## SAFETY INFORMATION

**WARNING:** This product contains small parts and is not suitable for children under 14 years of age due to potential choking hazards. Adult supervision is recommended during assembly.

- Always use tools carefully to avoid injury.
- Ensure proper ventilation when using paints, glues, and thinners.
- Keep all components and tools out of reach of small children and pets.
- Dispose of waste materials responsibly.

## SETUP AND PREPARATION

### 1. Unpacking the Kit

Carefully open the kit box and remove all contents. Verify that all parts are present and undamaged by comparing them with the parts list in the included manual (not provided here). The kit includes various sprues with plastic parts, clear parts, rubber tires, and photo-etched components.

### 2. Recommended Tools

The following tools are recommended for optimal assembly. Ensure you have these readily available before starting.

- Angled Tweezers (Pinzette abgewinkelt)
- Cutter Knife (Cutter-Messer)
- Decal Scissors (Decal-Schere)
- Side Cutters for Plastic (Seitenschneider Spitz für Kunststoff)
- Brush Set (Pinsel-Set "Basic")
- Masking Tape 10mm with Dispenser (Masking Tape 10mm mit Abroller)
- Plastic Cement 40ml Tamiya (Plastikkleber 40ml Tamiya)

- Plastic Cement 40ml Extra Thin Tamiya (Plastikkleber 40ml extradünn Tamiya)
- Mark Fit (Strong) Decal Softener 40ml (Dekorweichmacher 40ml)
- Decal Adhesive Soft/Hard 10ml (Haftmittel 10ml)

300085012	TS-12 Orange glänzend 100ml (Gloss Orange Spray)

Follow the step-by-step diagrams in the original kit manual for precise assembly. The general process involves cutting parts from sprues, cleaning mold lines, painting, gluing, and applying decals. Pay close attention to the photo-etched parts for enhanced detail.

## 1. Body and Chassis Assembly

Begin by assembling the main body and chassis components. Ensure all parts are properly aligned before applying cement. The kit features a detailed racing body with ventilation grilles and an accurately recreated underbody.

市販の930ターボと異なるリアウイング。前側のルーバーは樹脂部品とエッチングパーツを使用。

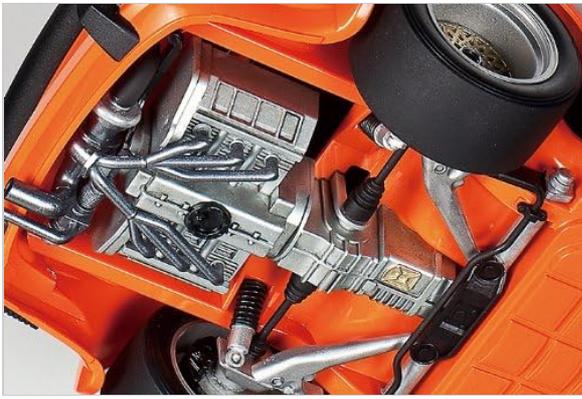

**Image:** A detailed rear view of the assembled Porsche 934 model, showing the wide fenders, rear wing, and engine grille. The model has a total length of 179mm, and its glamorous form with wide fenders and a rear wing is a key visual feature.

## 2. Interior and Engine Details

Assemble the interior components, including the dashboard, seats, and roll cage. The kit provides intricate details for a realistic cockpit. For the undercarriage, assemble the chassis and BBS alloy wheels. The 3-liter boxer engine details are also included for an authentic representation.

