3. SETUP

Follow these steps to prepare your Psychopoly game for play:

1. **Unfold the Game Board:** Place the game board on a flat surface.
2. **Separate the Cards:** Shuffle the Community Services cards and place them face down on their designated space on the board. Do the same for the Synchronicity cards.
3. **Designate a Banker:** One player is chosen to be the Banker. The Banker is responsible for all Psychopoly money, property cards, houses, and hotels not yet owned by players. The Banker may also play as a regular player.
4. **Distribute Starting Money:** Each player receives a specific amount of Psychopoly money from the Banker. Refer to the game's quick-start guide for exact starting amounts.
5. **Choose Player Tokens:** Each player selects one of the six metal tokens and places it on the 'GO' space.

(hotels).

- **Community Services or Synchronicity:** Draw the top card from the respective deck and follow its instructions.
 - **Go to Asylum:** If you land on or are sent to the 'Go to Asylum' space, move your token directly to the 'The Asylum' space and end your turn. You cannot collect \$200 for passing 'GO'.
 - **Other Spaces:** Follow instructions on spaces like 'Free Therapy', 'Just Viewing', or tax spaces.
3. **Doubles:** If you roll doubles, you take your turn as usual, then roll the dice again for another turn. If you roll doubles three times in a row, you must immediately 'Go to Asylum'.

4.2 Building and Trading

- **Building:** Once you own all properties in a color group, you can buy Research Centers (houses) and Universities (hotels) from the Banker to place on your properties, increasing rent.
- **Trading:** Players can trade properties, money, and 'Get Out of Asylum Free' cards with each other at any time.

4.3 Winning the Game

The game ends when only one player remains solvent, meaning all other players have gone bankrupt. The last player remaining is the winner.

5. MAINTENANCE

Proper care will extend the life of your Psychopoly game:

- **Storage:** Store all game components in the original box in a cool, dry place away from direct sunlight.
- **Cleaning:** Wipe the game board and plastic components with a soft, dry cloth. Avoid using abrasive cleaners or excessive moisture.
- **Handling:** Handle cards and money carefully to prevent bending or tearing.

6. TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Missing Components:** If any components are missing upon opening the box, please contact the manufacturer for assistance.
- **Rules Disputes:** In case of disagreement over rules, refer to this manual. For situations not explicitly covered, players may agree on a 'house rule' before continuing.
- **Damaged Components:** If components are damaged, replacements may be available from the manufacturer.
