Homestyle4u Homestyle4u_766

Homestyle4u Metal Double Bed Frame with Slatted Base

Model: Homestyle4u_766 | Size: 160 x 200 cm

1. Product Overview

The Homestyle4u Metal Double Bed Frame with Slatted Base offers a classic and elegant design for your bedroom. Constructed from high-quality powder-coated metal and Malaysian hardwood, this bed frame provides robust stability and durability. It features a sturdy slatted base for mattress support and an integrated headboard for comfort and style. This product requires assembly.

Key Features:

- Elegant metal bed frame design with integrated slatted base.
- Sleeping surface dimensions: 160 x 200 cm.
- External dimensions: 165 cm (width) x 215 cm (length).
- Frame height: 36 cm; Headboard height: 90 cm.
- Materials: High-quality black powder-coated metal and light brown Malaysian hardwood.

2. Safety Instructions

- Read all instructions carefully before assembly and use.
- Ensure all components are present and undamaged before beginning assembly.
- Assemble the bed frame on a soft, clean surface to prevent scratches.
- Do not overtighten screws during assembly, as this may damage components.
- Regularly check all bolts and screws to ensure they remain tight. Retighten as necessary.
- Do not exceed the maximum weight capacity of 200 kg (440 lbs).
- Keep small parts away from children during assembly to prevent choking hazards.
- Do not allow children to climb or jump on the bed frame.
- Use only the recommended mattress size (160 x 200 cm) to ensure proper fit and support.

3. Package Contents

Before starting assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged,

please contact customer support.

- Headboard and Footboard sections (metal and wood)
- Side Rails (metal)
- Center Support Beam(s)
- Slatted Base (individual slats and slat holders)
- Support Legs (for center beam, if applicable)
- Hardware Pack (screws, bolts, washers, Allen key)

4. Assembly Instructions

Assembly typically requires two adults. Please follow these steps carefully.

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a clean, soft surface. Refer to the parts list to identify each piece.
2. **Attach Side Rails to Headboard:** Connect the metal side rails to the wooden posts of the headboard using the provided bolts and an Allen key. Do not fully tighten the bolts yet.
3. **Attach Side Rails to Footboard:** Connect the other end of the side rails to the wooden posts of the footboard. Ensure the bed frame is aligned correctly. Again, do not fully tighten the bolts.
4. **Install Center Support Beam (if applicable):** If your model includes a center support beam, attach it to the headboard and footboard connectors, and install any central support legs.
5. **Tighten All Bolts:** Once the main frame is assembled and aligned, securely tighten all bolts on the headboard, footboard, and side rails.
6. **Install Slatted Base:** Insert the individual wooden slats into the designated slat holders on the side rails and center support beam. Ensure each slat is securely seated.

Figure 4.2: Detail of the wooden bed post and the metal frame connection, showing the slatted base structure. This highlights the robust construction and how the slats are supported.

Figure 4.3: A collage of detailed views illustrating the various connection points and slat attachment mechanisms within the bed frame. This provides a closer look at the hardware and how components fit together.

Figure 4.4: A perspective view showing the elegant metal headboard design and the fully installed wooden slatted base, ready to support a mattress.

Figure 4.5: A close-up image focusing on the curved metal bars that form the headboard, showcasing the design and finish of the metalwork.

5. Usage

- Place your mattress directly onto the slatted base. No box spring is required.
- Ensure the bed frame is placed on a level surface to prevent wobbling and ensure stability.
- Avoid placing excessive weight on any single point of the bed frame or slatted base.

6. Maintenance

- **Cleaning:** Wipe the metal and wooden surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as they may damage the finish.
- **Regular Checks:** Periodically inspect all bolts and connections to ensure they are tight. Loose connections can lead to instability and noise. Retighten as needed.

- **Slatted Base:** Check the wooden slats for any signs of damage or wear. Replace any broken slats immediately to maintain proper mattress support.
- **Moving the Bed:** When moving the bed frame, lift it rather than dragging it to prevent damage to the frame and your flooring.

7. Troubleshooting

- **Squeaking Noises:** Squeaking often indicates loose connections. Retighten all bolts and screws. Ensure the bed frame is on a level surface.
- **Instability/Wobbling:** Check that all components are correctly assembled and all bolts are fully tightened. Ensure the bed is on a flat, even floor.
- **Slats Falling Out:** Ensure the slats are correctly seated in their holders. If slats are damaged, they may need replacement.
- **Difficulty Assembling:** Review the assembly instructions carefully. Ensure you are using the correct hardware for each step. Do not force parts together.

8. Specifications

Brand:	Homestyle4u
Model Number:	Homestyle4u_766
Sleeping Surface:	160 x 200 cm
External Dimensions (L x W):	215 cm x 165 cm
Frame Height:	36 cm
Headboard Height:	90 cm
