KAWADA NB-019

Nanoblock NB-019 Tweezers Instruction Manual

Model: NB-019 | Brand: KAWADA

1. Introduction

Thank you for choosing the Nanoblock NB-019 Tweezers. These precision tweezers are specifically designed to assist in the assembly of Nanoblock micro-sized building blocks, making intricate constructions easier and more enjoyable. This manual provides essential information for the safe and effective use of your tweezers.

Image 1: Nanoblock NB-019 Tweezers in original packaging. The packaging displays the Nanoblock logo and product model NB-019, indicating it is a tool for micro-sized building blocks.

2. Safety Information

Please read and understand all safety warnings before using the product.

- **WARNING: CHOKING HAZARD.** This product contains small parts. Keep out of reach of children under 3 years of age.
- The tweezers have fine tips. Handle with care to avoid injury.
- Do not use the tweezers for purposes other than handling Nanoblock pieces.

3. Package Contents

The Nanoblock NB-019 Tweezers package includes:

- 1 x Nanoblock NB-019 Tweezers

4. Setup

The Nanoblock NB-019 Tweezers are ready for use directly out of the package. No assembly or batteries are required.

1. Carefully remove the tweezers from their packaging.
2. Inspect the tips for any damage or misalignment before first use.

Image 2: A close-up view of the precision tips of the Nanoblock Tweezers. The tips are finely crafted to securely grip small building blocks.

5. Operating Instructions

Follow these steps for effective use of your Nanoblock Tweezers:

1. **Grip:** Hold the tweezers comfortably in your dominant hand, similar to how you would hold a pen.
2. **Select Block:** Gently press the tweezers to open the tips. Position the open tips around the Nanoblock piece you wish to pick up.
3. **Secure Grip:** Release pressure on the tweezers to allow the tips to close and securely grip the block. Ensure the block is held firmly but without excessive force to avoid damage.
4. **Placement:** Carefully maneuver the block to its desired position on your Nanoblock model.
5. **Release:** Once the block is correctly placed, gently press the tweezers again to release the block.

The fine tips allow for precise placement, especially useful for small or hard-to-reach areas in your Nanoblock creations.

