SETUP AND ASSEMBLY

The Hape E3080 Basic Builder Set encourages open-ended play and construction. There are no fixed assembly steps for a single model, but rather a system for creating various structures.

1. **Unpacking:** Carefully remove all components from the packaging. Discard any plastic bags or packaging materials responsibly.
2. **Component Identification:** Familiarize yourself with the different shapes, sizes, and types of pieces. Identify the wooden blocks, screws, nuts, and tools.
3. **Initial Exploration:** Encourage free play to understand how the pieces connect. The screws and nuts are designed for easy manipulation by small hands.
4. **Guided Construction (Optional):** Refer to the included instruction booklet for ideas and step-by-step guides for building specific models, such as vehicles or structures.

OPERATING INSTRUCTIONS

The Hape Basic Builder Set is designed for creative construction. The primary operation involves connecting the various wooden and plastic components using the provided screws, nuts, and tools.

- **Connecting Pieces:** Align holes in wooden blocks and insert screws. Secure them with nuts using the wrench or by hand.
- **Building Structures:** Experiment with different combinations to build vehicles, robots, animals, or abstract designs.
- **Developing Skills:** This activity naturally promotes hand-eye coordination, spatial reasoning, and fine motor dexterity.
- **Collaborative Play:** The set is suitable for multiple players, encouraging teamwork and communication.

MAINTENANCE

- **Cleaning:** Wipe wooden and plastic parts with a damp cloth. Do not immerse in water. Avoid harsh cleaning agents.
- **Storage:** Store all pieces in a dry place, away from direct sunlight and extreme temperatures, to prevent warping or damage to the wood.
- **Inspection:** Periodically check all components for wear and tear. Discard any broken or splintered pieces to ensure safety.

TROUBLESHOOTING

- **Missing Pieces:** If any pieces are missing upon unboxing, please contact Hape customer support.
- **Difficulty Assembling:** Ensure screws are aligned correctly with nuts. For younger children, adult assistance may be required to guide initial connections.
- **Loose Connections:** Tighten screws and nuts firmly but gently to avoid stripping the plastic threads.
