BLANCO 518521

BLANCO Dalago Kitchen Sink Instruction Manual

Model: 518521 | Brand: BLANCO

1. PRODUCT OVERVIEW

The BLANCO Dalago Kitchen Sink is designed with a modern aesthetic, focusing on optimal space utilization. Crafted from SILGRANIT, a composite material comprising up to 80% quartz sand, this sink offers exceptional durability and a stylish appearance. Its charcoal finish complements various kitchen designs.

Key features include:

- **Clear Lines and Elegant Stone Haptics:** Contemporary design for ideal space utilization.
- **Spacious Sink:** Designed for 50 cm wide base units, providing ample space for washing, even for bulky dishes.
- **Durable SILGRANIT Material:** Low maintenance, scratch-resistant, impact-resistant, and heat-resistant.
- **Integrated Drain Remote Control:** Features a 3 ½" basket strainer with a convenient rotary control.

2. INSTALLATION AND SETUP

This BLANCO Dalago sink is designed for undermount installation. Proper installation is crucial for optimal performance and longevity. It is recommended to have the installation performed by a qualified professional.

2.1 Pre-Installation Checklist

- Ensure your base unit is at least 50 cm wide to accommodate the sink.
- Verify all included components are present: waste kit with space-saving pipe, and 3 ½" basket strainer with drain remote control (rotary switch).
- Review all dimensions and cutting templates before making any cuts to your countertop.

2.2 Dimensions and Cutout

Refer to the following diagrams for precise measurements and cutout specifications for your countertop.

