UPBRIGHT YLJXA-T180050, RSS1002-090180-W2

UPBRIGHT 18V AC/DC Adapter Instruction Manual

FOR ROOMIE TEC SL587, SL587A, SL595, AND DYLOM RMDY595 VACUUM CLEANERS

1. Introduction

This manual provides essential information for the safe and effective use of your UPBRIGHT 18V AC/DC Adapter. Please read these instructions carefully before using the product and retain them for future reference. This adapter is designed to provide power and charge compatible RoomieTEC vacuum cleaners.

2. Safety Information

To ensure safe operation and prevent damage, observe the following precautions:

- **Input Voltage:** The adapter supports a worldwide input voltage range of 100-240VAC, 50/60Hz.
- **Protection Features:** The adapter is equipped with Over Voltage Protection (OVP), Over Current Protection (OCP), and Short Circuit Protection (SCP) to safeguard your devices.
- **Compatibility Check:** Always verify that the adapter's output voltage (18V) and current (0.5A) match the requirements of your device. Note that the vacuum's battery voltage (e.g., 14.4V or 14.8V) is different from the charger's output voltage.
- **Direct Charging Only:** This adapter is designed for direct charging of the vacuum cleaner. It is **not** compatible with charging docks or stations.
- **Battery Condition:** Rechargeable batteries have a limited lifespan (typically 1 to 3 years). If your vacuum's battery is old or depleted, it may not accept a charge, which is a battery issue, not an adapter malfunction. A voltmeter can be used to test if the charger is functioning correctly.
- **Environmental Conditions:** Use the adapter in dry conditions. Avoid exposure to moisture, rain, or extreme temperatures.

UpBright New Global AC/DC Power Adapter Compatible with:

**Built-in multiple safety circuits,
safe and reliable**

High quality chip

Overcharge protection

Overcurrent protection

Shortage Protection

Lightning protection

Overvoltage protection

Temperature protection

Image: Detailed view of the barrel connector, which plugs into the vacuum cleaner.

4. Compatibility

This adapter is compatible with the following RoomieTEC handheld cordless stick vacuum cleaner models:

- RoomieTEC Vincent SL587
- RoomieTEC SL587A
- RoomieTEC SL595
- Dylan RMDY595
- Roomie Tec SlimVac (ASIN: B074M3B8Q4)
- Roomie Tec DYLAN (ASIN: B07ZSX51KB)

Important Note:

This adapter is designed for direct charging of the vacuum cleaner. It will NOT fit or function with charging dock stations.

5. Setup

1. **Connect to Vacuum:** Insert the barrel connector end of the adapter firmly into the charging port of your RoomieTEC vacuum cleaner.
2. **Connect to Power Outlet:** Plug the adapter's main unit into a standard electrical wall outlet (100-240VAC).

6. Operating Instructions

Once connected, the adapter will begin charging the vacuum cleaner's battery. There are typically no indicators on the adapter itself; refer to your vacuum cleaner's manual for its charging status indicators.

7. Maintenance

- **Cleaning:** Disconnect the adapter from the power outlet and the vacuum before cleaning. Wipe the adapter with a dry, soft cloth. Do not use liquid cleaners or solvents.
- **Storage:** Store the adapter in a cool, dry place away from direct sunlight and moisture when not in use. Avoid wrapping the cord too tightly around the adapter.

8. Troubleshooting

If your vacuum cleaner is not charging:

- **Check Connections:** Ensure the adapter is securely plugged into both the wall outlet and the vacuum cleaner.
- **Verify Power Outlet:** Test the wall outlet with another device to confirm it is supplying power.
- **Battery Condition:** As noted in the safety section, an old or dead battery in the vacuum cleaner will not accept a charge. This is a common issue and does not indicate a fault with the adapter. If unsure, use a voltmeter to test the adapter's output voltage.
- **Adapter Functionality:** If the adapter shows no signs of damage and the battery is confirmed to be functional, but charging

still fails, contact support.

9. Specifications

Feature	Specification
Brand	UPBRIGHT
Model Numbers	YLJXA-T180050, RSS1002-090180-W2
Input Voltage	100-240VAC, 50/60Hz
Output Voltage	18V DC
Output Current	0.5A (500mA)
Wattage	9 Watts
Connector Type	Barrel Connector
Product Dimensions	4 x 3 x 2 inches
Item Weight	2.08 ounces
Included Components	1 adapter

10. Warranty and Support

UPBRIGHT offers a 30-day refund policy and a 24-month exchange warranty for this product. For support or warranty claims, please refer to your purchase documentation or contact the seller directly.
