Fellowes 3605801 Shredder Wastebags Instruction Manual

Model: 3605801

INTRODUCTION

This manual provides instructions for the proper use and handling of Fellowes 3605801 Shredder Wastebags. These bags are designed for use with Fellowes Powershred machines to maintain a clean and efficient shredding environment.

PRODUCT OVERVIEW

The Fellowes 3605801 Shredder Wastebags are specifically designed to fit shredder bins with a capacity of 32-38 gallons. Each carton contains 50 bags, which measure approximately 23 inches x 21 inches x 39 inches when laid flat. They come in a convenient dispenser box and include extra-long wire ties for secure closure. These wastebags are 100% recyclable.

This image shows a Fellowes 3605801 shredder wastebag being dispensed from its cardboard box, illustrating the convenient access for users.

This image displays the closed dispenser box for Fellowes 3605801 shredder wastebags, featuring the Fellowes logo and product information.

SETUP AND INSTALLATION

1. Open the dispenser box and remove a single wastebag.

2. Unfold the wastebag.
3. Carefully place the wastebag into your Fellowes Powershred machine's waste bin, ensuring the edges are properly aligned and secured around the rim of the bin. This prevents shredded material from falling outside the bag.

OPERATING INSTRUCTIONS

Once the wastebag is properly installed, operate your shredder as usual. The bag will collect shredded material.

Disposal:

- When the wastebag is full, or when you need to empty the shredder, carefully remove the waste bin from the shredder.
- Gather the top edges of the wastebag.
- Use one of the provided extra-long wire ties to securely close the bag. Twist the wire tie tightly to prevent contents from spilling.
- Dispose of the sealed wastebag according to local recycling guidelines, as these bags are 100% recyclable.

MAINTENANCE

These wastebags are single-use items. Do not attempt to reuse them.

Store unused wastebags in their original dispenser box in a cool, dry place to maintain their integrity.

TROUBLESHOOTING

Bag Does Not Fit Bin:

Ensure you are using the correct size wastebag for your shredder. Fellowes 3605801 bags are designed for 32-38 gallon bins. Verify your shredder's bin capacity.

Bag Tears During Installation/Removal:

Handle the bags carefully. Avoid overfilling the shredder bin, as this can put excessive strain on the bag when removing it.

SPECIFICATIONS

Feature	Detail
Brand	Fellowes
Model Number	3605801
Capacity	32-38 Gallons
Dimensions (Flat)	23 inches x 21 inches x 39 inches
Quantity	50 bags per carton

Feature	Detail
Material	100% Recyclable Plastic
Included	Extra-long wire ties
Recommended Use	Commercial
UPC	033587454522

Note: Dimensions are approximate and may vary slightly.

Safety Information

- Keep wastebags out of reach of children and pets to prevent suffocation hazards.
- Do not use bags for food storage.
- Avoid placing sharp objects directly into the bag without shredding, as this may puncture the bag.

Recycling Information

Fellowes 3605801 Shredder Wastebags are made from 100% recyclable materials. Please dispose of them responsibly according to your local recycling guidelines. Look for the recycling symbol on the packaging.

Warranty and Support

For specific warranty information or product support, please contact Fellowes customer service directly or visit the official Fellowes website. Refer to the product packaging for contact details.