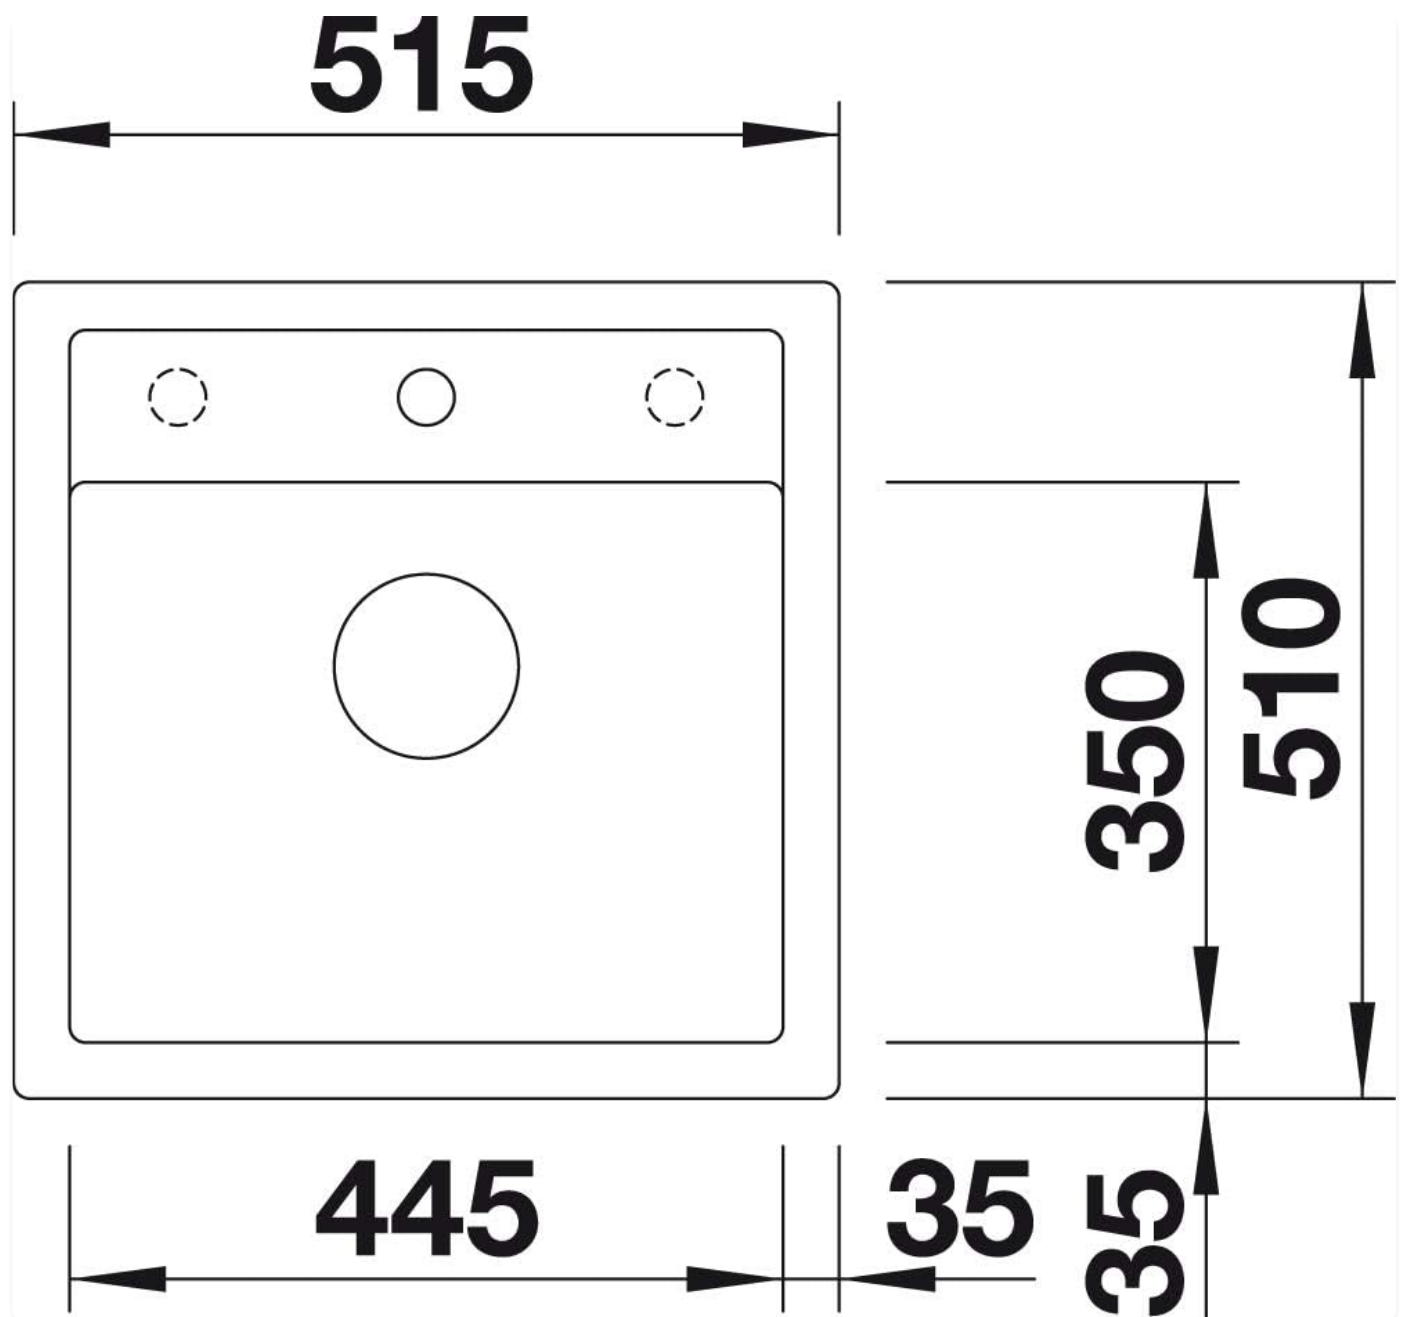

Figure 2.1: Top view dimensions of the sink (515mm x 510mm overall, 445mm x 350mm bowl).

