Perplexus Original 3D Maze Game

Brand: Spin Master Games | Model: 6020810

1. INTRODUCTION

The Perplexus Original is a challenging 3D labyrinth contained within a transparent sphere. This interactive puzzle features 22 feet of track with 100 unique barriers, designed to test your spatial reasoning and fine motor skills. The objective is to guide a small metal ball through the numbered path by carefully flipping, twisting, and spinning the sphere. If the ball falls off the track, simply return to the starting point and try again. Perplexus offers multiple levels of difficulty, providing an engaging experience for players aged 8 and up.

4. OPERATING INSTRUCTIONS

1. **Locate the Starting Point:** Identify the small metal ball inside the sphere. Position the sphere so the ball rests at one of the designated 'START' positions (numbered 1, 2, or 3). These multiple starting points allow for different entry challenges or resuming play after a fall.
2. **Guide the Ball:** Carefully flip, twist, and spin the entire sphere to maneuver the metal ball along the numbered track. The pathways are designed to utilize gravity, requiring precise movements and spatial awareness.
3. **Navigate Obstacles:** The Perplexus Original features 100 challenging barriers, including spirals, tightropes, and swing arms. Observe the path ahead and anticipate the necessary movements to keep the ball on track.
4. **Recovering from a Fall:** If the ball falls off the track, return it to any of the 'START' positions and begin again from that point.

5. **Complete the Maze:** Continue guiding the ball through all the numbered sections of the track until you reach the final destination.

7. SAFETY INFORMATION

This product contains small parts and is not suitable for children under 3 years of age due to choking hazards. Adult supervision is recommended during play, especially for younger children within the recommended age range. Always ensure the sphere is handled with care to prevent damage to the internal maze structure.

8. TROUBLESHOOTING

- **Ball is stuck:** Gently tap or shake the sphere to dislodge the ball. If it remains stuck, try rotating the sphere slowly in all directions.
- **Difficulty completing a section:** Observe the path carefully. Sometimes a slight tilt or a different angle is required. Practice and patience are key.
- **Damage to the sphere:** If the sphere or internal tracks are damaged, discontinue use to prevent injury or further breakage.

9. MAINTENANCE

To clean the Perplexus Original, wipe the exterior of the sphere with a soft, damp cloth. Do not submerge the product in water or use harsh chemical cleaners, as this may damage the materials or internal components. Store the sphere in a cool, dry place away from direct sunlight to prevent material degradation.
