OPERATING INSTRUCTIONS

Your Moen Prep G16430 sink is designed for everyday kitchen tasks. Its durable stainless steel construction and Sound Shield technology ensure a reliable and quiet experience. Use the sink for washing dishes, preparing food, and other general kitchen activities. The undermount design allows for easy cleaning of countertops by simply wiping debris directly into the sink.

CARE AND MAINTENANCE

To maintain the appearance and performance of your stainless steel sink, follow these care instructions:

- **Daily Cleaning:** Wipe the sink with a dry, soft cloth after each use to prevent water spots and mineral buildup.
- **Deep Cleaning:** For more thorough cleaning, use a mild soap or stainless steel cleaner with a soft sponge or cloth. Always rub in the direction of the grain.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, steel wool, or harsh chemicals like bleach, as these can damage the stainless steel finish.
- **Prevent Scratches:** While the sink is scratch-resistant, avoid dragging heavy or sharp objects across the surface.

TROUBLESHOOTING

If you encounter any issues with your Moen Prep G16430 sink, please consider the following general advice:

- **Water Spots/Stains:** Ensure regular drying after use. For stubborn spots, use a stainless steel cleaner.
- **Drainage Issues:** Check for blockages in the drain. Ensure proper installation of the drain assembly.
- **Noise:** Verify that the sink is securely mounted and that the Sound Shield pads are intact.

For more specific troubleshooting or issues not resolved by these steps, please contact Moen Customer Support.