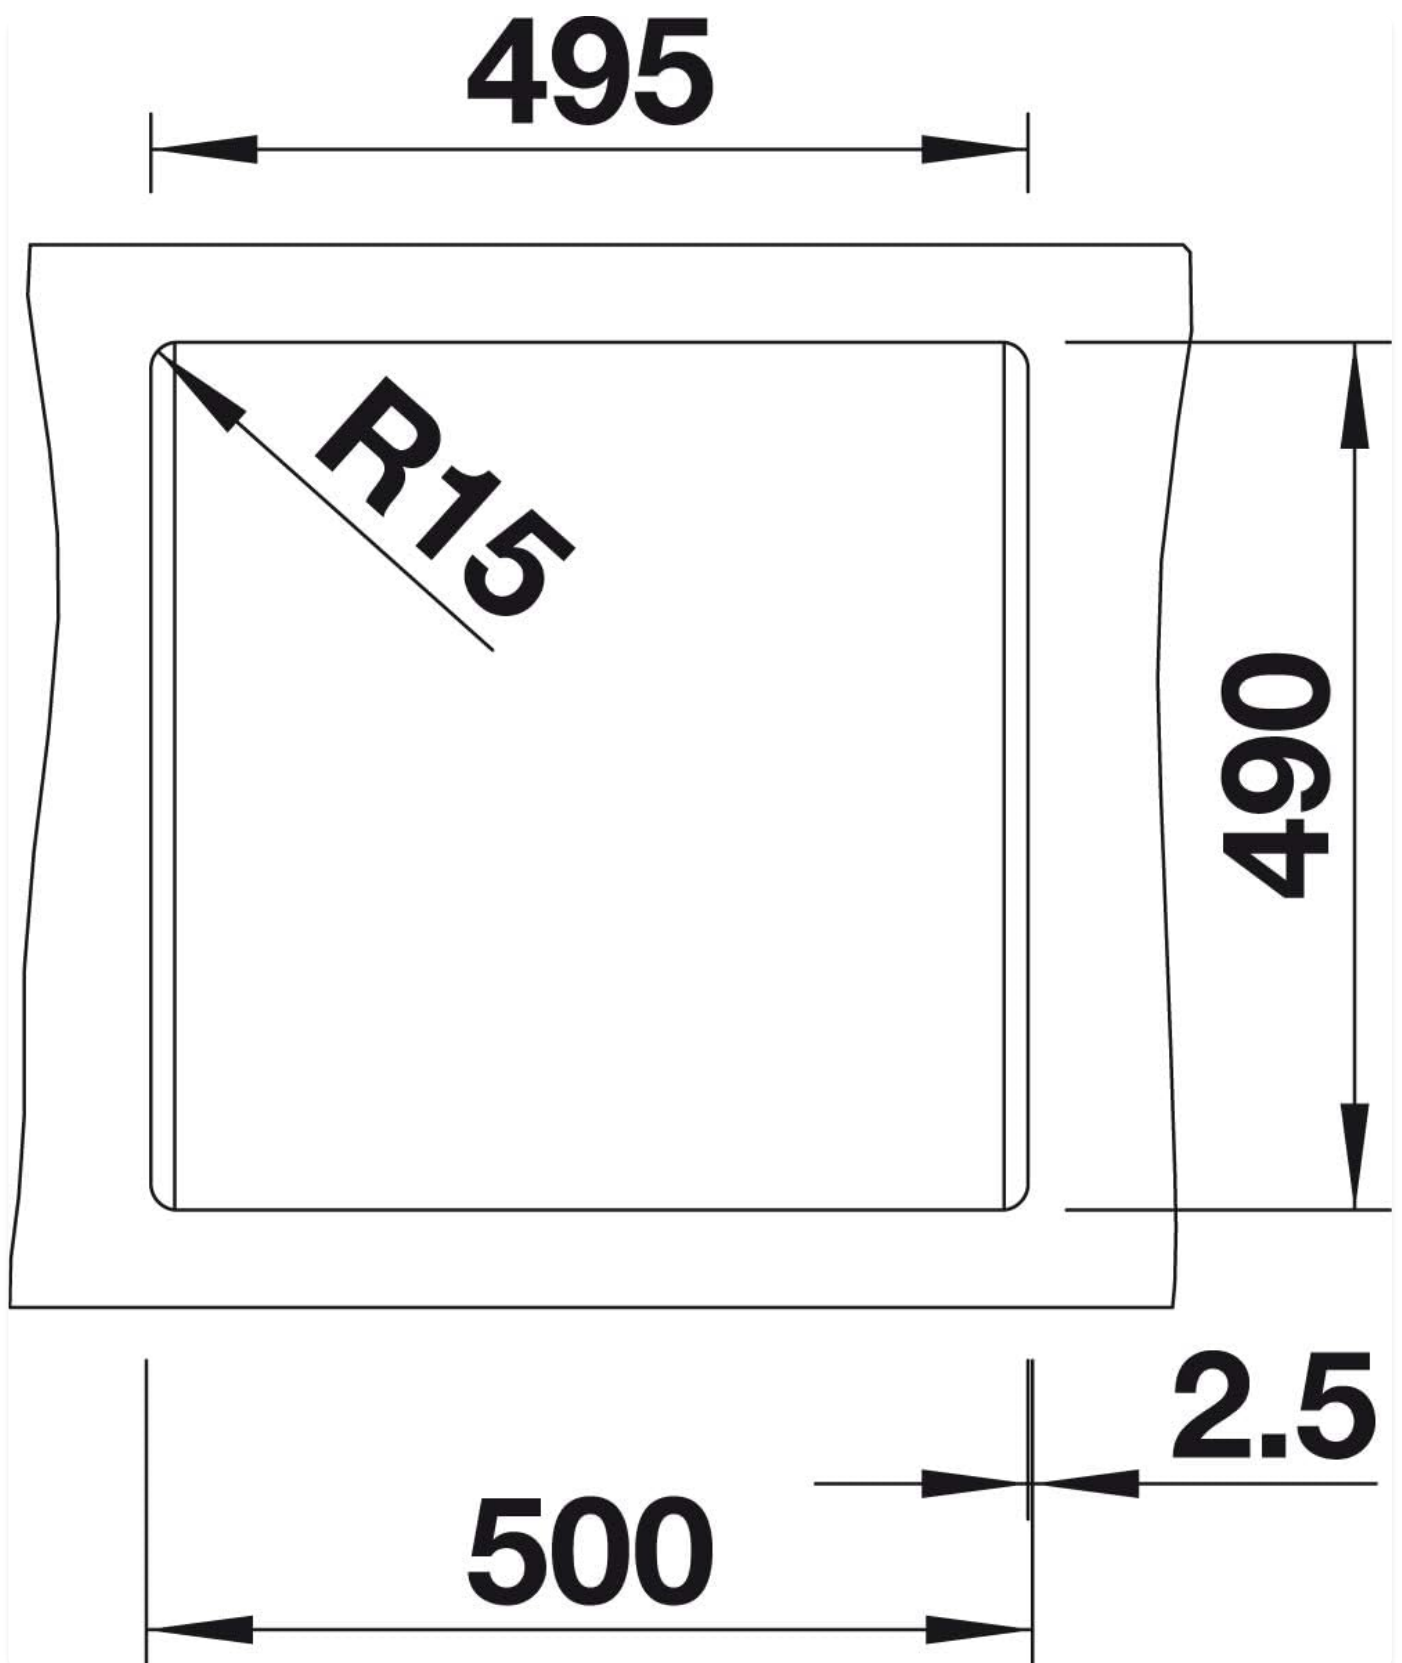

Figure 2.2: Countertop cutout dimensions (495mm x 490mm with R15 corners).

