Nestle Sublime Chocolate Bar

Sublime Chocolate Con Leche Y Mani/Chocolate with Milk and Peanuts

Official Product Manual

Introduction

Welcome to the official product manual for Nestle Sublime Chocolate with Milk and Peanuts. This document provides essential information regarding the product's characteristics, recommended consumption, storage guidelines, and quality assurance. Sublime chocolate bars are a classic treat, combining rich milk chocolate with crunchy peanuts, imported from Peru.

Product Overview

The Nestle Sublime Chocolate with Milk and Peanuts is typically packaged in a box containing multiple individually wrapped bars. Each bar is designed for convenient consumption, offering a balanced blend of chocolate and peanuts.

Image: Front view of the Nestle Sublime Chocolate box, showing the brand logo, product name "Clásico", and nutritional information in Spanish. The box indicates a net weight of 624g (24 pieces x 26g each).

Image: Several individually wrapped Nestle Sublime chocolate bars partially removed from their main box, showcasing the blue and silver foil packaging.

Consumption Guidelines

Opening the Package

1. Locate the tear notch or seam on the individual chocolate bar wrapper.
2. Carefully tear or unwrap the foil packaging to expose the chocolate bar.

Image: A Nestle Sublime chocolate bar, unwrapped and resting on its foil, clearly showing the milk chocolate with embedded peanuts and the "Sublime" logo embossed on the chocolate.

Enjoying the Chocolate

The Nestle Sublime chocolate bar is ready for immediate consumption once unwrapped. It can be enjoyed as a snack, dessert, or a treat at any time.

Storage and Handling

To maintain the quality and freshness of your Nestle Sublime chocolate bars, please follow these storage guidelines:

- Store in a cool, dry place, away from direct sunlight and strong odors.
- Ideal storage temperature is between 60°F and 70°F (15°C and 21°C).
- Avoid extreme temperature fluctuations, which can cause "bloom" (a white film on the chocolate surface, which is harmless but affects appearance).
- Do not refrigerate unless necessary in very hot climates, as refrigeration can alter texture and flavor. If refrigerating, store in an airtight container to prevent moisture absorption.
- Keep the product in its original packaging until ready to consume.

Each Nestle Sublime chocolate bar contains milk chocolate and peanuts. For detailed nutritional values, including calories, fats, carbohydrates, and proteins, please refer to the nutritional label on the product packaging. Typical serving size is one bar.

Quality Assurance and Troubleshooting

Nestle is committed to providing high-quality products. If you encounter any issues with your Sublime chocolate, such as damaged packaging, unusual appearance, or off-flavor, please take the following steps:

- Do not consume the product if it appears compromised.
- Note the batch number and expiration date printed on the packaging.
- Contact Nestle Consumer Services with details of the issue.
