Zinus SmartBase Super Heavy Duty Mattress Foundation Instruction Manual

Model: SM-SC-PRSK-14Q

INTRODUCTION

The Zinus SmartBase Super Heavy Duty Mattress Foundation is designed to provide robust support for your mattress without the need for a traditional box spring. Constructed from reinforced steel, this platform bed frame offers exceptional durability and stability. Its 14-inch height creates valuable under-bed storage space, and its unique folding design simplifies both assembly and relocation. Recessed legs are incorporated to minimize accidental contact, and plastic leg caps protect flooring while ensuring quiet use.

SAFETY INFORMATION

- Exercise caution around sharp edges during unpacking and assembly.
- Do not load the foundation with more than 4400 pounds of evenly distributed weight.
- Ensure all connections are securely fastened before placing a mattress on the foundation.
- Keep small children and pets away from the frame during assembly to prevent injury.

INCLUDED COMPONENTS

The Zinus SmartBase Super Heavy Duty Mattress Foundation comes with the following components:

- Mattress Foundation (pre-assembled, foldable sections)
- Installation Manual
- Legs (integrated into the frame)
- Slats (integrated into the frame)
- Wing nuts for securing sections (pre-attached or included)

SETUP INSTRUCTIONS

The Zinus SmartBase is designed for quick and tool-free assembly. Follow these steps to set up your foundation:

1. **Unpack the Foundation:** Carefully remove the folded foundation from its packaging. The unit comes compactly folded in a single box.

2. **Unfold the Sections:** Place the folded foundation on the floor in the desired location. Carefully unfold the two main sections of the frame. Ensure the legs extend outwards and lock into place.

Image: The Zinus SmartBase foundation partially unfolded, showing the two main sections.

3. **Connect the Sections:** Align the two unfolded sections. There are pre-attached wing nuts and bolts that connect the sections. Push the connecting bars forward and tighten the wing nuts by hand until secure. No tools are required for this step.

OPERATING INSTRUCTIONS

The Zinus SmartBase foundation is designed for straightforward use. Simply place your mattress directly on the steel grid surface. The robust construction eliminates the need for a box spring, providing a firm and stable sleeping surface. The 14-inch height allows for ample storage underneath the bed, optimizing space in your room.

MAINTENANCE

To maintain the cleanliness and longevity of your Zinus SmartBase Mattress Foundation, wipe the metal frame with a dry cloth as needed. Avoid using harsh chemicals or abrasive cleaners, which may damage the finish. Periodically check all connections to ensure they remain tight and secure.

TROUBLESHOOTING

If you encounter any issues with your Zinus SmartBase, please review the assembly steps to ensure all components are correctly installed and tightened. For persistent problems or concerns, refer to the warranty information for support options.