2.3 Plumbing Connections

The sink comes with a waste kit and space-saving pipe. Ensure proper sealing and connection to your household drainage system.

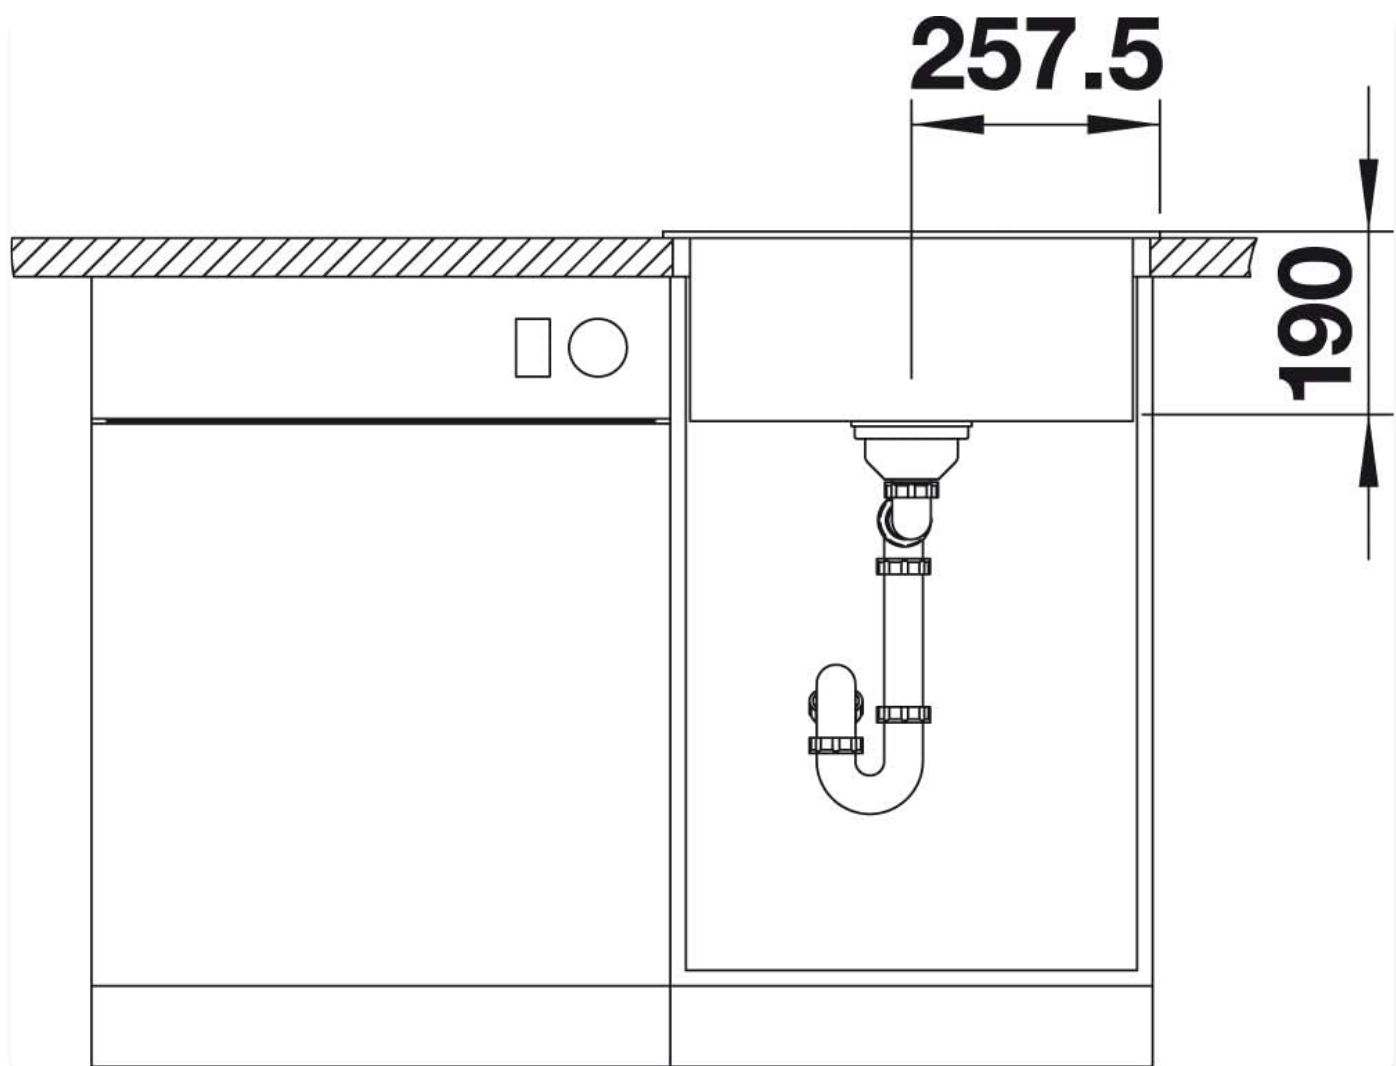

Figure 2.3: Side view installation diagram, showing sink depth (190mm from top of counter to bottom of sink) and plumbing connections.

