### Product Overview Video Description:

This video provides a brief overview of the Beetel B26 Slim Corded Landline Phone, highlighting its key features such as ringer volume control, wall/desk mountability, ringer on/off switch, clear call quality, compact design, and tone/pulse/flash/redial functions.

## 2. PACKAGE CONTENTS

---

Verify that all the following items are included in your product package:

- Landline Instrument (Beetel B26 Phone)
- Coil Cord (for handset connection)
- Line Cord (for telephone line connection)
- User Manual (this document)

*Image: The Beetel B26 phone along with its coil cord and line cord, as typically found in the package.*

### Unboxing Video Description:

An unboxing video of the Beetel B26 Slimline Telephone, showing the contents of the box including the phone unit, coil cord, line cord, and user manual. It also provides a closer look at the phone's design and features.

## 3. SETUP

---

1. **Connect the Coil Cord:** Plug one end of the coil cord into the handset and the other end into the corresponding port on the main phone unit.
2. **Connect the Line Cord:** Insert one end of the line cord into the telephone line jack on the phone unit. Plug the other end of the line cord into your wall telephone socket provided by your service provider.
3. **Placement:** The Beetel B26 can be placed on a desk or mounted on a wall. For wall mounting, ensure the hook on the phone cradle is rotated to the vertical position to prevent the handset from slipping.

## COMPACT & SLIM IN DESIGN

### 4. OPERATING INSTRUCTIONS

#### 4.1 Making a Call

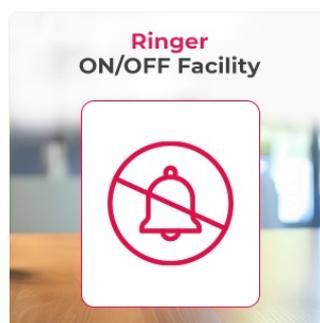

1. Lift the handset.
2. Wait for a dial tone.
3. Dial the desired telephone number using the keypad.
4. Once the call is complete, replace the handset on the base unit.

#### 4.2 Receiving a Call

When the phone rings, simply lift the handset to answer the call. Replace the handset to end the call.

#### 4.3 Ringer Volume Control

The phone features a ringer volume control switch, typically located on the side or bottom of the unit. Use this switch to adjust the ringer volume to your preference or to turn it off completely.

*Image: Graphic illustrating the Ringer ON/OFF functionality.*

#### 4.4 Tone/Pulse Dialing

The phone supports both Tone (DTMF) and Pulse dialing modes. A switch to select between these modes

is usually located on the phone's base or side. Select the mode compatible with your telephone line service.

Image: Graphic illustrating the Tone/Pulse Dialing feature.

#### 4.5 Redial Function

To redial the last number called, simply lift the handset and press the **Redial** button on the keypad. This feature allows for quick re-connection to previously dialed numbers.

#### 4.6 Flash Function

The **Flash** button is used to access network features such as call waiting or call transfer, depending on your telephone service provider. Pressing this button briefly will send a flash signal to the exchange.

#### Feature Highlights Video Description:

A short video demonstrating the main features of the Beetel B26 phone, including the ringer volume control, tone/pulse switchable dialing, redial function, and selectable flash.

### 5. MAINTENANCE

- **Cleaning:** Use a soft, damp cloth to clean the phone's exterior. Do not use abrasive cleaners or solvents, as these may damage the finish.
- **Storage:** Store the phone in a cool, dry place away from direct sunlight and extreme temperatures when not in use for extended periods.
- **Cord Care:** Avoid tangling or stretching the coil and line cords excessively to prevent damage.

### 6. TROUBLESHOOTING

Problem	Possible Cause	Solution
No dial tone.	Line cord not properly connected. Telephone line service issue.	Ensure the line cord is securely plugged into both the phone and the wall jack. Contact your telephone service provider to check for line issues.
Phone not ringing.	Ringer switch is set to OFF. Low ringer volume.	Check the ringer ON/OFF switch and set it to ON. Adjust the ringer volume control.
Handset slips from wall mount.	Wall mount hook is in horizontal position.	Rotate the hook on the phone cradle to the vertical position for secure wall mounting.

## 7. SPECIFICATIONS

---
