## Liqui Moly 2007

# Liqui Moly Jectron Gasoline Fuel Injection Cleaner

Model: 2007

## PRODUCT OVERVIEW

The Liqui Moly Jectron Gasoline Fuel Injection Cleaner is designed to optimize the performance of gasoline engines by cleaning and maintaining the fuel injection system. This product effectively removes carbon deposits and other contaminants from fuel pipes, fuel distributors, injection valves, and inlet valves.

Key benefits include:

- Eliminates starting problems, hesitation and stalling.
- Smoother idling.
- Better throttle response.
- Cleaner combustion.

## SETUP AND PREPARATION

Before applying Liqui Moly Jectron, ensure your vehicle's fuel tank is at an appropriate level. For optimal results, it is recommended to add the cleaner to a nearly empty or half-full fuel tank before refueling. This allows for better mixing with the fresh fuel.

No special tools are required for application. Ensure the engine is off and the vehicle is parked on a level surface.

## OPERATING INSTRUCTIONS

1. **Open the Fuel Cap:** Locate and open your vehicle's fuel filler cap.
2. **Prepare the Cleaner:** Remove the cap from the Liqui Moly Jectron bottle. The bottle typically includes a pouring spout for easy application.
3. **Pour into Fuel Tank:** Carefully pour the entire contents of the 300 ml (10.14 Fl Oz) bottle directly into the vehicle's fuel tank.
4. **Refuel:** After adding the cleaner, refuel your vehicle with gasoline. The cleaner is designed to mix effectively with the fuel.
5. **Drive:** Drive the vehicle as usual. The cleaning process occurs during normal operation as the treated fuel circulates through the injection system.

**Dosage:** One 300 ml bottle is sufficient for 25-75 liters (7-20 gallons) of fuel. For best results, use every 3,000 to 5,000 miles or as part of your regular maintenance schedule.

## BENEFITS AND EXPECTED RESULTS

Regular use of Liqui Moly Jectron helps to restore the original performance of your engine. You may notice:

- Improved engine starting and reduced hesitation.
- A smoother and more stable engine idle.
- Enhanced throttle response, leading to a more dynamic driving experience.
- More efficient and environmentally compatible combustion, potentially leading to reduced fuel consumption and lower emissions.
- Protection against corrosion in the fuel system, even with ethanol-containing fuels.

## SAFETY INFORMATION

### **WARNING: Harmful or Fatal if Swallowed. Combustible.**

Keep out of reach of children. Avoid breathing vapors. Do not induce vomiting if swallowed. Avoid contact with eyes, skin, and clothing. Wash hands thoroughly after use. Use only with adequate ventilation. Keep away from heat and flames.

#### **First Aid:**

- **Eye Contact:** Flush eyes with water for several minutes. Seek medical attention if irritation persists.
- **Skin Contact:** Wash with soap and water. Get medical attention if irritation persists. Remove and wash contaminated clothing.
- **Ingestion:** Do NOT induce vomiting. Never give anything by mouth to an unconscious or drowsy person. Rinse mouth with water. Immediately call a physician or Poison Center.
- **Inhalation:** Move to fresh air. Get medical attention if symptoms persist.

For more detailed safety information, refer to the product label and Safety Data Sheet (SDS).

## SPECIFICATIONS

Attribute	Value
Brand	Liqui Moly
Model	Jectron Fuel Injection Cleaner
Item Model Number	2007
Item Volume	0.3 Liters (10.14 Fl Oz)
Item Weight	8 ounces (227 Grams)
Contains Liquid Contents	Yes
Manufacturer Part Number	2007
OEM Part Number	2007

## TROUBLESHOOTING

If you do not observe the expected improvements after using Liqui Moly Jectron, consider the following:

- **Dosage and Frequency:** Ensure you are using the correct dosage for your fuel tank size and applying the product regularly as recommended. For heavily contaminated systems, multiple treatments may be beneficial.
- **Underlying Issues:** Fuel system cleaners address deposits and contamination. If the issue persists, it might indicate other mechanical problems with your vehicle's engine, fuel pump, or other components that require professional diagnosis.
- **Fuel Quality:** Ensure you are using good quality fuel.

For persistent issues, it is recommended to consult a qualified automotive technician.

## WARRANTY AND SUPPORT

Information regarding specific product warranty details or direct customer support contacts for the Liqui Moly Jectron Gasoline Fuel Injection Cleaner was not available in the provided product data. For general product inquiries or support, please refer to the official Liqui Moly website or contact their customer service channels.

You can visit the official Liqui Moly store for more information: [Liqui Moly Store](#)