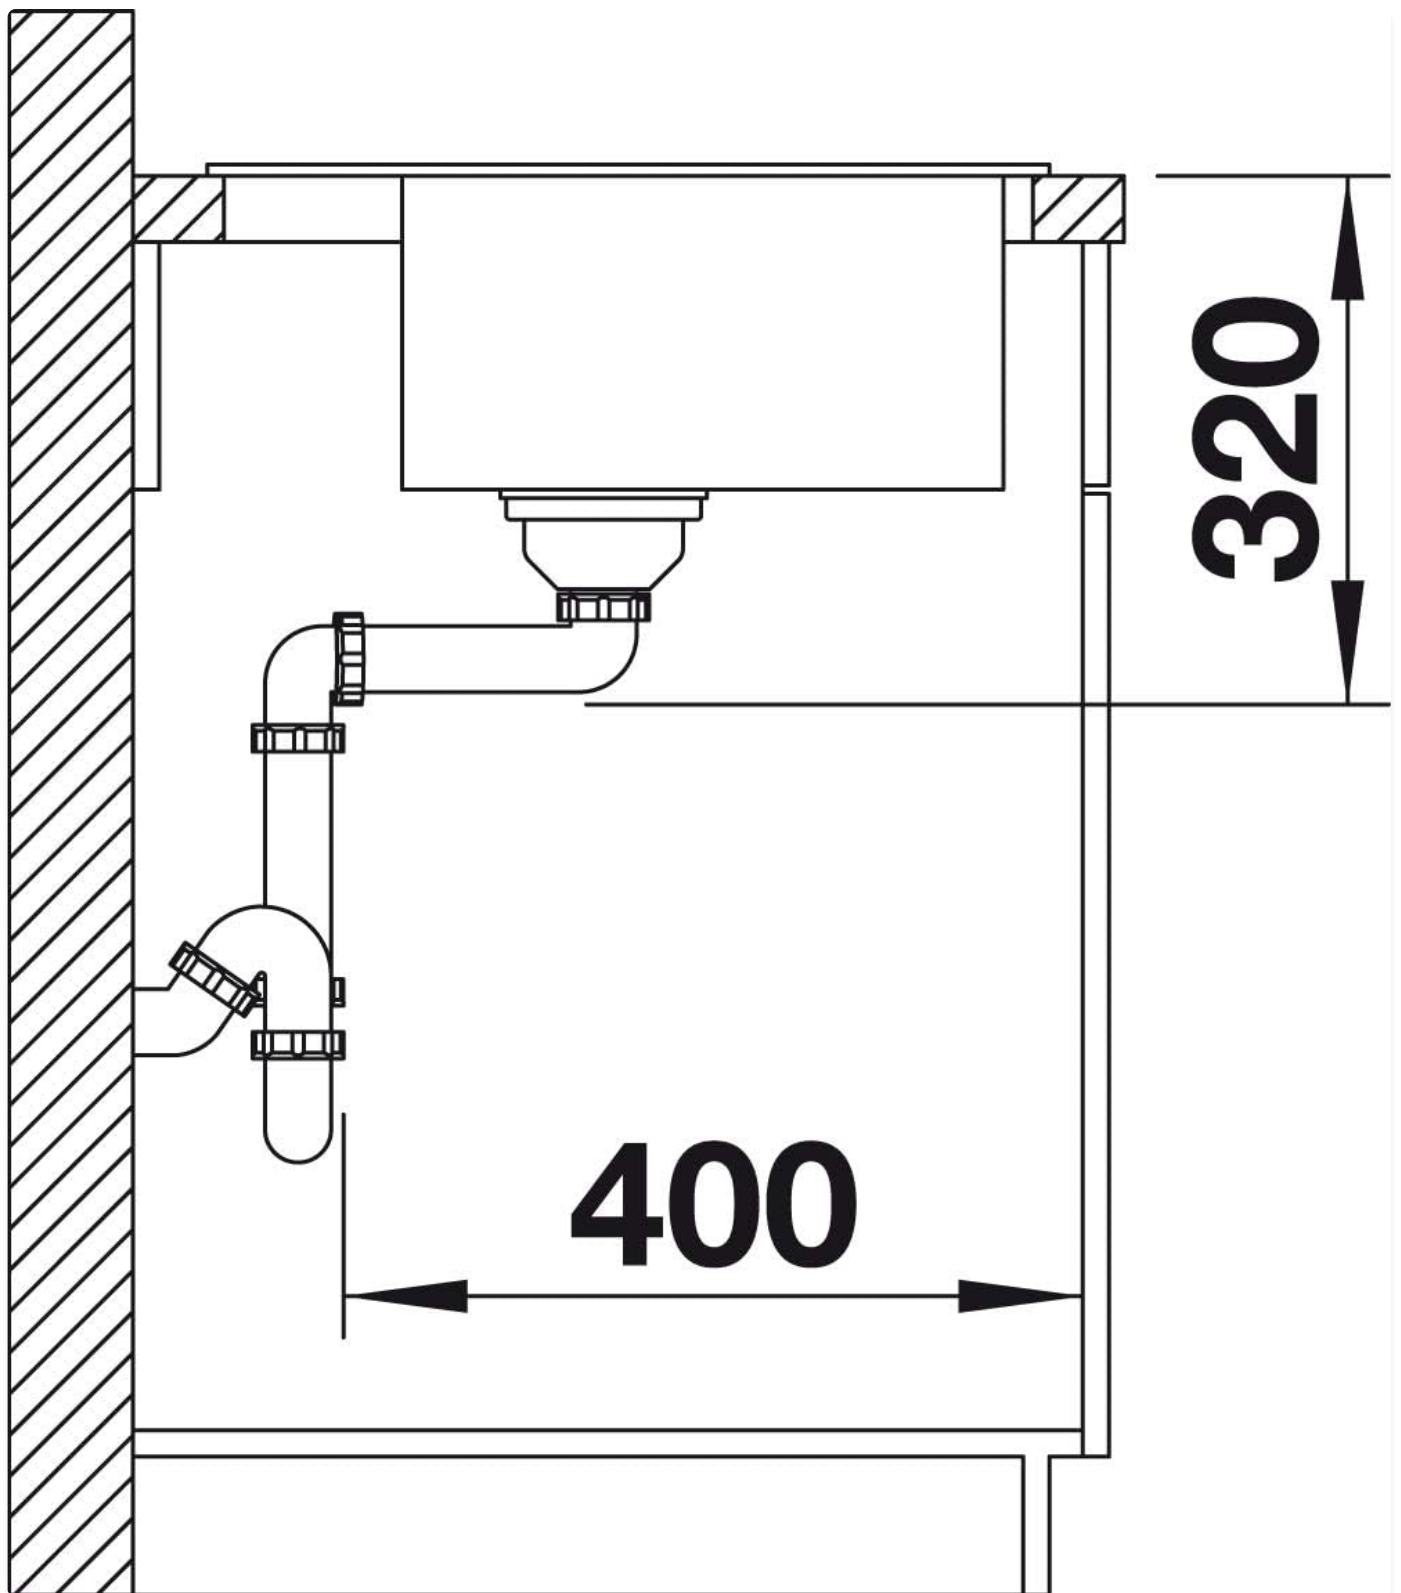

Figure 2.4: Detailed view of the waste kit and space-saving pipe, showing a total depth of 320mm from the top of the sink to the bottom of the pipe, and 400mm from the back wall.

3. OPERATING INSTRUCTIONS

The BLANCO Dalago sink is designed for everyday kitchen tasks, from washing dishes to preparing food. Its spacious single bowl accommodates various items with ease.

3.1 Drain Remote Control

Your sink is equipped with a convenient drain remote control, allowing you to open and close the basket strainer without reaching into the water. Locate the rotary control knob, typically positioned on the sink deck near the faucet hole. Rotate it to operate the drain.

4. CARE AND MAINTENANCE

The SILGRANIT material of your BLANCO sink is highly durable and easy to maintain. Regular cleaning will preserve its appearance and hygienic properties.

4.1 Daily Cleaning

- After each use, rinse the sink thoroughly with water to remove food particles and residue.
