## Mattel '65 Chevy Impala

# Mattel Hot Wheels Sunburnerz '65 Chevy Impala Instruction Manual

Model: '65 Chevy Impala (Sunburnerz Series)

## INTRODUCTION

---

This manual provides essential information for the Mattel Hot Wheels Sunburnerz '65 Chevy Impala die-cast car. This 1:64 scale model is part of the 2013 Sunburnerz series, designed for collectors and enthusiasts aged 4 years and up. Please read this manual carefully to ensure proper handling and care of your product.

## SETUP

---

### Unboxing and Initial Inspection

Carefully remove the Hot Wheels '65 Chevy Impala from its packaging. Inspect the vehicle for any visible damage or manufacturing defects. Ensure all wheels are securely attached and spin freely. No assembly is required for this die-cast model.

## OPERATING

## Playing with Your Hot Wheels Car

The Hot Wheels '65 Chevy Impala is designed for push-and-play action. It can be used on flat surfaces or with compatible Hot Wheels track sets (sold separately). Simply place the car on a surface and push it to make it roll. Avoid excessive force or dropping the car, as this may cause damage.

## MAINTENANCE

---

### Care and Cleaning

- **Cleaning:** To clean the die-cast car, gently wipe it with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, followed immediately by a dry cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the paint finish.
- **Storage:** Store the car in a cool, dry place away from direct sunlight and extreme temperatures. Prolonged exposure to sunlight can cause paint fading. Consider storing it in a display case or its original packaging to protect it from dust and damage.
- **Handling:** Handle the car by its body rather than its wheels or delicate parts to prevent bending or breaking.

## TROUBLESHOOTING

---

### Common Questions

- **Wheels not rolling smoothly:** Check for any debris or hair caught in the axles. Gently remove any obstructions. Ensure the wheels are not bent.
- **Paint chips or scratches:** Minor paint chips or scratches can occur with regular play or handling. These are generally cosmetic and do not affect the car's functionality. For collectors, careful handling and display are recommended to preserve the finish.
- **Car does not stay on track:** Ensure the track pieces are correctly assembled and the car is placed properly on the track. Some cars perform differently on various track configurations.
