Moen S72308SRS

Moen STO Kitchen Faucet User Manual

MODEL: S72308SRS

Brand: Moen

PRODUCT OVERVIEW

The Moen STO One Handle High Arc Pulldown Modern Kitchen Faucet (Model S72308SRS) is designed for contemporary kitchens, offering both sleek aesthetics and practical functionality. It features a convenient pulldown spray head with Power Clean technology and a Spot Resist Stainless finish to maintain its appearance.

KEY FEATURES

- **Spot Resistant Finish:** Spot Resist Stainless finish resists fingerprints and water spots for a cleaner looking kitchen.
- **Retractable Spray Head:** Equipped with the Reflex system for smooth operation, easy movement, and secure docking of the spray head.
- **Power Clean Technology:** Provides 50 percent more spray power versus most pulldown and pullout faucets without Power Clean technology, while minimizing splash.
- **Easy Installation:** Features Duralock quick connect system for easy installation.

- **ADA Compliant:** Complies with Americans with Disabilities Act (ADA) specifications.
- **Durable Construction:** Backed by Moen's Limited Lifetime Warranty.

POWER CLEAN SPRAY

Power Clean technology provides **50% more** spray power* than most pulldown and pullout faucets, while containing splash and minimizing the mess.

*As compared to Moen pullout and pulldown faucets without Power Boost™ excludes Power Boost™ Pro

SETUP AND INSTALLATION

The Moen STO faucet is designed for straightforward installation, featuring the Duralock quick connect system. For detailed step-by-step instructions, please refer to the comprehensive Installation Instructions included with your product package.

Key Installation Steps:

1. Ensure all necessary components are present as listed in the packaging.
2. Prepare the mounting surface according to the instructions, ensuring a single-hole installation is compatible.
3. Utilize the Duralock quick connect system for secure and tool-free connection of the supply lines.
4. Test for leaks and proper operation after installation is complete.

MOEN®

Duralock Quick Connect

Equipped with the Duralock quick connect system for easy installation, without the need for tools.

OPERATING INSTRUCTIONS

Water Flow and Temperature Control:

The single lever handle controls both water flow and temperature. Move the handle forward or backward to adjust temperature from cold to hot. Lift the handle upwards to increase water flow and push it downwards to decrease or stop the flow.

Image: Faucet in operation, demonstrating typical water flow.

Pulldown Sprayer Operation:

The integrated pulldown spray head can be easily extended from the faucet spout for increased reach and flexibility. It features two spray modes:

- **Aerated Stream:** Ideal for everyday cleaning and filling tasks.
- **Powerful Spray (Power Clean):** Provides a stronger spray for tackling heavy-duty cleaning jobs.

To switch between modes, press the button located on the spray head. The Reflex system ensures the spray head retracts smoothly and securely docks back into the spout after use.

CARE AND MAINTENANCE

To maintain the pristine appearance of your Moen STO faucet, especially its Spot Resist Stainless finish, follow these guidelines:

- Clean regularly with a soft, damp cloth and mild soap.
- Avoid abrasive cleaners, harsh chemicals, or scouring pads, as these can damage the finish.
- Wipe the faucet dry after each use to prevent water spots, particularly in hard water areas.
- The Spot Resist finish is designed to minimize fingerprints and water spots, making cleaning easier.

TROUBLESHOOTING

If you encounter any issues with your Moen STO faucet, consider the following common solutions:

- **Low Water Flow:** Check if the aerator is clogged with debris. Unscrew and clean the aerator if necessary. Ensure water supply valves are fully open.
- **Leaks:** Verify all connections are tight. If leaks persist, consult the installation instructions or contact Moen customer support.
- **Handle Operation:** If the handle feels loose or stiff, refer to the installation guide for adjustment procedures.

For issues not resolved by these steps, or for complex repairs, it is recommended to contact a qualified plumber or Moen customer support.

SPECIFICATIONS

Attribute	Value
Brand	Moen
Model Name	STo Collection

Model Number	S72308SRS
Color	Spot Resist Stainless
Material	Metal
Mounting Type	Deck Mount
Number of Handles	1
Hole Count	1
