Liquid Wrench L106-12PK

Liquid Wrench L106-12PK Penetrating Oil

INSTRUCTION MANUAL

Model: L106-12PK | Brand: Liquid Wrench

PRODUCT OVERVIEW

Liquid Wrench L106-12PK Penetrating Oil is designed to effectively free stuck nuts, bolts, and locks. Its powerful formula works by dissolving rust and cutting through grease, allowing for quick penetration into corroded areas. This product is ideal for use on various mechanisms including garden hose nozzles, clamps, pipes, and other frozen components.

SETUP AND PREPARATION

- 1. Read Safety Information:** Before use, carefully read all safety warnings and instructions on the product label.
- 2. Shake Well:** Shake the can thoroughly for several seconds before each use to ensure proper mixing of the formula.
- 3. Attach Extension Tube:** For precise application in hard-to-reach areas, firmly attach the provided extension tube to the spray nozzle.
- 4. Prepare Area:** Ensure the area is well-ventilated. Protect surrounding surfaces from overspray if necessary.

★ MADE IN THE USA ★

Liquid WRENCH®

TRUSTED SINCE 1941

PENETRATING OIL

FREES STUCK NUTS & BOLTS
GUARANTEED TO CUT THE RUST

NET WT 5.5 OZ (155g)

PART NO: L106

DANGER: FLAMMABLE. EYE & SKIN IRRITANT. HARMFUL OR FATAL
IF SWALLOWED. CONTENTS UNDER PRESSURE.
READ PRECAUTIONS ON BACK PANEL. LEA LAS PRECAUCIONES EN EL PANEL POSTERIOR.

OPERATING INSTRUCTIONS

Follow these steps for effective application of Liquid Wrench Penetrating Oil:

- 1. Direct Application:** Aim the nozzle directly at the rusted or seized component. For best results, apply the oil to the joint or threads where penetration is needed.
- 2. Allow Penetration Time:** The effectiveness of penetrating oil significantly increases with adequate soak time. For heavily rusted or stubborn parts, allow the oil to penetrate for several hours, or even overnight. Reapply if necessary.
- 3. Attempt Movement:** After sufficient penetration time, attempt to loosen or move the component using appropriate tools. If resistance is still high, reapply the oil and allow more time for penetration.

Note: For extremely stubborn cases, multiple applications over several days may be required to achieve optimal results. Patience is key for successful penetration and loosening of seized parts.

MAINTENANCE

To ensure the longevity and effectiveness of your Liquid Wrench Penetrating Oil:

- **Storage:** Store the can in a cool, dry place away from direct sunlight and heat sources. Keep out of reach of children and pets.
- **Cap Securely:** Always replace the cap securely after use to prevent leakage and maintain product integrity.
- **Dispose Properly:** Dispose of empty cans according to local regulations for aerosol products.

TROUBLESHOOTING COMMON ISSUES

If you encounter difficulties while using Liquid Wrench Penetrating Oil:

- **Part Remains Seized:** If the part does not loosen after initial application, reapply the penetrating oil generously. Allow a longer soak time, up to 24-48 hours, and reattempt. Applying heat carefully to the surrounding area (not directly to the oil) may also assist, but exercise extreme caution and ensure proper ventilation.
- **Difficulty Spraying:** Ensure the extension tube is properly seated. If the nozzle is clogged, remove it and clean with a thin wire or by rinsing with mineral spirits. Replace the nozzle if it remains clogged.
- **Product Not Penetrating:** For very tight tolerances or extremely heavy corrosion, ensure the oil is applied directly to the seam or threads. Consider tapping the area gently with a hammer after application to help the oil wick into the corroded spaces.

PRODUCT SPECIFICATIONS

Attribute	Detail
Brand	Liquid Wrench
Model	L106-12PK
Material	Plastic (Can)

Attribute	Detail
Package Information	Can
Liquid Volume	1951.85 Milliliters (Total for 12 cans)
Unit Count	66.0 Fluid Ounces (Total for 12 cans)
Item Weight	7 Pounds
Product Dimensions	8.8 x 6.8 x 7.4 inches
Flash Point	56 Degrees Celsius
Item Form	Liquid
UPC	078698408606
Number of Items	12
Date First Available	February 15, 2013

WARRANTY AND SUPPORT

Specific warranty details for Liquid Wrench L106-12PK Penetrating Oil are not provided within this manual. For information regarding product warranty, technical support, or any other inquiries, please contact Liquid Wrench directly through their official website or customer service channels.
