head when bristles show signs of wear, deformation, or reduced cleaning effectiveness. Replacement brush heads can be purchased separately from WENKO retailers.

## 6. TROUBLESHOOTING

---

Common issues and their solutions:

- **Issue:** Brush not cleaning effectively.
  - **Solution:** Inspect the brush head for wear. If bristles are flattened or damaged, replace the brush head. Ensure adequate toilet cleaner is used.
- **Issue:** Unpleasant odor emanating from the brush or holder.
  - **Solution:** Thoroughly clean both the brush head and the holder with a strong disinfectant. Ensure the brush is rinsed well after each use. Consider replacing the brush head if the odor persists.
