KEY FEATURES

- Natural unrefined cotton material.
- Regular 8mm diameter for consistent use.
- Resealable packaging for convenient storage and freshness.
- Each bag contains approximately 200 filter tips.
- Manufactured in Spain.

SETUP AND PREPARATION

To begin using your RAW Filter Tips, simply open the resealable package. The filters are pre-cut and ready

for immediate integration into your preferred rolling material. No additional preparation is required.

OPERATING INSTRUCTIONS

1. **Select a Filter:** Carefully remove one RAW Regular Natural Unrefined Cotton Filter Tip from the package.
2. **Integrate:** Place the filter tip at one end of your rolling paper or within your rolling device.
3. **Secure:** Roll your material around the filter, ensuring the filter is securely positioned and integrated to allow for optimal airflow.
4. **Use:** The filter is now ready for use.

MAINTENANCE AND STORAGE

These filter tips are designed for single use and should be disposed of responsibly after each application. To maintain the quality and integrity of unused filters, store them in their original resealable packaging. Keep the package in a cool, dry place, away from direct sunlight and excessive moisture.

TROUBLESHOOTING

- **Difficulty with Airflow:** If you experience restricted airflow, ensure the filter tip is not overly compressed during the rolling process. Verify that the filter is correctly positioned within the rolling material to allow for proper draw.
- **Filter Dislodges:** Ensure the filter is firmly integrated into the rolling material. Adjust your rolling technique to create a snug fit around the filter.
