- **Storage:** Store the building blocks in a clean, dry place away from direct sunlight and extreme temperatures to prevent warping or discoloration. Keeping them in their original box or a dedicated storage container is recommended to prevent loss of pieces.
- **Inspection:** Periodically inspect all pieces for any damage or wear. Replace any broken or worn-out parts if possible.

Troubleshooting

If you encounter any issues during assembly or play, refer to the following common solutions:

- **Missing Pieces:** Carefully check the packaging and surrounding area. If a piece is genuinely missing, please contact Sluban customer support for assistance.
- **Difficulty Connecting Blocks:** Ensure the blocks are correctly aligned. Apply gentle, even pressure to connect them. Avoid forcing pieces, as this can cause damage.
