Assembly of the Romantic Restaurant Building Block Construction Set requires careful attention to the included instruction booklet. Follow the steps sequentially for the best building experience.

- 1. Unpack Components:** Carefully open the box and empty all contents onto a clean, flat surface. It is advisable to sort the pieces by color or type if desired, though the instruction booklet typically guides piece selection per step.
- 2. Review Instructions:** Before starting, briefly review the entire instruction booklet. The instructions are primarily pictorial, guiding you through each step of the construction process.
- 3. Follow Step-by-Step:** Begin with step 1 and proceed through the booklet. Each step illustrates which pieces are needed and where they should be placed. Pay close attention to the orientation of the blocks.
- 4. Secure Connections:** Ensure each block is firmly pressed into place to create a stable structure.

6. MAINTENANCE AND CARE

To ensure the longevity and cleanliness of your building block set, follow these simple care instructions:

- **Cleaning:** To clean the blocks, gently wipe them with a damp cloth. For more thorough cleaning, use mild soap and water, then rinse thoroughly and air dry. Avoid using harsh chemicals or abrasive cleaners, as these can damage the plastic.
- **Storage:** Store the building blocks in a clean, dry place away from direct sunlight and extreme temperatures. Keeping them in their original box or a dedicated storage container will help prevent loss of pieces.
- **Avoid Heat:** Do not expose the blocks to high heat, as this can cause warping or melting of the plastic.

7. TROUBLESHOOTING

- **Missing Pieces:** If you discover any missing pieces upon opening the set, please contact customer support as detailed in the 'Warranty and Support' section.
- **Difficulty Assembling:** If you encounter difficulty with a specific step, re-examine the instruction booklet's illustration for that step. Ensure you are using the correct pieces and that they are oriented properly. Sometimes, taking a short break and returning to the step can help.
- **Loose Connections:** If parts feel loose, ensure they are fully pressed together. The ABS plastic is designed for a snug fit.
