

Mcage 12724

Mcage Large Double Ladders Open Play Top Wrought Iron Bird Cage Model 12724 Instruction Manual

Model: 12724

INTRODUCTION

Thank you for choosing the Mcage Large Double Ladders Open Play Top Wrought Iron Bird Cage. This manual provides essential information for the safe assembly, proper operation, and effective maintenance of your new bird cage. This cage is designed to provide a secure and comfortable habitat for various bird species, suitable for both indoor and outdoor environments. Please read all instructions carefully before assembly and use.

SAFETY INFORMATION

- **Adult Assembly Required:** This product contains small parts and requires adult assembly. Keep children and pets away during assembly.
- **Inspect All Parts:** Before assembly, carefully inspect all components for any bent or damaged parts. Do not proceed with assembly if significant damage is present. Contact customer support for replacement parts.
- **Secure All Fasteners:** Ensure all screws, bolts, and latches are securely tightened to prevent accidental disassembly or escape. Regularly check fasteners for tightness.
- **Non-Toxic Finish:** The cage features an animal-safe, non-toxic powder-coated finish.
- **Placement:** Place the cage on a stable, level surface. Ensure adequate space around the cage, especially if using the seed guard, to prevent obstructions or hazards.
- **Bird Safety:** Regularly check the cage for any sharp edges or loose wires that could harm your bird. Ensure all doors and feeder access points are securely latched to prevent escapes.

PACKAGE CONTENTS

Verify that all components listed below are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Main Cage Panels (Front, Back, Sides, Top, Bottom)

- Stand Components
- Open Play Top Area (including Double Dome Ladders, Wooden Perch, Toy Hook)
- 4 Stainless Steel Food/Water Cups
- 1 Natural Wooden Stand Perch (for interior)
- Pull-out Metal Grate
- Pull-out Metal Tray
- Seed Guard Panels
- 4 Heavy-Duty Swivel Casters (Wheels)
- Assembly Hardware (Screws, Nuts, Washers)

SETUP AND ASSEMBLY

Follow these steps to assemble your bird cage. It is recommended to have two adults for easier assembly.

Step 1: Assemble the Stand

1. Attach the four heavy-duty swivel casters to the bottom of the stand base. Ensure they are securely tightened.
2. Connect the stand panels according to the diagrams provided with your hardware kit.

Step 2: Assemble the Main Cage Body

1. Carefully connect the side panels to the front and back panels using the provided hardware. Ensure all connections are firm.
2. Attach the bottom cage panel to the assembled sides.
3. Insert the pull-out metal grate and metal tray into their designated slots at the bottom of the cage.
4. Attach the seed guard panels around the base of the cage. These are designed to help contain mess.
5. Place the assembled cage body onto the stand, ensuring it is stable and centered.

Step 3: Install Interior Components

1. Install the natural wooden stand perch inside the cage at a suitable height for your bird.
2. Place the four stainless steel cups into the swivel feeder doors located on the cage sides.

Natural Tree Branch Wooden Perch

Figure 2: Interior view with wooden perch and feeder cups.

Step 4: Assemble the Open Play Top

1. Attach the double dome ladders to the top panel of the cage.
2. Secure the standing wooden perch onto the play top area.
3. Install the two remaining stainless steel bowls into the play top area.
4. Attach the toy hook to the designated spot on the play top. (Note: Toy is not included).
5. Place the removable top tray and grate onto the play top for easy cleaning.

OPERATING INSTRUCTIONS

Main Front Door

The cage features a large front swing-out door (10" x 34"H) with an advanced metal safety lock. To open, disengage the lock and swing the door outwards. Ensure the door is securely latched when closed to prevent escapes.