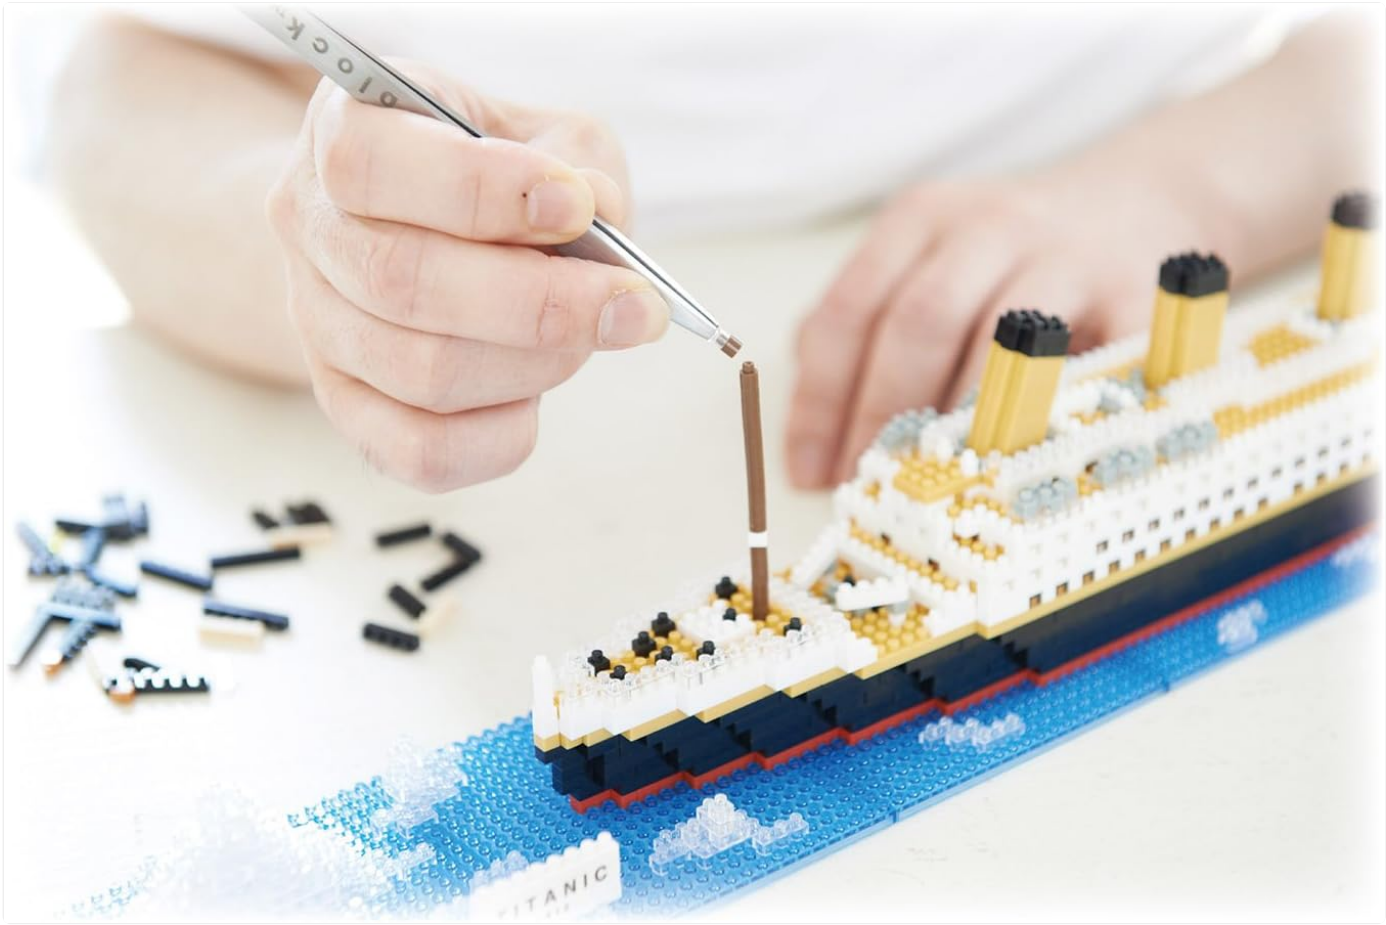

Image 3: A hand using the Nanoblock Tweezers to carefully place a small brown block onto a partially constructed Nanoblock ship model. This demonstrates the precision handling capability of the tool.

6. Maintenance

Proper care will ensure the longevity and performance of your tweezers.

- **Cleaning:** If the tweezers become dirty, wipe them with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the tweezers in a clean, dry place, preferably in their original packaging or a protective case, to prevent damage to the tips.
- **Avoid Dropping:** Dropping the tweezers, especially on hard surfaces, can bend or damage the precision tips.

7. Troubleshooting

If you encounter issues while using your Nanoblock Tweezers, consider the following:

- **Difficulty gripping blocks:**
  - Ensure the tips are clean and free of debris.
  - Check if the tips are bent or misaligned. If damaged, the tweezers may need replacement.
  - Adjust your grip pressure. Too little pressure may not secure the block, while too much may cause it to slip or damage it.
- **Blocks slipping:**
  - Confirm the block is centered between the tips before applying pressure.
  - Ensure your hands are dry and clean to maintain a firm grip on the tweezers.

8. Specifications

Model Number	NB-019
Brand	KAWADA
Material	Stainless Steel
Dimensions (L x W x H)	18.01 x 5 x 0.71 cm (7.09 x 1.97 x 0.28 inches)
Weight	20 grams (0.71 ounces)
