1. INTRODUCTION

Thank you for choosing Reebok R1001 eyeglasses. These frames are designed for comfort and durability, suitable for daily wear. This manual provides essential information on the proper setup, use, care, and maintenance of your new eyeglasses to ensure their longevity and optimal performance.

2. SETUP AND LENS INSTALLATION

Your Reebok R1001 eyeglasses are provided with demo lenses. These lenses are for display purposes only and are not intended for vision correction or prolonged wear. Professional installation of prescription lenses is required before using the eyeglasses.

2.1 Professional Lens Installation

- Consult an Optician:** Take your new frames to a qualified optician or optometrist.

2. **Prescription Lenses:** Provide your current eyeglass prescription to the optician.
3. **Fitting and Adjustment:** The optician will remove the demo lenses and install your prescription lenses. They will also adjust the frames to ensure a comfortable and secure fit on your face.

Image 2.1: Angled view of the Reebok R1001 frames, highlighting the half-rim design and temple texture.

3. OPERATING AND WEARING YOUR EYEGLASSES

Once your prescription lenses are installed and the frames are professionally adjusted, your eyeglasses are ready for use.

3.1 Proper Handling

- **Putting On/Taking Off:** Always use both hands to put on or take off your eyeglasses. Grasp the temples (arms) near the hinges. This prevents bending the frames and loosening the screws.
- **Storage:** When not in use, store your eyeglasses in a protective case to prevent scratches and damage.
- **Avoid Resting on Lenses:** Never place your eyeglasses face down on a surface, as this can scratch the lenses.

4. CARE AND MAINTENANCE

Regular cleaning and proper care will extend the life and maintain the clarity of your Reebok R1001 eyeglasses.

4.1 Cleaning Instructions

- **Rinse:** Rinse your eyeglasses under lukewarm running water to remove dust and debris. Avoid hot water, which can damage lens coatings.
- **Clean:** Apply a small drop of mild, lotion-free dish soap to each lens. Gently rub both sides of the lenses and all parts of the frame.
- **Rinse Thoroughly:** Rinse again thoroughly to remove all soap residue.
- **Dry:** Gently dry the lenses and frames with a clean, soft microfiber cloth specifically designed for eyeglasses. Avoid using paper towels, tissues, or clothing, as these can scratch the lenses.

4.2 General Care Tips

- **Avoid Extreme Temperatures:** Do not leave your eyeglasses in hot places, such as a car dashboard, as extreme heat can warp the frames or damage lens coatings.
- **Regular Adjustments:** Periodically visit your optician for professional cleaning and adjustments to ensure the frames remain properly fitted.

5. TROUBLESHOOTING COMMON ISSUES

Here are solutions to some common issues you might encounter with your eyeglasses.

5.1 Loose Screws

Over time, the small screws holding the hinges or nose pads may loosen. If you have a small optical screwdriver, you can gently tighten them. Do not overtighten. If you do not have the correct tool or are unsure, visit your optician for assistance.

5.2 Frames Feel Loose or Crooked

If your eyeglasses feel loose, slide down your nose, or appear crooked, they may need adjustment. Avoid attempting to bend the frames yourself, as this can cause damage. A professional optician can easily adjust the frames for a proper fit.

5.3 Scratched Lenses

Unfortunately, lens scratches cannot be repaired. To prevent scratches, always store your eyeglasses in their case and clean them using the recommended method. If scratches impair your vision, new lenses will be required.

6. PRODUCT SPECIFICATIONS

Feature	Detail
Brand	Reebok
Model Number	R1001 (Item model number: 00_ITQAJKDB_02)
Color	Navy
Size	52mm
Product Dimensions	5.31 x 5.15 x 1.15 inches
Item Weight	5.29 ounces

Feature	Detail
Department	Mens

7. WARRANTY AND SUPPORT

Reebok eyeglasses are manufactured to high-quality standards. For specific warranty information regarding your R1001 frames, please refer to the documentation provided at the point of purchase or contact the authorized retailer.

7.1 Customer Support

For any questions, concerns, or to report a defect, please contact the retailer from whom you purchased the eyeglasses. They can provide guidance on warranty claims, repairs, or further assistance. You may also visit the official Reebok website for general product information or to locate authorized dealers.
