Conair 134W Mini Turbo Wall Mount Hair Dryer with Nightlight - Instruction Manual

Model: 134W

INTRODUCTION

This manual provides detailed instructions for the safe and effective use of your Conair 134W Mini Turbo Wall Mount Hair Dryer with Nightlight. Please read all instructions carefully before use and retain this manual for future reference.

The Conair 134W is designed to provide efficient hair drying with the convenience of a wall-mounted unit, featuring 1600 watts of power, two heat and two speed settings, and an integrated LED night light.

IMPORTANT SAFETY INFORMATION

To reduce the risk of electric shock, fire, or injury, always follow basic safety precautions when using electrical appliances.

- **Unplug When Not In Use:** Always unplug the hair dryer from the electrical outlet immediately after using it.
- **Keep Away From Water:** Do not use this appliance while bathing or in a wet environment. Do not place or store appliance where it can fall or be pulled into a tub or sink. Do not place in or drop into water or other liquid.
- **Power Cord Care:** Keep the power plug and cord away from heated surfaces. Do not wrap the cord around the appliance.
- **ALCI Safety Plug:** This appliance is equipped with an Appliance Leakage Current Interrupter (ALCI) safety plug. Test the ALCI before each use as instructed in the Setup section.
- **Automatic Shut-off:** The unit automatically shuts off when placed back into the wall mount. Ensure it is properly seated to activate this feature.

SETUP AND INSTALLATION

Follow these steps to properly install and prepare your Conair 134W hair dryer for use.

1. **Mounting the Hair Dryer:** Securely mount the hair dryer base to the wall in a suitable location, away from water sources. Refer to the included mounting hardware and instructions for detailed installation steps.

2. **Connecting to Power:** Plug the ALCI safety plug into a standard electrical outlet.

3. **Testing the ALCI Safety Plug:**

- Press the "RESET" button on the ALCI plug.
- Press the "TEST" button. The "RESET" button should pop out.
- Press the "RESET" button again to resume operation.
- If the ALCI fails to reset, do not use the appliance. Contact customer service.

OPERATING INSTRUCTIONS

Using your Conair 134W hair dryer is straightforward:

1. **Activate the Dryer:** Lift the handset from the wall mount. The dryer will automatically turn on.
2. **Select Settings:** Use the switch on the handle to select your desired heat and speed settings. The dryer offers 2 heat and 2 speed settings.
3. **Drying Hair:** Direct the airflow towards your hair, maintaining a safe distance.
4. **Automatic Shut-off and Nightlight:** When finished, place the handset back into the wall mount. The dryer will automatically shut off, and the LED night light on the wall mount will activate.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your hair dryer.

- **Cleaning the Air Filter:** Regularly check and clean the rear air filter to prevent lint and dust buildup, which can affect performance and lead to overheating. Ensure the dryer is unplugged before cleaning.
- **Exterior Cleaning:** Wipe the exterior of the dryer with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, ensure the handset is properly seated in the wall mount. Do not wrap the power cord tightly around the dryer.

TROUBLESHOOTING

If you encounter any issues with your Conair 134W hair dryer, refer to the following common problems and solutions:

- **Dryer does not turn on:**
 - Ensure the ALCI safety plug is fully inserted into the outlet and the "RESET" button is pressed.
 - Check if the handset is properly lifted from the wall mount.
 - Verify that the power outlet is functional.
- **Dryer stops working during use:**
 - The ALCI safety plug may have tripped. Press the "RESET" button.
 - The dryer may have overheated. Unplug it, allow it to cool down for a few minutes, and clean the air filter if necessary.
- **Weak airflow or reduced heat:**
 - Clean the air intake filter at the back of the dryer.
 - Ensure the selected settings are appropriate for your needs.
