## Vapamore MR-100

# Vapamore MR-100 Micro Fiber Floor Mop Pad Instruction Manual

Essential guide for the use and care of your Vapamore MR-100 Micro Fiber Floor Mop Pad.

## PRODUCT OVERVIEW

---

The Vapamore MR-100 Micro Fiber Floor Mop Pad is designed as a replacement or accessory for compatible Vapamore steam cleaners or mop systems. This durable microfiber pad effectively captures dirt, dust, and grime, providing a thorough clean for various hard floor surfaces.

Image showing the Vapamore MR-100 Micro Fiber Floor Mop Pad, a rectangular blue microfiber pad designed for floor cleaning.

## SETUP INSTRUCTIONS

---

1. Ensure your Vapamore MR-100 steam cleaner or compatible mop head is clean and ready for pad attachment.

2. Align the microfiber pad with the mop head's attachment mechanism (e.g., hook-and-loop fasteners, clips).
3. Press firmly to secure the pad to the mop head, ensuring it is evenly attached and lies flat across the cleaning surface.

## OPERATING INSTRUCTIONS

---

1. For optimal cleaning, ensure the microfiber pad is slightly damp or used with the appropriate cleaning solution or steam, depending on your mop system.
2. Attach the mop head with the secured pad to the mop handle.
3. Begin cleaning the desired floor surface, moving the mop in a consistent pattern to ensure even coverage.
4. Replace the pad when it becomes saturated with dirt or water to maintain cleaning effectiveness and prevent streaking.

## CARE AND MAINTENANCE

---

- After each use, remove the microfiber pad from the mop head.
- Machine wash the pad with similar colors in warm water. Do not use bleach or fabric softeners, as these can degrade the microfiber's effectiveness and absorbency.
- Tumble dry on low heat or air dry. Avoid high heat, which can damage the fibers.
- Store the clean, dry pad in a clean, dry place away from direct sunlight.

## TROUBLESHOOTING

---

As a consumable accessory, the Vapamore MR-100 Micro Fiber Floor Mop Pad typically requires replacement rather than complex troubleshooting. However, consider the following:

- **Pad not cleaning effectively:** The pad may be saturated with dirt or worn out. Replace with a new, clean pad.
- **Pad detaching from mop head:** Ensure the pad is securely attached to the mop head's fasteners. If the fasteners on either the pad or the mop head are worn, replacement may be necessary.

## PRODUCT SPECIFICATIONS

---

<b>Item Weight</b>	1 pounds
<b>Manufacturer</b>	Vapamore
<b>ASIN</b>	B00CEZWH28
<b>Part Number</b>	MR-100-14 (also 08-3815-18, VP-100-14)
<b>Material</b>	Micro Fiber

## WARRANTY AND SUPPORT

---

This Vapamore Micro Fiber Pad is a consumable accessory. For specific warranty information regarding manufacturing defects, please refer to the documentation provided with your Vapamore MR-100 steam cleaner or contact Vapamore customer support directly.
