# Hasbro Monopoly Race Car Token User Manual

Model: race-car

## 1. INTRODUCTION

This manual provides instructions for the use and care of your Hasbro Monopoly Race Car Token. This token is designed as a replacement or additional game piece for the classic Monopoly board game, allowing players to represent themselves on the game board.

The Race Car token is a durable, metallic game piece, crafted to withstand regular gameplay. It is an iconic part of the Monopoly experience, chosen by many players for its distinctive design.

## 2. SETUP

The Race Car token is ready for immediate use with any standard Monopoly board game. No assembly or special preparation is required.

1. **Unpack:** Carefully remove the Race Car token from its packaging.

2. **Player Selection:** At the beginning of a Monopoly game, each player selects a token to represent them on the board. If you wish to use the Race Car, simply choose it as your game piece.
3. **Placement:** Place your chosen Race Car token on the "GO" space at the start of the game.

### 3. OPERATING THE TOKEN (GAMEPLAY)

The Race Car token functions identically to all other Monopoly game tokens. Its operation is dictated by the rules of the Monopoly game.

- **Movement:** After rolling the dice, move your Race Car token clockwise around the game board the number of spaces indicated by the dice roll.
- **Landing on Spaces:** The actions you take depend on the space your Race Car token lands on (e.g., buying property, drawing a card, paying rent, going to Jail).
- **Passing GO:** Each time your Race Car token passes or lands on the "GO" space, collect the designated salary from the bank.

For detailed gameplay rules, please refer to the official Monopoly game rulebook.

### 4. MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your Race Car token.

- **Cleaning:** To clean the token, gently wipe it with a soft, dry cloth. For minor smudges, a slightly damp cloth can be used, followed immediately by drying. Avoid abrasive cleaners or harsh chemicals, as these may damage the finish.
- **Storage:** Store the token in a dry place, preferably within the Monopoly game box or a dedicated game piece container, to prevent loss or damage.
- **Handling:** While durable, avoid excessive force or bending, which could deform the token.

### 5. TROUBLESHOOTING

As a simple game piece, the Race Car token typically does not require complex troubleshooting. However, here are some common concerns:

- **Lost Token:** If the token is lost, a replacement can be purchased separately, or another small object can be used as a substitute during gameplay.
- **Damaged Token:** If the token becomes bent or broken, it may affect its stability on the board. Depending on the extent of the damage, it may need to be replaced.
