Initial Setup and Familiarization

Before driving, it is crucial to adjust your vehicle for comfort and safety. This section covers basic adjustments and initial checks.

Seat and Mirror Adjustments

- **Driver's Seat:** Adjust the seat forward or backward, and the seatback angle, to achieve a comfortable driving position with clear pedal access.
- **Steering Wheel:** Adjust the steering wheel tilt and telescopic position for optimal control and visibility of the instrument cluster.
- **Rearview Mirrors:** Adjust the interior rearview mirror and exterior side mirrors to provide a clear view of the

areas behind and to the sides of your vehicle.

Dashboard Overview

Familiarize yourself with the location and function of all dashboard controls, including the instrument cluster, warning lights, and infotainment system.

Operating Your Mazda 6

This section provides instructions for starting, driving, and utilizing the various features of your vehicle.

Starting and Stopping the Engine

- **Starting:** Ensure the transmission is in Park (P) or Neutral (N). Press the brake pedal and turn the ignition key to the START position, or press the engine start button.
- **Stopping:** Bring the vehicle to a complete stop, shift the transmission to Park (P), engage the parking brake, and turn off the engine.

Driving Controls

- **Lights:** Operate the headlight, taillight, and turn signal controls located on the steering column stalk.
- **Wipers:** Use the wiper stalk to control the front and rear windshield wipers and washers.
- **Climate Control:** Adjust temperature, fan speed, and air distribution using the controls on the center console.
- **Audio System:** Instructions for operating the radio, CD player, and auxiliary input.

Maintenance and Care

Regular maintenance is essential for the longevity and optimal performance of your Mazda 6. Adhere to the recommended service schedule.

Scheduled Maintenance

Refer to the Maintenance Passport for detailed service intervals and required inspections. Regular checks include:

- Engine oil and filter replacement
- Tire rotation and inspection
- Brake system inspection
- Fluid level checks (coolant, brake fluid, power steering fluid, washer fluid)

Cleaning

Use appropriate cleaning products for the exterior and interior of your vehicle. Avoid harsh chemicals that may damage surfaces.

Troubleshooting Common Issues

This section provides guidance on addressing minor issues that may arise during vehicle operation.

Warning and Indicator Lights

Consult the instrument cluster section of this manual for a detailed explanation of each warning and indicator light. Do not ignore illuminated warning lights; address them promptly.

Flat Tire

If you experience a flat tire, safely pull over to the side of the road. Refer to the manual for instructions on using the spare tire and jack, or contact roadside assistance.

Battery Jump-Start

If your vehicle's battery is discharged, follow the jump-starting procedures outlined in this manual carefully to avoid damage to the electrical system.
