SONGMICS RXJ10G

SONGMICS 10-Tier Fabric Shoe Rack Instruction Manual

Model: RXJ10G | Brand: SONGMICS

INTRODUCTION

Thank you for choosing the SONGMICS 10-Tier Fabric Shoe Rack. This manual provides essential information for the safe assembly, operation, and maintenance of your new shoe rack. Please read these instructions carefully before assembly and retain them for future reference.

SAFETY INSTRUCTIONS

- Do not exceed the maximum load capacity of 3 kg (6.6 lbs) per shelf or 27 kg (59.5 lbs) total. Overloading can cause instability and damage.
- Children must not climb on or play with the product to prevent injury.
- Avoid exposing the product to direct sunlight for prolonged periods to prevent material degradation.
- Ensure all connections are securely fastened during assembly and periodically check for tightness.
- Place the shoe rack on a flat, stable surface to prevent tipping.

PACKAGE CONTENTS

Before assembly, please verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- 1 x Fabric Shoe Rack (including metal tubes, non-woven fabric shelves, plastic connectors, and protective cover)
- 1 x Instruction Manual

Note: The specific quantity of each type of tube, shelf, and connector is detailed in the assembly steps.

SETUP AND ASSEMBLY INSTRUCTIONS

Assembly is straightforward and requires no tools. Follow these steps to set up your shoe rack:

Step 1: Prepare the Base

Begin by connecting the shorter metal tubes to the plastic connectors to form the base frame. Ensure all tubes are fully inserted into the connectors for stability.

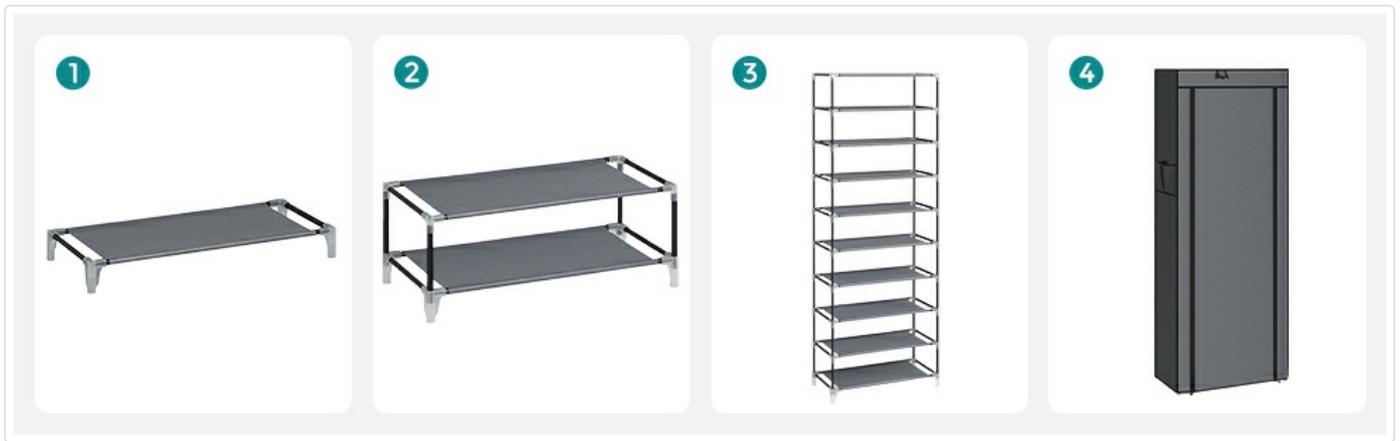

Image showing the initial assembly steps, including forming the base and adding the first few shelves.

Step 2: Install Shelves and Vertical Supports

Place the non-woven fabric shelves onto the assembled frame. Then, attach the longer vertical metal tubes to the connectors, building the structure upwards. Repeat this process for each tier.

Step 3: Complete the Frame

Continue adding shelves and vertical tubes until all 10 tiers are complete. Ensure all connections are firm. The reinforced plastic connectors provide stability.

Step 4: Attach the Protective Cover

Once the frame is fully assembled, drape the protective fabric cover over the structure. Secure it using the integrated zippers and fasteners. The cover helps protect your shoes from dust.

OPERATING INSTRUCTIONS

The SONGMICS 10-Tier Fabric Shoe Rack is designed for versatile shoe storage and organization.

- **Capacity:** Each tier can hold approximately 3 pairs of men's shoes, accommodating a total of 27 to 35 pairs of shoes, including sports shoes, slippers, and high heels.
- **Flexible Storage:** The fabric shelves are removable, allowing you to adjust the height between tiers. This feature is ideal for storing taller items like boots or high heels.
- **Protective Cover:** Utilize the zippered protective cover to shield your shoes from dust and maintain a tidy appearance.
- **Side Pockets:** Two side pockets are integrated into the cover, providing convenient storage for small items such as shoe brushes, polish, or other accessories.

MAINTENANCE

- **Cleaning:** The non-woven fabric shelves are waterproof and easy to clean. Wipe them with a damp cloth to remove dust or spills.
- **Cover Care:** The protective cover can be wiped clean with a damp cloth. Do not machine wash or tumble dry.

- **Inspection:** Periodically check all connections to ensure they remain tight and secure. Re-tighten if necessary.
- **Storage:** If disassembling for storage, ensure all components are clean and dry before packing.

TROUBLESHOOTING

- **Instability:** If the shoe rack feels wobbly, ensure all metal tubes are fully inserted into the plastic connectors. Check that the rack is placed on a level surface.
- **Missing Parts:** If you find any parts missing upon unboxing, please contact SONGMICS customer support with your purchase details.
- **Difficulty Assembling:** Ensure you are following the steps in the manual. Apply gentle, even pressure when inserting tubes into connectors. Do not force parts.

SPECIFICATIONS

| | |
|--|--|
| Model Number: | RXJ10G |
| Color: | Grey |
| Materials: | Steel tubes, 75 g/m ² non-woven fabric, PP plastic connectors |
| Overall Dimensions (D x W x H): | 28 x 58 x 160 cm (11 x 22.8 x 63 inches) |
| Distance Between Each Tier: | 17.3 cm (6.8 inches) |
| Product Weight: | 2.4 kg (5.3 lbs) |
| Static Load Capacity per Tier: | 3 kg (6.6 lbs) |
| Total Static Load Capacity: | 27 kg (59.5 lbs) |
| Number of Tiers: | 10 |
