# CODi Powerbank Charger A03022 User Manual

Model: A03022

## 1. INTRODUCTION

Thank you for purchasing the CODi Powerbank Charger A03022. This portable backup charger is designed to provide reliable power for your smartphones, MP3 players, tablets, and other compatible devices. Please read this manual carefully before using the product to ensure proper operation and maintenance.

## 2. PRODUCT FEATURES

- **Slim and Elegant Design:** A portable backup charger designed for strong charging capabilities.
- **Integrated Cable Management:** Features a smart design that keeps the USB-A to Micro USB cable neatly in place when not in use, enhancing portability.
- **Extended Charging Time:** Provides approximately 6 hours of charging time for your device before the power bank itself needs recharging.
- **High Capacity:** Equipped with a 5200 mAh Lithium-Ion battery.
- **Universal Compatibility:** Compatible with smartphones, MP3 players, tablets, and more via USB connection.

## 3. PACKAGE CONTENTS

Please check the package for the following items:

- CODi Powerbank Charger A03022
- User Manual (this document)

*Note: Charging cables for specific devices (other than the integrated Micro USB) are not included.*

## 4. SETUP

### 4.1 Initial Charge of the Powerbank

Before first use, it is recommended to fully charge your CODi Powerbank Charger A03022.

1. Locate the integrated USB-A connector on the power bank. This connector is designed to fold out from the device.
2. Connect the USB-A connector to a powered USB port (e.g., computer USB port, USB wall adapter, or car charger).
3. The power bank will begin charging. An indicator light (if present, typically near the power button) will show the charging status. Refer to the "Operating Instructions" section for details on indicator lights.
4. Once fully charged, disconnect the power bank from the USB power source.

Figure 4.1: CODi Powerbank Charger A03022 showing its compact design and integrated cables. The USB-A connector is visible at the top left, ready for charging the power bank itself, while the Micro USB cable is tucked into the bottom right.

## 5. OPERATING INSTRUCTIONS

---

### 5.1 Charging Your Device

1. Locate the integrated Micro USB cable on the power bank. This cable is designed to fold out from the device.
2. Connect the Micro USB connector to the charging port of your compatible smartphone, MP3 player, or tablet.
3. The power bank should automatically begin charging your device. If not, press the power button on the power bank (if available, typically a small button near the indicator light).
4. Monitor your device's charging indicator. Once your device is fully charged, disconnect it from the power bank.

### 5.2 Power Indicator Light

The CODi Powerbank Charger A03022 features a power indicator light, typically a small LED, which provides information about the power bank's status:

- **Solid Light:** Indicates the power bank is actively charging a device or is being charged itself.
- **Flashing Light:** May indicate low battery on the power bank or a charging error.
- **No Light:** The power bank is off, fully discharged, or fully charged and disconnected.

*Note: Specific light patterns may vary slightly. Refer to the product's physical markings for precise indications.*

## 6. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the surface of the power bank. Do not use liquid cleaners or aerosols.
- **Storage:** Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, fully charge the power bank at least once every three months, even if not in use. Avoid fully discharging the battery frequently.
- **Handling:** Do not drop, puncture, or disassemble the power bank. This can damage the internal components and void the warranty.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Power bank not charging device.	Power bank battery is empty. Cable not properly connected. Device is not compatible. Power bank is off.	Recharge the power bank. Ensure the Micro USB cable is securely connected to both the power bank and your device. Verify your device uses a Micro USB port for charging. Press the power button on the power bank to activate it.
Power bank not recharging.	USB power source is not active. USB-A cable not properly connected. Faulty cable or power source.	Ensure the USB port you are using is powered (e.g., try a different port or wall adapter). Ensure the integrated USB-A cable is securely connected to the power source. Try a different USB wall adapter or computer USB port.
Indicator light flashing erratically.	Low battery. Internal error.	Recharge the power bank. Disconnect and reconnect the power bank. If the issue persists, contact customer support.

## 8. SPECIFICATIONS

Model Number	A03022
Brand	CODi
Battery Capacity	5200 mAh
Battery Type	Lithium Ion
Input/Output Voltage	5 Volts

Connector Type	Integrated USB-A (input), Integrated Micro USB (output)
Color	Black
Dimensions (L x W x H)	10.39 x 1.98 x 5.49 cm (4.09 x 0.78 x 2.16 inches)
Weight	136.08 g (0.3 lbs)

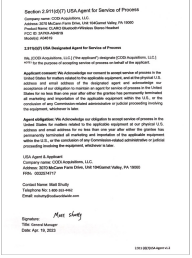

## 9. WARRANTY AND SUPPORT

For warranty information or technical support, please refer to the CODi official website or contact their customer service department. Keep your purchase receipt as proof of purchase for warranty claims.
