

## Hunter 53091

# Hunter Builder Deluxe 52-inch Indoor Ceiling Fan with LED Light

Model: 53091 | Brand: Hunter

## 1. INTRODUCTION

The Hunter Builder Deluxe Indoor Ceiling Fan (Model 53091) is a 52-inch fan designed to provide efficient air circulation and lighting for various indoor spaces. This model features a classic design with a New Bronze finish, making it suitable for bedrooms, living rooms, kitchens, and home offices. It incorporates energy-efficient LED lighting and a multi-speed reversible motor for year-round comfort.

The fan's WhisperWind® motor technology ensures powerful airflow with quiet operation. Its reversible function allows for downdraft mode in summer to cool and updraft mode in winter to circulate warm air. Control is managed via traditional pull chains, offering convenient adjustment of fan speed and light.

## 2. SAFETY INFORMATION

---

Please read and understand this entire manual before attempting to assemble, operate, or install the product. Failure to follow these instructions could result in electric shock, fire, or serious personal injury.

- Always disconnect power at the main circuit breaker before installation or maintenance.
- Ensure all electrical connections comply with local codes and ordinances.
- Mounting hardware must be securely fastened to a suitable ceiling structure capable of supporting the fan's weight.
- Do not bend blade holders during installation, balancing, or cleaning.
- Keep hands clear of rotating fan blades.
- This fan is designed for indoor use only.

## 3. PACKAGE CONTENTS

---

Verify all components are present before beginning installation:

- Fan Motor Assembly
- Fan Blades (5)
- Blade Irons (5)
- Light Kit Assembly
- Glass Shade
- LED Bulbs
- Downrod (3-inch included for standard mount)
- Mounting Hardware Pack
- Pull Chains

## 4. SETUP AND INSTALLATION

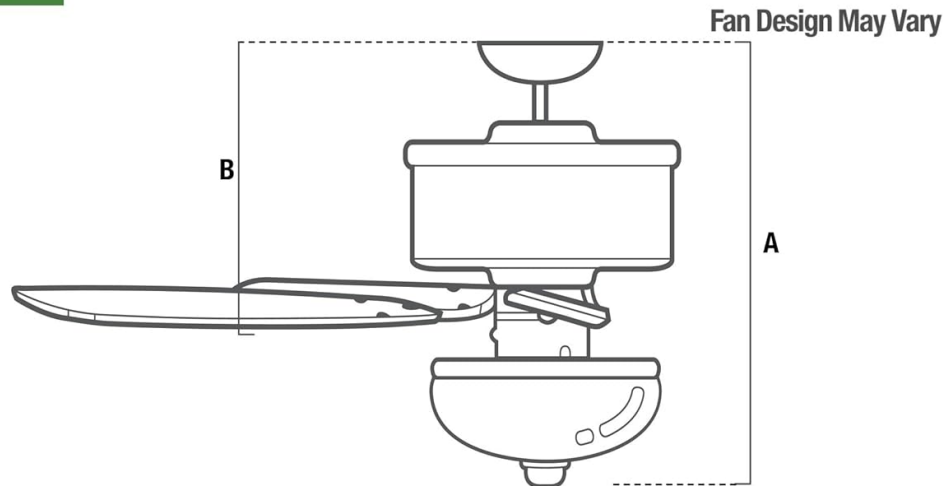

---

The Hunter Builder Deluxe fan offers versatile installation options, including standard, low profile, and angled mounting. A 3-inch downrod is included for standard mounting. For angled mounting, a 36-inch downrod is not included and must be purchased separately.

## 5. OPERATING INSTRUCTIONS

### 5.1. Pull Chain Control

The fan and light are operated using two separate pull chains located at the bottom of the light kit. One chain controls the fan speeds, and the other controls the light.

- **Fan Speed:** Pull the fan chain to cycle through the three available speeds (High, Medium, Low) and Off.
- **Light:** Pull the light chain to turn the LED light On or Off.

### 5.2. Reversible Motor Function

The fan features a reversible motor for seasonal use. A switch on the motor housing allows you to change the direction of blade rotation:

- **Summer Mode (Downdraft):** Blades rotate counter-clockwise, pushing cool air down.
- **Winter Mode (Updraft):** Blades rotate clockwise, pulling cool air up and circulating warm air.

To change the direction, ensure the fan is off and the blades have stopped completely before sliding the reverse switch.

## 6. LIGHTING

The Builder Deluxe fan includes an integrated LED bowl light kit with energy-efficient LED bulbs. These bulbs provide bright, reliable illumination and are designed for long-lasting performance.

## 7. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your Hunter ceiling fan.

- **Cleaning:** Dust the fan blades and motor housing periodically with a soft, lint-free cloth. Do not use abrasive cleaners or solvents.
- **Tighten Fasteners:** Check all screws and fasteners on the fan blades and mounting assembly at least twice a year. Tighten any loose connections.
- **Blade Balance:** If the fan wobbles, ensure all blade screws are tight and blades are properly aligned. A balancing kit (not included) may be used if necessary.

## 8. TROUBLESHOOTING

If you experience issues with your fan, consult the following common troubleshooting steps:

- **Fan Will Not Start:** Check circuit breakers and wall switches. Ensure all wiring connections are secure.
- **Noisy Operation:** Verify all motor housing screws are tight. Check that blade screws are tight and blades are not cracked. Ensure the canopy is not touching the ceiling.
- **Light Will Not Turn On:** Check the light kit wiring connections. Ensure the light chain is pulled correctly. Replace bulbs if necessary.
- **Excessive Wobbling:** Ensure all blade screws are tightened. Check that the mounting bracket is securely fastened to the ceiling.

## 9. SPECIFICATIONS

Brand	Hunter
Model Name	Builder Deluxe
Part Number	53091
Color	New Bronze finish
Product Dimensions	52"D x 52"W x 17.77"H
Number of Blades	5
Blade Length	52 Inches
Air Flow Capacity	5102 Cubic Feet Per Minute (CFM)
Wattage	64 watts
Voltage	120 Volts
Control Method	Pull Chain
Indoor/Outdoor Usage	Indoor
Special Features	Adjustable Height, LED Light, Reversible Motor
Type of Bulb	LED
Luminous Flux	800 Lumen

## 10. WARRANTY AND SUPPORT

### 10.1. Warranty Information

Hunter provides a lifetime limited warranty on the fan motor and a 1-year limited warranty on parts, excluding the motor, glass globes, or light bulbs. Please retain your proof of purchase for warranty claims.

### 10.2. Customer Support

For further assistance, technical support, or to inquire about replacement parts, please visit the official Hunter Fan Company website or contact their customer service department. Refer to your product packaging for specific contact details.