- Wipe the sink with a dry cloth to prevent water spots and mineral buildup, especially in hard water areas.
- For general cleaning, use a mild dish soap and a soft sponge or cloth.

4.2 Deep Cleaning and Stain Removal

- For stubborn stains, a non-abrasive cleaner specifically designed for composite sinks can be used. Always follow the cleaner's instructions.
- Avoid using harsh chemicals, abrasive pads, steel wool, or strong acids/alkalis, as these can damage the surface.

- The SILGRANIT material is scratch-resistant and impact-resistant, but it is still advisable to use cutting boards and avoid dropping heavy objects to prevent potential damage.

Figure 4.1: A clean BLANCO Dalago sink, demonstrating the ease of maintaining its pristine condition.

5. TROUBLESHOOTING

While BLANCO sinks are built for durability, minor issues may occasionally arise. Here are some common concerns and general advice:

5.1 Water Spots or Mineral Buildup

- **Cause:** Hard water drying on the surface.
- **Solution:** Regularly wipe the sink dry after use. For existing buildup, use a solution of vinegar and water (1:1 ratio) or a specialized descaling agent. Apply, let sit for a few minutes, then scrub gently and rinse thoroughly.

5.2 Slow Drainage

- **Cause:** Accumulation of food particles or grease in the drain.
- **Solution:** Ensure the basket strainer is clear of debris. For minor clogs, try pouring boiling water down the drain, followed by a mixture of baking soda and vinegar. If the issue persists, a plumbing snake or professional plumber may be required.

5.3 Fading or Discoloration

- **Cause:** Exposure to strong chemicals, prolonged contact with highly acidic or alkaline substances, or improper cleaning agents.
- **Solution:** Ensure you are using only recommended cleaning products. For persistent discoloration, contact BLANCO customer support for advice.

If you encounter issues not covered here or require further assistance, please contact BLANCO customer support.

6. SPECIFICATIONS

Attribute	Detail
Brand	BLANCO
Model Number	518521
Color	Charcoal
Material	SILGRANIT (Stone composite)
