Doc Johnson Vac-U-Lock Luxe Harness with Plug - User Manual

Model: 1090-10-AM

INTRODUCTION

The Doc Johnson Vac-U-Lock Luxe Harness with Plug is designed for comfort, stability, and versatility, offering an enhanced experience with Vac-U-Lock compatible attachments. This premium harness system features a durable design, adjustable straps, and interchangeable O-rings to securely hold your chosen accessory.

This manual provides essential information on how to set up, operate, and maintain your Luxe Harness to ensure optimal performance and longevity.

PRODUCT OVERVIEW

Image 1: Rear view of the Doc Johnson Vac-U-Lock Luxe Harness on a mannequin, showcasing the adjustable straps and overall

fit around the waist and thighs.

Image 2: Detailed view of the Vac-U-Lock system on the harness, showing the integrated plug and an O-ring securely holding an attachment point.

The Luxe Harness is designed for maximum comfort and stability. It features an ultra-soft yoke and a rear strap that secures against the body. The Vac-U-Lock system allows for easy attachment and secure placement of compatible accessories.

SETUP AND ASSEMBLY

1. **Unpack the Harness:** The Luxe Harness comes fully assembled. Carefully remove it from its packaging.
2. **Adjust Waist and Thigh Straps:** Step into the harness. Adjust the waist and thigh straps to achieve a secure and comfortable fit. The harness is adjustable and fits waists between 25 and 69 inches.
3. **Select O-Ring:** The harness includes three interchangeable rubber O-rings of different sizes. Choose the O-ring that best fits the base of your desired Vac-U-Lock accessory.
4. **Attach Accessory:**
 - Place the selected O-ring around the base of your Vac-U-Lock compatible accessory.
 - The Vac-U-Lock plug slides behind an inner layer of the harness yoke, protruding through a non-slip opening.
 - Secure the accessory by ensuring the O-ring is embraced by the four pressure straps, holding it firmly in place.

OPERATING INSTRUCTIONS

Once the harness is properly fitted and your Vac-U-Lock accessory is securely attached, the Luxe Harness provides impressive freedom of movement and stability.

- **Ensure Secure Fit:** Before use, double-check that all straps are snug and comfortable, and the accessory is firmly held by the O-ring and pressure straps.
- **Compatibility:** This harness is designed to be compatible with any Doc Johnson Vac-U-Lock attachment.
- **Comfort and Movement:** The design prioritizes maximum comfort and ease of movement during use.

MAINTENANCE AND CARE

To keep your Platinum Harness clean and in good working condition, follow these instructions:

- **After Each Use:** Clean the harness and any attached accessories with a mild dish soap liquid.
- **Rinsing:** Rinse thoroughly with water.
- **Drying:** Dry with a soft cloth.
- **Machine Washing:** The harness can be machine washed on a delicate cycle. Use cold water and place the harness in a laundry bag to protect it.
- **Drying After Machine Wash:** After machine washing, lay flat to dry. Do not tumble dry.

TROUBLESHOOTING

While the Doc Johnson Vac-U-Lock Luxe Harness is designed for reliability, here are some common points to check if you encounter issues:

- **Accessory Not Secure:**
 - Ensure the correct size O-ring is used for your accessory.
 - Verify that the O-ring is properly seated and embraced by all four pressure straps.
 - Check that the Vac-U-Lock plug is correctly positioned behind the inner layer of the yoke.
- **Discomfort During Use:**
 - Adjust the waist and thigh straps for a more comfortable fit. The harness should be snug but not overly tight.
 - Ensure the harness is positioned correctly on your body.
