6. Maintenance

The UpBright AC/DC Adapter requires minimal maintenance:

- Keep the adapter clean and free from dust. Use a soft, dry cloth for cleaning.
- Avoid bending or crimping the power cord excessively, as this can damage the internal wires.
- Store the adapter in a cool, dry place when not in use.

7. Troubleshooting

If you encounter issues with your adapter, consider the following:

- **Device not charging:** Ensure the adapter is securely plugged into both the wall outlet and your device. Try a different wall outlet.
- **Adapter feels hot:** It is normal for adapters to warm up during operation. However, if it becomes excessively

hot or emits a burning smell, unplug it immediately and discontinue use. This could indicate an issue with the adapter or the connected device.

- **Intermittent charging:** Check the cable for any visible damage or fraying. Ensure the connector is clean and free of debris.
- **Device not powering on:** Confirm that your device is compatible with a 5V DC input and that the adapter's output matches the device's requirements.
