## WEBER INDUSTRIES 213513

# Weber Industries 213513 Tino Combined Bed Instruction Manual

Model: 213513 | Brand: WEBER INDUSTRIES

## INTRODUCTION

---

This manual provides essential information for the safe assembly, operation, and maintenance of your Weber Industries 213513 Tino Combined Bed. This versatile furniture piece features a 90x190cm bed, an integrated retractable desk, a two-door wardrobe, and additional shelving for optimal space utilization.

Please read these instructions thoroughly before beginning assembly or use to ensure proper function and longevity of your product.

## SAFETY INFORMATION

---

**WARNING: Failure to follow these safety instructions could result in serious injury or damage to the product.**

- Assemble with caution due to potentially dangerous parts.
- Do not overload shelves to prevent tipping. Ensure items are distributed evenly.
- Keep all small parts and assembly hardware out of reach of children during assembly.
- Regularly check all fasteners to ensure they remain tight. Retighten as necessary.
- Do not allow children to play on or under the bed without supervision.
- Ensure the bed is placed on a flat, stable surface.

## PACKAGE CONTENTS

---

Before starting assembly, verify that all components are present and undamaged. If any parts are missing or damaged, do not proceed with assembly and contact customer support.

- Bed frame components
- Desk unit components
- Wardrobe unit components
- Shelving units
- Ladder
- Hardware pack (screws, dowels, connectors, etc.)
- Assembly instructions (separate document, if applicable)

Note: Mattress, linen, and decorative items are not included.

## SETUP AND ASSEMBLY

---

Assembly of the Tino Combined Bed requires two adults. Please follow the detailed step-by-step instructions provided in the separate assembly guide included with your product. The general steps are outlined below:

1. **Prepare the Area:** Clear a spacious area for assembly. Lay out all components and hardware.
2. **Assemble the Bed Frame:** Begin by constructing the main bed frame according to the instructions. Ensure all connections are secure.
3. **Attach the Ladder:** Securely attach the ladder to the designated side of the bed frame.
4. **Assemble Storage Units:** Construct the wardrobe and shelving units.
5. **Integrate Desk and Storage:** Position and secure the desk and storage units under the bed frame. The desk can be installed to retract as shown in the images.
6. **Final Checks:** Once assembled, ensure all screws and fasteners are tightened. Check for stability and proper alignment of all parts.

## OPERATING INSTRUCTIONS

---

### Retractable Desk

The Tino Combined Bed features a retractable desk designed to save space. To use the desk, gently pull it out from its stored position under the bed. To retract, push the desk back into its compartment until it is fully nested.

- Ensure the area around the desk is clear before extending or retracting.
- Do not place excessive weight on the extended desk.

### Storage Units

The integrated wardrobe and shelving units provide ample storage. Open the two-door wardrobe to access the internal space. Use the open shelves for books, decorative items, or other personal belongings.

- Distribute weight evenly across shelves to maintain stability.
- Avoid placing heavy objects on the very top of the shelving units.

## MAINTENANCE

Proper maintenance will extend the life and appearance of your Tino Combined Bed.

- **Cleaning:** Wipe surfaces with a damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Hardware:** Periodically check all screws, bolts, and fasteners. Tighten any loose connections to ensure structural integrity.
- **Inspection:** Regularly inspect the bed for any signs of wear, damage, or instability. Address any issues promptly.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed feels unstable or wobbly.	Loose fasteners; uneven floor.	Tighten all screws and bolts. Ensure the bed is on a level surface; use shims if necessary.
Desk is difficult to extend or retract.	Obstruction; dirty runners; misaligned.	Check for objects blocking the desk path. Clean desk runners. Verify desk alignment during assembly.
Doors on wardrobe do not close properly.	Misaligned hinges; overloaded compartment.	Adjust hinges as per assembly guide. Reduce items in the compartment.