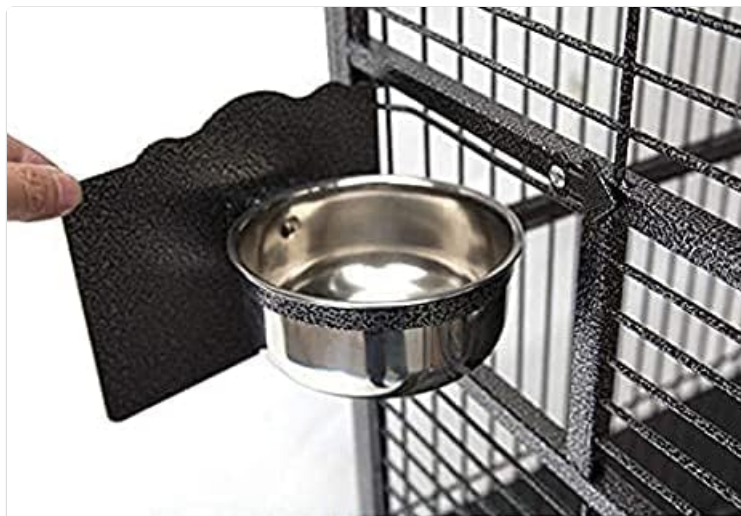

Advanced Lock

Figure 5: Advanced Main Door Lock.

Feeder Doors and Cups

The cage includes four stainless steel cups accessible via swivel solid metal feeder doors. To access a cup, swivel the metal door outwards, remove or replace the cup, and then swivel the door back into place to secure it. This design prevents food spillage and provides easy access for refilling without opening the main door.

Solid Metal Plate Feeder Doors Prevent Food Spillage With Stainless Steel Cups

Figure 6: Swivel Feeder Door with Stainless Steel Cup.

Breeding Nest Door

A swivel solid metal breeding door is included for attaching a nesting box (not included) or for additional access. Ensure this door is securely closed when not in use.

NESTING DOOR

Figure 7: Breeding Nest Door.

Open Play Top Area

The top of the cage features an open play area with a standing perch, double dome ladders, and two stainless steel bowls. This area provides an additional space for your bird to play and exercise outside the main enclosure. The top slide-out metal tray and grate can be removed for cleaning.

MAINTENANCE

Daily Cleaning

- **Pull-out Grate and Tray:** The bottom slide-out grate and metal tray should be cleaned daily. Simply pull them out, dispose of waste, and wash with bird-safe cleaner and water. Ensure they are completely dry before reinserting.
- **Food and Water Bowls:** Clean all stainless steel food and water cups daily to prevent bacterial growth.

Figure 8: Pull-out Grate and Tray for Easy Cleaning.

Weekly Cleaning

- **Cage Bars:** Wipe down cage bars with a damp cloth and bird-safe cleaner. Pay attention to areas where droppings or food may accumulate.
- **Perches:** Clean wooden perches regularly. Replace them if they become excessively soiled or damaged.
- **Seed Guard:** Clean the seed guard panels to remove accumulated debris.

General Care

- Regularly check all nuts, bolts, and latches to ensure they remain tight and secure.
- Inspect the cage for any signs of rust, wear, or damage. Address any issues promptly to maintain a safe environment for your bird.

TROUBLESHOOTING

Bent or Damaged Parts Upon Arrival

If you receive the cage with bent panels or damaged components, do not attempt to force them into place. Contact customer support immediately for assistance or replacement parts. Attempting to bend parts back into shape may compromise the cage's structural integrity or finish.

Missing Hardware

If you find that some screws or other small hardware pieces are missing, check the packaging thoroughly. If still missing, contact customer support for a replacement kit. For minor missing screws, suitable replacements may be found at a local hardware store, ensuring they are bird-safe and of appropriate size.

Loose Feeder Door Latches

If the swivel feeder door latches become loose, ensure the screws holding them are tightened. Regularly check these screws as they can loosen over time with repeated use. A small amount of thread locker (non-toxic, if available) can be used to help secure them, but ensure it is completely dry and safe before bird exposure.

Seed Guard Interference

If the seed guard interferes with the main door operation, gently adjust its position. Ensure it is installed correctly according to the assembly instructions. Minor adjustments to the seed guard panels may be necessary for optimal fit.

SPECIFICATIONS

Model Number	12724
Brand	Mcage
Overall Product Dimensions (L x W x H)	23"L x 22"W x 65"H (Current Variant)
Interior Cage Dimensions (L x W x H)	24"L x 22"W x 43"H (Approximate, as per diagram)
Overall Footprint (with Seed Guard)	30.5"L x 29.5"W x 65"H (Approximate, as per diagram)
Bar Spacing	5/8-inch
Material	Wrought Iron (Metal)