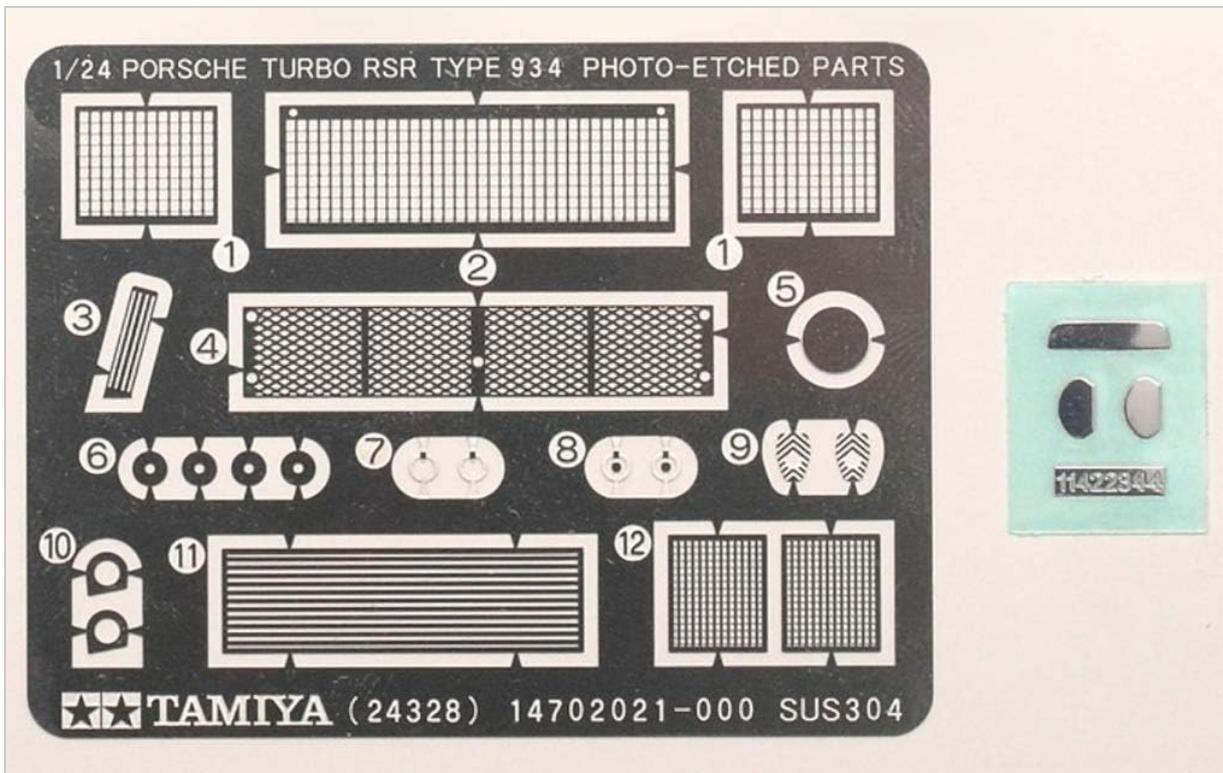

**Image:** A close-up of the model's interior, featuring the detailed roll cage, racing seat, and dashboard instrumentation.

**Image:** A view of the model's undercarriage, showcasing the detailed engine, transmission, and suspension components.

### 3. Photo-Etched Parts and Decals

The kit includes photo-etched parts to enhance the realism of certain details, such as grilles and emblems. Carefully cut and attach these parts using appropriate adhesive. Apply the decals according to the placement guide in the main manual, using decal softener for a seamless finish.

**Image:** A sheet of photo-etched parts for the Porsche 934 model, including various grilles and small detail components. These etched parts enhance the precision of details and include inlet marks for mirrors.

### DISPLAY AND HANDLING

Once assembled, your Tamiya Porsche 934 Jaegermeister model is ready for display. Handle the model with care to prevent damage to delicate parts. It is recommended to display the model in a stable, dust-free environment away from direct sunlight and extreme temperatures to preserve its finish and structural integrity.

### MAINTENANCE

To maintain the appearance of your model, dust it regularly with a soft, dry cloth or a soft brush. Avoid using harsh chemicals or abrasive cleaners, as these can damage the paint and plastic surfaces. For stubborn dust in crevices, a soft, dry paintbrush can be used.

## TROUBLESHOOTING COMMON ISSUES

- **Parts not fitting:** Ensure you are using the correct parts for each step. Sometimes, a small amount of sanding or trimming may be required for a perfect fit.
- **Decals not adhering:** Make sure the surface is clean and smooth. Use decal setting solution (like Tamiya Mark Fit) to help decals conform to irregular surfaces and adhere better.
- **Paint issues:** If paint appears uneven or clumpy, ensure it is properly thinned and applied in thin coats. Allow sufficient drying time between coats.
- **Missing parts:** Double-check the sprues and packaging. If a part is genuinely missing, contact Tamiya customer support or your retailer.

## SPECIFICATIONS

Feature	Detail
Model Name	Porsche Turbo 934 Jägermeister
Model Number	300024328
Brand	TAMIYA
Scale	1:24
Length (assembled)	179 mm (7.05 inches)
