Esschert Design KG110

Esschert Design USA KG110 Children's Cotton Garden Gloves Instruction Manual

Model: KG110

1. Product Overview

The Esschert Design USA KG110 Children's Cotton Garden Gloves are designed for children participating in gardening activities. These gloves are part of the Kids in the Garden collection, encouraging exploration and engagement in outdoor tasks. They feature an elastic strip on the back of the hand for a comfortable fit and plastic dots on the palm and fingers to enhance grip.

Image: Esschert Design USA KG110 Children's Cotton Garden Gloves. The gloves are green with black dots on the palm and fingers for improved grip. They feature an elastic cuff for a secure fit.

2. Key Features

- **Smaller Size:** Specifically designed to fit children's hands, offering all the functional benefits of adult gardening gloves.
- **Enhanced Grip:** Dotted palms and fingers provide improved traction for handling tools, plants, and soil.
- **Comfortable Fit:** Elastic cuffs ensure a snug and secure fit, preventing dirt from entering the gloves.
- **No Assembly Required:** Gloves are ready for immediate use.

3. Setup

The Esschert Design USA KG110 Children's Cotton Garden Gloves require no assembly. Simply slide the child's hands into the gloves. The elastic cuff is designed to provide a snug and comfortable fit around the wrist.

4. Operating Instructions

These gloves are intended for use during gardening and light outdoor activities. They provide a protective barrier for children's hands against dirt, minor abrasions, and potential plant irritants. The dotted palms and fingers aid in gripping gardening tools, pots, and other items securely.

- Ensure gloves are worn correctly with fingers fully extended into each digit.
- Use for tasks such as planting, weeding, digging with small tools, and handling soil.
- Supervise children during gardening activities to ensure safe use of tools and gloves.

5. Maintenance and Care

Cleaning

- Hand wash the gloves with mild soap and cool water.
- Rinse thoroughly to remove all soap residue.
- Air dry completely before storing. Do not use a machine dryer.
- Do not bleach or iron the gloves.

Storage

Store the gloves in a clean, dry place away from direct sunlight and extreme temperatures when not in use. Ensure they are completely dry before storage to prevent mildew.

6. Troubleshooting

- **Gloves feel too loose or too tight:** Ensure the correct size is being used for the child's hands. The elastic cuff provides some flexibility, but an ill-fitting glove may reduce comfort and effectiveness.
- **Reduced grip:** Check if the gloves are clean and dry. Dirt or moisture can affect the grip. The dotted palms may show wear over time with extensive use, which can slightly reduce grip effectiveness.
- **Material tearing or damage:** Inspect gloves regularly for signs of wear. While durable for typical gardening, sharp objects or excessive force can cause damage. Replace damaged gloves to maintain protection.

7. Specifications

Product Dimensions	3.1 x 0.2 x 7.5 inches
Item Weight	1.06 ounces
Department	unisex-child
Manufacturer	Esschert Design USA, LLC
Item Model Number	KG110
