VermisTerra Worm Castings and Worm Tea: Comprehensive Instruction Manual

This manual provides detailed instructions for the proper use and application of VermisTerra Worm Castings (10 LB) and VermisTerra Tea (32 oz) for enhancing plant growth and soil health.

1. INTRODUCTION

This manual provides comprehensive instructions for the effective use of VermisTerra Worm Castings (10 LB) and VermisTerra Tea (32 oz). These organic soil amendments are designed to enhance plant growth, improve soil structure, and promote overall plant health. Please read all instructions carefully before use.

2. SAFETY INFORMATION

Handle with care. Avoid contact with skin and eyes. Keep out of reach of children and pets.

3. PRODUCT OVERVIEW

3.1. VermisTerra Worm Castings

VermisTerra Worm Castings are a natural, organic soil amendment derived from earthworm activity. They enrich the soil with beneficial microbes and nutrients, improving soil structure and fertility.

3.2. VermisTerra Worm Tea

VermisTerra Worm Tea is a liquid concentrate made from fermented earthworm castings, molasses, kelp, and other organic ingredients. It acts as a soil conditioner and plant tonic, providing micronutrients and beneficial bacteria to plants.

4. SETUP AND PREPARATION

4.1. Preparing Worm Castings

VermisTerra Worm Castings can be directly applied to soil or mixed into potting media. For potting mixes, blend 1 part VermisTerra castings with 3 parts media or coco-coir to create a nutrient-rich foundation for your plants.

4.2. Preparing Worm Tea Concentrate

The VermisTerra Worm Tea is a concentrate that requires dilution before application. Mix the concentrate with water according to the season:

- **Spring/Summer:** Add 2 fluid ounces of concentrate per 1 gallon of water.
- **Fall/Winter:** Add 4 fluid ounces of concentrate per 1 gallon of water.

This diluted solution is referred to as 'MIX' for application.

5. OPERATING INSTRUCTIONS: APPLICATION GUIDE

5.1. VermisTerra Worm Castings Application

VermisTerra Worm Castings can be applied as a topdressing or incorporated into potting mixes. The application rate varies depending on the plant type and area.

Graphic: Suggested application guide for VermisTerra Earthworm Castings

Image: Suggested application guide for VermisTerra Earthworm Castings, detailing topdressing, potting mix, and specific plant applications.

- **Topdressing:** For gardens, apply a layer of 1-3 inches or 2 pounds per 10 square feet. For larger farming areas, apply 4,000 pounds per acre. Apply once per growing season.
- **Potting Mix:** Blend 1 part VermisTerra castings with 3 parts of your chosen growing media (e.g., coco-coir).
- **Easy Garden Guide (Specific Plant Types):**
 - **Potted Plants:** Add 1-3 tablespoons per plant, once per season.
 - **Bushes, Flowers, Trees:** Apply 0.5 pounds per 1 square foot, or 0.5 bags per 10 square feet. Apply at the start of blooming and again during fruiting.

- **Vegetables:** Apply 1 pound per 1 square foot, or 1 bag per 10 square feet. Apply at the start of blooming and again during fruiting.

5.2. VermisTerra Worm Tea Application

Apply the prepared 'MIX' solution as a soil drench to provide nutrients and beneficial microbes directly to the plant roots.

Image: Suggested application guide for VermisTerra Earthworm Casting Tea, detailing mixing instructions and application rates for various plant types.

- **Application Rates for 'MIX':**

- **Potted Plants:** Apply 1 fluid ounce of 'MIX' every 2 weeks.
- **Bushes, Flowers, Trees:** Apply 3 fluid ounces of 'MIX' every 2 weeks.
- **Fruit Trees:** Apply 4-5 fluid ounces of 'MIX' every 2 weeks.
- **Vegetables:** Apply 6-7 fluid ounces of 'MIX' every week.

6. ONGOING PLANT MAINTENANCE

Consistent application of VermisTerra Worm Castings and Worm Tea supports long-term soil health and plant vitality. Regular use helps maintain a balanced soil ecosystem, promoting stronger immunity and resilience against environmental stressors. Monitor your plants for signs of nutrient deficiency or stress and adjust application frequency or quantity as needed, always adhering to the recommended guidelines.

7. TROUBLESHOOTING

If plants do not show expected improvement, consider the following:

- **Application Rate:** Ensure you are applying the correct amount of castings and tea according to the instructions for your specific plant type and growth stage.
- **Watering:** Proper watering is crucial. Ensure plants are not over or under-watered, as this can affect nutrient uptake.
- **Soil Conditions:** Check soil drainage and compaction. VermisTerra products improve soil, but extreme conditions may require additional amendments.
- **Pests/Diseases:** Inspect plants for signs of pests or diseases, which can hinder growth regardless of nutrient availability.
- **Environmental Factors:** Consider light, temperature, and humidity, as these play a significant role in plant health.

8. PRODUCT SPECIFICATIONS

Feature	Detail
Brand	VermisTerra
Item Weight	15 pounds (total package)
Item Form	Liquid (Tea), Solid (Castings)
Liquid Volume	32 fluid ounces (Tea)
Specific Uses For Product	Gardening
Manufacturer	JL Organics
UPC	866239000101
Unit Count	1 Count (Bundle)
ASIN	B00BSP2W4I
Coverage	Medium (as per product details)

9. WARRANTY INFORMATION

No specific warranty information is provided in the product details. For any warranty-related inquiries, please contact VermisTerra directly through their official channels.

10. CUSTOMER SUPPORT
